

EECS 210 Fall 00
Homework #8
Due(in class) Friday 11/3/00
(The numbered problems are from your textbook).

1. Read Sections 6.1-6.3 in your textbook. You are not responsible for sections 6.4 and 6.5. Read Sections 9.1-9.9 in your textbook (skip the discussion on delta-to-wye transformations on pp. 433-437).
2. Problem 6.2
3. Problem 6.9
4. Problem 6.14
5. Problem 6.15
6. Problem 6.19
7. Problem 6.20
8. Problem 6.24
9. Problem 6.26 (in parts f and g you are to find the answer when $t = \text{infinity}$).
