EECS 470 Lab Sign Off Sheet

Print this sheet and bring it to lab. After you get your instructor's check-off, take a picture of your instructor's signature and upload it to Gradescope. You will NOT get credits for the lab if you don't submit to gradescope on time. If you've lost the sheet, print a new one and bring it to the lab.

If you meet your instructor remotely, they will instead send you a randomized 5-digit code. Take a screenshot of that code and submit it to Gradescope as your lab sign off instead.
