**Hiring Student with experience in SQL for UMSI**

The University of Michigan School of Information (UMSI) is currently building courses for their new Masters of Applied Data Science (online) Degree Program, which will launch in Fall 2019. As part of the development process, UMSI is looking for a student comfortable with sql, mysql, pandas, and nosql-e.g. mongo to assist for 10-15 hours a week in the development of a short course on SQL & Databases, and available for immediate hire. The pay-rate for this position is 20$/hour. The student is expected to help evaluate and improve assignments created by a faculty member, provide feedback on lecture materials, potentially assist in the development of automatic tests for course assignments, and assist in other course development tasks as time permits. If interested, please apply to the position [here](#).
