

Reading Training: Week 9

Reading Training: EECS 183 Transfer Training Study

Today's Agenda

- Weekly Diary: <https://forms.gle/CDtjEX1gET2zWxR6A> (5 min)
- Ice Breakers: (5 minutes)
 - This is a bit harder to do these days, but go ahead and type in the chat box what your favorite animal is
- **Workbook Warmup:**
 - Individually do pages 95-110 (**20 min - get as far as you can in this time!**)
 - If you don't have a workbook: workbook link to print (or write answers on a separate paper): <https://drive.google.com/file/d/1HHQjGfJguZt5KfgQZ6n6uYOYOJT2cajz/view?usp=sharing>
 - Send pictures of pages: X, Y, and Z (TBD at end) to (cserena@umich.edu) annieli@umich.edu
- **Vocabulary:** No new vocabulary today! Instead, we will be testing our knowledge of the words we have learned this semester!
 - Take the quiz at <https://forms.gle/TgTclswjoWQQPRwb9> : For each one, write your best guess of a definition for the word. If you are having trouble defining a word, try writing it in a sentence or move on to the next one! Write done in the chat when you have finished (**20 min**)
 - This quiz may take a while - **please don't use any external aids while taking the quiz.** It is totally ok if you don't know the answer to some of the words - just do your best!
- **Check Vocabulary Quiz Answers: (5 min)**
 - When done, use the response receipt emailed to you to go through the correct answers. The flashcards with the correct definitions can be found at https://quizlet.com/_87gqpn?x=1qqt&i=2q9m23. **Go ahead and email how many you got right!**

Today's Agenda

This half is a little different! We will start with some overall review of how to read a scientific paper, and then we will answer a couple of questionnaires about the study as a whole

- Congratulations! Today is the last training session. **There is only one more session next week, which is the post-test!!**
- If we were meeting in person, we would have a group discussion summarizing what we have learned. As this is not possible, we will be writing up some short individual reflections and then posting one comment or question in the chat.
- Take the next ten-fifteen minutes to type up the answers to the following questions: **(10-15 min)**
 - <https://forms.gle/ahsDR8TQf5N8JmVx6>
 - This contains both reflections on the course but also some general questions about your experience in EECS 183
 - Please do your best to answer the short-answer responses in as much detail as you can / is necessary
 - Note, however, that all questions are optional: If you don't feel comfortable answering a question, feel free to leave it blank
- When done, please post either a comment or question about the course in the chat. We will use these comments to start a virtual / chat based discussion about the course **(5 min)**
- **Next week is the last session! You will be getting an email between now and next week confirming your attendance during the second half of the study and providing details on payment logistics!**
- **See you at the post test!!!!**
