Basic - Conclusion

EECS 201 Winter 2026

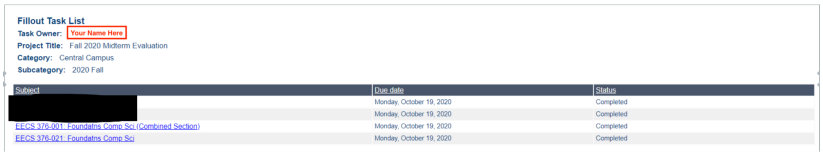

Submission Instructions

This assignment is an "online assignment" on Gradescope, where you will fill out a text field.

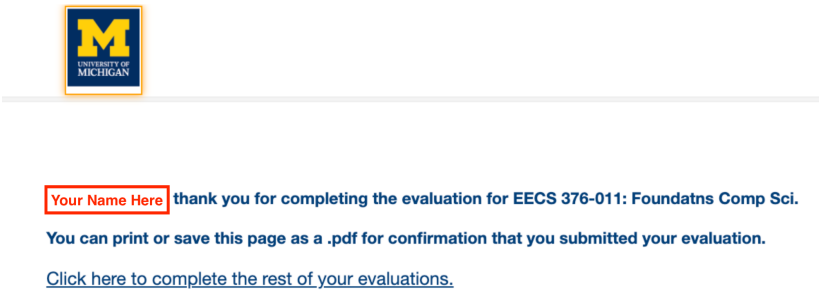

1 How did the course go?

We very much would like to make EECS 201 better in the future, and your feedback helps us figure out what's working and what needs improving. Fill out the course evaluations for both lecture and lab through Canvas using the "Teaching Evaluations" tab. Take a screenshot showing that you completed them. Make sure it shows both your name and the course number. Here are some examples of what is acceptable from a previous semester of EECS 376.

2 How are you doing personally?

I know that you might've had a rough semester. Write a paragraph or two (or more) about your experience during this semester. Feel free to vent about this semester, your classes (including this one), current events, or whatever else is on your mind.
