Internship Planning for Domestic Graduate Students

Please note the following:
- Student must be in good academic and financial standing
- It is the responsibility of the student and their advisor to determine how tuition, insurance premiums, and any potential stipend will be paid prior to the start of the internship
- Health insurance is not required; if, however, you were a GSRA during the academic year, then your coverage may be active through the Spring/Summer
- Financial assistance may be available to help defray the cost of tuition

Fill out CSE Internship Notification Form

When do you plan to be away on internship?
- Fall and/or Winter
- Spring/Summer
