Temporarily on 146.96 (ARROW Freq.) or via EchoLink Node 301158 (W8UM-R)

W8UM Amateur Radio Club Meeting Agenda for Thursday, March 16, 2017
Time / Location: 6:30 pm. Room 1003 of the EECS Bldg., 1301 Beal Ave.

Presenter: Kit Ng, N9KIT
Title: Defining Software Defined Radio

Abstract: Software defined radio are now packaged commercially and are poised to replace traditional rigs. However, the software in these commercial rigs is generally kept well hidden, leaving the market with disappointed experimenters. The RTL-SDR is an exception to this SDR model. It is an inexpensive USB device (plugs into your computer) that allows for amateurs to experiment with their own signal processing and application development. Many useful (and free!) programs are available to make use of this hardware, so the RTL-SDR can be enjoyed by those with less interest in the software. This presentation serves as a guide to the selection of SDR hardware and software, the why's and how's in setting the software up, and exploring the various applications the community has developed for the RTL-SDR.

1. President's Welcome
2. Treasurer's Report
3. Station Manager's Report

Treasurer's Report:

Balance (02/16/2017):	$	4481.94
Revenues: (Jan)	$	343.00
Donations (cash):	$	
Expenses: (Jan)	$	
Balance (03/13/2017):	$	4824.94

Station Manager's Report:

Radio's:	TS590/FT1000D/IC910/IC746/APRS/FT8800
Antenna's:	**80M**, G5RV, Satellite, **SteppIR**, Vert, Disc
QSO's (mo):	Jan 69 Feb 91
QSO's (yr):	2015 2016 2017
QSO's (#)	3178 2596 160

4. Prior Business / News:
   a. Hallicrafters SX-28A restoration project; Steve Sostrom, et al.
   b. Temporary EchoLink node, via the ARROW repeater, for the Sunday Net.
   c. ARRL Test Sessions; 2nd Saturday of each month at the Washtenaw County Red Cross Bldg. Contact AAROW Comm.
   d. SteppIR non-functional until further notice, unable to tune. Loss of coax continuity at 81" from shack.
