VOL. XIV. ANN ARBOR, MICH., SATURDAY, OCTOBER 31, 1903. No. 29

U. OF M'S. MEET TODAY.

Championship of West Will Be Settled —Michigan Team In Perfect Condition—No Stock Taken In Minnesota's "Bear" Stories.

The game is called at Minneapolis at 2 p. m., central standard time, which is the same as the time here.

University Hall will be opened at half past one. No reports will be received uptil after two.

This statement is made to correct an erroneous impression that the game will be called earlier.

C. H. PATTINGILL.

The situation in Ann Arbor this morning is almost painful in its intensity. Every eye is turned toward Northrop Field, and as the reports of the great game are read to the immense crowds which will throng University Hall and the Armory, the enthusiasm will know no bounds. That Michigan will win no loyal student now doubts. Reports from Minnesota show that their confidence is fast waning, and Michigan stock is rising by leaps and bounds.

The team made the journey without accident, and will line up in perfect condition. Reports from Chicago indicate that the football critics who are conversant with the Chicago, Northwestern and Illinois teams were astounded by the work of the Wolverines. One of them writes as follows:

The team came in over the Michigan Central, and getting off the train at the Hyde Park station, went at once to the Chicago Beach Hotel. After putting on their togs the men were taken out on the lake front and given a forty minute signal practice.

Judging from the manner in which the team worked, the most impartial onlooker must have been compelled to say that things looked dark for Minnesota. Like Yost's scoring machines of other years, the 1903 eleven looked to be a perfect football team. Well balanced from end to end in the line and in all the positions of the back field, with speed as its chief characteristic, with strength no less apparent, the Michigan team yesterday afternoon looked worthy to be called a championship eleven.

The charging of the line in the signal practice was phenomenal. Hardly would Quarterback Norcross or James —both were used—put forward his hands to receive the ball from the center before the stalwart linemen were plunging forward toward where their opponents in a game would be. The speed of the team as a whole was wonderful. The plays are run through serially, that is, the quarter at one calling of the numbers gives the signals for three or four plays. The team lines up quickly, and, knowing the next play without waiting for other signals to be called, can outcharge its opponents almost every time. In team-work, knowledge of signals, quick execution of plays, there was not a hitch. The men were all in the best of temper, not over-confident, but each with a pretty settled determination that Michigan would humble Minnesota today.

When Yost was asked if his team would defeat the Gophers, he smiled that infectious smile of his, and said: "That's just what we're going up there for. Our men are in perfect shape, ready to play to the limit, and if we are defeated it will be because Minnesota has the better team. We shall have no excuses to offer. I look upon this game as of the same importance as the Wisconsin game last year. If we win on Saturday I believe we shall have no trouble in winning the rest of the games on our schedule. I don't take any stock in the bear stories from Minnesota. I expect Minnesota to have in its best team and I expect that team to be doing business all the time."

Captain Redden, when asked what he thought of the outlook for the game, said: "I think we shall win. Our men are all in tip top shape, Heston included, and we will have nothing to offer as an excuse in case we are beaten. I don't believe we shall be beaten, though. In regard to the

(Continued on Page Four.)

HIGH SCHOOL GAME TODAY.

In the interscholastic contest for the championship of Lower Michigan only six teams remain unbeaten. They are Benton Harbor, Muskegon, Mt. Pleasant, Alpena, Ann Arbor and Lansing. These six play off today, and the High School students of the state will be intensely interested in the results.

The game between Ann Arbor and Lansing will be played at the Fair Grounds at 10 o'clock today. The High School had hoped to secure Ferry Field but did not succeed. The Fair Grounds can be easily reached by the street cars, and as this is one of the best High School games of the season it is hoped that there will be a large attendance. Ann Arbor has shown plenty of spirit as far as its college team is concerned, and now, today, when there is no big game here, it seems that the University men ought to turn out and shout for the High School team.

JUNIOR LIT MEETING.

The Junior Literary class met in room C, University Hall Thursday afternoon and transacted several matters of business.

The class decided to attend the Wisconsin game in a body and help in the rooting.

The president, Edwin J. Kenny, appointed the following committees for the year:

Social, Cook, chairman, J. S. Baley, C. E. Parry, Herbert Clarke, Fritz Miller. Souvenir, Winkler, chairman Jones, Campbell, Hunt, Jayne. Athletic and finance, Viger, Stewart, Minor, Lewis, Norton, Chubb. Yell committee, Holderman, Hull, Sidney Miller, Armstrong, Roberts.

The president appointed Hugo Sonnenschein to represent the class on the oratorical board.

COLLEGE FOOTBALL NOT DANGEROUS.

About one college man in ten plays football, the proportion of men playing seems to be slightly decreasing; about one player in thirty-five is sufficiently injured to necessitate loss of time from college duties. The number of college students who are permanently injured, or die from the effects of the game is so small as to be practically a negligible quantity. College football is adequately supervised in nearly all the institutions. The opinions of college officers regarding the value of the game are roughly, 17-1 in favor of it.

Accident insurance statistics would lead us to believe that many other forms of sport are more dangerous than football. In the October number of the Michigan Alumnus is the following summarization of an article by Prof. Edwin Dexter, of Illinois, on the number of accidents in football, compared with the number of men engaged. The original article appeared in the April number of the Educational Review. It covers fourteen pages.

ALL-FRESH VS. '06 ENG.

The All-Fresh football team will line up this morning with the '06 Engineers on Ferry field at 10:30 o'clock. The All-Fresh eleven has done work this year which speaks for itself, in holding the Albion College to a 0 to 0 game, and the Michigan Agricultural College to a low score. The M. A. C. squad is the fastest on the state interscholastic gridiron.

The '06 Engineers, although merely a class team, have a squad which is about as fast as anything on the Campus, and will probably be in the finals this year.

The team is made up of men who have all had considerable training. Seven of the men who played on last year's All-Fresh team have places on this eleven.

The game this morning will be played on the regular field and will be free.

ART CRITICS' CLUB.

At the desire of several of the students in Professor Scott's Course 7—Interpretation of Literature and Art—a club was formed at the home of Prof. F. N. Scott, 1351 Washtenaw avenue, one evening this week with 14 charter members. The aim of the club is to broaden out and to delve deeper into this branch of their work. The club will meet fortnightly at the homes of the members. At these meetings one person brings in a short poem or story, considered by him or her especially excellent. This production will then be defended on its merits against the combined criticisms of the other members. This is a new innovation from the regular literary society work, and that it will be a success is evidenced from the enthusiasm with which it has been taken up. Following are the members: Mrs. Parsons, the Misses Huber, Cleveland, Hoffman, Phillips, Stratton Townley, Weed; the Messrs. Russell, Brumm, Aorris, Morrlarity, Clippinger, Kirk. The next meeting will be held Thursday, November 12.

Souvenir Daily

IN

YELLOW and BLUE

Extra Edition

WITH FULL ACCOUNT of the GAME, Write-up of the Team, statistics, etc.

ON SALE on Streets and at State Street Stores, 6 p. m. today. Edition limited to 1500.

OBSERVE OLD-TIME CUSTOMS.

An immense crowd attended the Hallowe'en party given at Newberry Hall last night. The evening was spent in observing the customs of old times incident to the occasion. The refreshments were also characteristic of a Hallowe'en celebration. The success of this affair ensures much for the S. C. A. for the coming year.

THE HAMILTON ORATORICAL CONTEST.

Orations for the Hamilton contest must be in the hands of Mr. Galloway, secretary of the Oratorical Association, or Professor Trueblood by Monday, Nov. 2, at 12 o'clock noon. Contestants must hand in three typewritten copies of their speeches.

CHOP SUEY FOR 400.

Dave Willits celebrated the formal opening of his new cafe last night by serving the famous Chinese dish of chop suey to about 400 students free. The dish, which is new to most Ann Arborites, met with instant approval, and will in the future be one of the popular demands.

MINNESOTA RETURNS.

Telephone And Telegraph Descriptions Arranged For—Athletic Association's Arrangements at University Hall.

At a large expense to the Athletic Association arrangements have been made to receive the most complete reports of the game during its progress. At University Ha.. there will be a special long distance telephone wire with one end at Northrop Field, overlooking the game, and the other on the platform at the hall. As each play is made it is talked over the wire and a ball moved accordingly on a large map of the field, thus showing the position of the ball at every moment of play. Arrangements are being made to have the U. of M. Band present, and Professor Stanley will be there to lead the singing.

At the Armory reports will come in over special telegraph wire, coming directly from the field. As at University Hall there will be a map of the field and the position of the ball shown.

As this is the very next best thing to seeing the game itself, everybody ought to turn out to one of the two places and sing and root as if you were actually at the game. Reports of line-up, crowd, etc., will start coming before 2, so it is well to be on hand early. An admission of 25 cents will be charged.

FELLOWSHIPS IN ARCHAEOLOGY.

The Archaeological Institute of America has sent out the following announcement of felowships at the schools in Athens, Rome, and Palestine in 1904-05.

"Five or more fellowships will be awarded for the year 1904-1905; two in Greek archaeology, each with a stipend of six hundred dollars, at the American School of Classical Studies at Athens; one or two in Roman Classical Archaeology, each with a stipend of six hundred dollars, and probably one for the study of Christian Archaeology, with a stipend o. ave hundred dollars, at the American School of Classical Students in Rome; and one, with a stipend of six hundred dollars, at the American School for Oriental Study and Research in Palestine.

"These fellowships are awarded chiefly on the basis of competitive written examinations. A fellow in Classical Archaeology, however, who applies for reappointment in either the school at Athens or the school in Rome, may be exempted, at the discretion of the Committee on Fellowships, from taking the examinations a second time, and may be reappointed on the recommendation of the Director and the professors of the school; but not more than one such reappointment may be made in any year, and no fellowship may be held for more than two years.

"The examinationss for fellowships at the schools in Athens, Rome, and Palestine, will be held at any of the universities or colleges represented on the Managing Committee of one of the three schools, on March 14, 15, and 16, 1904.

"Candidates must announce in writing their desire to take the examinations, and this announcement must be in the hands of the appropriate chairman by February 1, 1904. On receipt of it, a blank form of application will be sent to the candidate to be filled out and returned to the chairman by February 15."

WELCOMED ALONG THE ROUTE.

Th newspapers published in the cities west of here, on the Michigan Central, announce that the Michigan team and supporters were given a pleasant reception. Crowds turned out at Jackson, Battle Creek and Kalamazoo to welcome the team which they call "ours," and to wish them the luck to give the Minnesota a bad defeat. Yost and Fitzpatrick must have been kept busy answering questions from the time they left here until they reached Minneapolis, judging from the interviews in various papers.
