Reliable Business Men

Vol. XXII. ANN ARBOR, MICHIGAN, SATURDAY, NOVEMBER 4, 1911. No. 28.

SHIFTED TEAM TO ENCOUNTER SALT CITY MEN

Syracuse Delayed Ten Hours by Wreck, Arrived Yesterday in Detroit in Excellent Trim for Game.

CRAIG WILL GO IN AT QUARTER.

Game Will Be Started at 2:00 Instead of at 2:30 as in Former Games.

This afternoon on Ferry Field Michigan metts her first eastern foe of the 1911 schedule and the first chance will be afforded to see the re-formed Wolverines in action. Since the injury to McMillan the coaches have taken no chances with the remaining material so the game with the Methodists marks the first opposition that the shifted westerners have encountered. Contrary to general reports the men from the salt city are confident.

The visitors reached Detroit yesterday afternoon over ten hours late as while jogging along at about a 45 mile an hour clip near Rochester, New York, the special Pullman bearing the players was derailed. The car bumped along on the ties till the train could be stopped and then was held up till the wrecking crew had done its duty. According to the report of some of the members of the team the deep snow that is plastered over the state of New York did not add anything to the pleasure of the occasion as the heating arrangements had been badly upset as had the players who were in some instances thrown from their berths by the jars. No one was injured in the mix up and the Methodists will be over here this afternoon fighting just as hard as did the St. Louis Cards before their little experience with a train wreck.

Secret Signal Practice Again.

There was a sort of secret signal practice yesterday afternoon at Ferry Field but it was not till the time for work was well over that the photographers and ushers had gotten through their stunts. The main thing that happened all afternoon was the appearance of "Jimmy" Craig in uniform. He was sent in at quarter in place of Picard who had been running the team all week since McMillan's injury and from this it is plain that Craig will start the game at the position. This means that Torbet will play left half and Garrels will be on the end of the line. Picard however will be given a chance for part of the game at least and he may play the most of the session as there is no telling how long Craig's ankle will hold out. It is still weak and a hard knock in the right place will finish him again. Herschel Smith who was pulled over from the Reserves this week was given a trial at right end and if the game looks to be on ice he will probably be sent in. The coaches have never seen him work out in a real set to and they want to know whats what. He ought to show them as he has fought his way into the varsity squad; as a line plunger only Thomson and Wells have it on him.

Huebel was also out and ready for the first time this week. His side is in fair shape now but he will hardly be used in the game unless he is needed as his condition is not anything to brag about. He ought to make some competition in the backfield though if Craig is kept at quarter as he is speedy and a great little dodger.

The Squad Shows up Strong.

The squad looked well in the signal drill but there is no telling how the new combination will work in a game. It ought to go along in good shape but you never can tell. The speed that the men showed tonight and the snap that they were putting in the work was

(Continued on Page 4.)

The Men Who Face Syracuse Will Be Picked From This Group

MICHIGAN'S GRIDIRON WARRIORS.

These players compose the Michigan football squad, both Varsity and Reserves. "Shorty" McMillan is not in the picture.

WESTERNERS NAME GUESTS IN TELEGRAM

Alumni of Omaha, Des Moines and Sioux City Demand that Dr. Angell and Prof. Knowlton be at Banquet.

KNOWLTON ACCEPTS INVITATION.

Michigan Grads Have Reserved 100 Seats for Rooting Section For Nov. 25.

"Alumni of Omaha, Des Moines, Sioux City, and intermediate territory demand the presence of President Angell and Prof. Knowlton as our guests at banquet after game Nov. 25. We will not take no for an answer."

Such was the telegram received by Prof. Victor McLucas, of the law department, Thursday. It came from J. P. Palmer of the Missouri Valley Alumni Association and was sent to Prof. McLucas as a former member of that body. It is deemed inadvisable for Dr. Angell to undertake such a trip at this time so he was compelled to decline. Prof. Knowlton promptly accepted and will make the trip to represent the faculty of the university, not only as a guest of honor at the banquet, but also as rooter at the game between the Wolverines and the Cornhuskers.

The western alumni have reserved 100 seats on the Michigan side of the field and will be very much in evidence at the game. The banquet which will follow in the evening will be an informal celebration of considerable proportions. The local alumni association will act as host to the football team and 200 visiting alumni.

ENGINEERS AND LITS WILL MEET IN SEMI-FINAL GAME.

The drawing to decide the semi-final game of the inter-class football series held yesterday afternoon resulted in a game to be played between the senior engineers and the junior lits this morning at 9:30. The officials will be: Murphy, referee; Sessions, umpire; and Carpenter, field judge. The loser of this contest will play the junior laws Tuesday afternoon. The final game of the series will be played one week from today.

JUST EIGHT WANT PRESIDENCY.

Maybe More will be in Race for Fresh Law Offices.

The 1914 law class met yesterday afternoon for the first time to nominate officers for the year, Secretary Goddard acting as chairman. Student Councilman Burge presented parts of the constitution, which is in preparation, relating to nominations and elections and the sections were adopted and the nominations held under the rules prescribed. The following candidates were presented to be voted upon at the election which will be held in Room B Saturday morning, November 11: president—T. F. McCoy, H. K. Curtis, H. P. Seeborg, M. Moffett, G. L. Buck, E. W. Hallip, A. Buckner, R. A. Pugh; vice-president—C. B. Quaintance, G. Parsons, E. M. Sharp, J. R. Callahan, W. C. Gabriel; secretary—N. J. Gould, S. L. Adelsdorf, V. B. Tupper; treasurer—J. B. Myers, O. H. Benninghof, Joe Black, C. W. Johnson; sergeant-at-arms—M. Cramar H. C. Chappell, Rousseffer; oratorical delegate—Potts, J. E. Staley, C. F. Phillips, S. S. Gromer; football manager, W. P. Leland, G. S. Johnson, B. M. Culiette; basketball manager—H. W. Jones G. M. Standard, S. M. Phinney; track manager—E. O. West, A. Hannon; baseball manager—R. C. McLaughlin, S. D. Collins, J. T. Witherow, C. Labadie.

Nominees whose names are not on this list neglected to hand their names in after the nominations. These names will be placed on the ballots if they are turned in to C. A. Lorenzo at 418 Thompson.

"TEMPORA! MORES!" SHE WRITES

"Yet Unsung" Takes Umbrage at Anti-Fusser Philosophy in Communication.

(The Daily assumes no responsibility for sentiments expressed in communications.)

Editor, The Michigan Daily:

The following is a query that arose in my mind after reading the article in today's Daily, entitled, "Girls are cause of poor rooting."

"O! Tempora, O! Mores;" Can it be, oh! ye gods, that we co-eds have become so dazzling that mere man must needs escort us to games, and thereby ruin the fair reputation of our University as regards cheering?

Poor, weak, sinful, man—we must restrain him, instruct him not to dangle about our footsteps at games—but watch our fascinating charms from his position on the north stand.

From one who, unlike "Still Free" has not been stung.

"Chink" Myser is Back for Game.

Harry G. Myser, '11, a former member of the Daily staff, is in town to witness the game today. "Chink" is engaged in teaching school at Ithaca, Michigan this year.

Union Will Post Football Returns.

Arrangements have been made by the management of the Michigan Union to have the results of all the football games posted in the rooms of the Union early this afternoon.

TO DECIDE STAND ON BAND QUESTION

Student Council to Determine Action it Will Take on Cornell Trip

MEETING CALLED FOR TODAY.

The Student Council will meet this afternoon at the Union at 1:15 o'clock for the purpose of determining what action is to be taken in regard to the proposed trip of the band to Cornell. The campaign for funds for this purpose last year was under the direction of the Council but what plan is to be followed this year has not yet been decided. It is requested that the different class presidents confer with their representatives on the Council some time this morning and assist them in determining the attitude of the respective classes on the matter.

Foresters to Hold Annual Campfire.

Beefsteak, roast potatoes, cider, etc., await the foresters at Cascade Glen tonight on the occasion of their annual campfire. Talks will be given by members of the forestry faculty and the men who were in the field the past summer. The woodsmen will gather at room 401, N. W., at 7 o'clock and proceed in a body to the glen.

ALUMNUS '89 TO BE CHANGELLOR

Dr. E. E. Brown Will be Installed at New York University on November 9.

TAUGHT HERE FOR TWO YEARS.

Elmer Ellsworth Brown, '89, will be inaugurated as Chancellor of New York University on November 9. President Hutchins will go to New York the first of next week to be present at the ceremonies.

Mr. Brown graduated from this university in 1889, and received a doctor's degree here the following year. For two years after this he was an instructor of education in the university. Later he became a member of the faculty of the University of California, and then United States Commissioner of Education, which office he has just resigned to accept the chancellorship of New York University.

League Will Sell Home Made Candy.

The first of two candy sales which are to be given by the Women's league will start this morning at 9 o'clock in the corridor of University hall. Only homemade candies will be sold. The second sale will be held at the time of the Pennsylvania game on November 18.

MEMBER LIST IS ON BOOST.

Union "House-to-House" Campaign Starts off With Jump.

Michigan Union membership figures received a big boost yesterday as a result of the inauguration of an extensive house-to-house campaign for members. The committee in charge, composed of 45 men, has instituted a thorough canvass of all the university men, and a total membership of 1,500 is expected as a result of the campaign, which will close Sunday evening.

"Our membership campaign has received a substantial start as a consequence of this evening's efforts," said General Chairman Robert Tipping, when seen last night. "We expect to give every man in school a chance to join the Union by Sunday evening."

Bulletins explaining the Michigan Union project were distributed about the campus yesterday.

Cosmopolitan Club Elects Officers.

P. W. Welsh, of Scotland, was elected president of the Cosmopolitan club for the ensuing year at a meeting held last night. Other officers elected were J. A. Bonilla, associate editor; and C. A. Conley, business editor. An address was delivered by Mr. Weang of China dealing with the present crisis in that country. The society has arranged a complete program for the entire year to embrace subjects dealing with conditions in every country represented in the club. An address will be given every two weeks.

Town Talk

With preparations under way to secure news by wireless and the problem confronting us of whether to send the Athletic Editor, the engineering reporter, or a medic to cover the flights and falls of our own aviators we are beginning to feel truly metropolitan.

And now comes news that o. s. "Benny" Benbrook, is officiating at football games in Wisconsin. The report does not mention any attempts to "mob the umpire."

When you find the man that howls loudest against the hand's rapacity, ask him whether he paid a copper or a "nick" for his tag last year.

Now it is that "us" who pose as having artistic temperaments must hie ourselves to Memorial hall and stride about knowingly with Robinson catalogue in hand.

It may interest some of us to know that the prune crop is 3,000,000 lbs. short this year.

Eternal Feminine to Invade Shops.

Two women have received degrees from the Engineering department of the university and still another is now a junior, but up to date the unpretentious quarters of the wood and forge shops have not been graced by a lady's presence. That this state of affairs will soon be dispelled is apparent from the statement of Miss Hazel I. Quick, who enrolled just this year in the civil engineering course, that she will enter the forge and pattern shops this winter. Miss Quick sees no reason why she should not take up this work and next semester she intends to follow out her inclinations.

As for this "Still Free" person Ye Ed wishes to illuminate his own opinion that these girls can yell and since last Saturday he has been wearing cotton in his left ear which he will be pleased to exhibit as evidence that they do.

For the benefit of those who depend upon this page for their sporting intelligence we hasten to record that our own Prof. Yost, Head of the Department of Football and Applied Kicking, is traveling in an easterly direction. We suspect that he will obtain some definite information concerning the present habits of the Quakers which may prove of some slight service on the afternoon of Nov. 18. It is our own eccentric notion that Prof. Yost can see more in a football game than any other ten and we suspect that he won't be admiring the pretty striped awning on top of the press box at Franklin Field tomorrow.
