A PROMISE AND ACCEPTANCE PRESUPPOSES FULFILLMENT

Vol. XXIV, No. 9. ANN ARBOR, MICHIGAN, THURSDAY, OCTOBER 9, 1913. PRICE FIVE CENTS

PASSES HELP VARSITY WIN PRACTICE TILT

Lyons Stars at Receiving Forward Tosses, and Regulars Easily Triumph Over Freshmen and the Scrubs.

TWO SCORES RESULT FROM HEAVES OF REGULAR BACKS

Scrubs Twice Took Ball on Their Own Five Yard Line After Holding Regulars.

Forward passing featured the 25 to 0 Varsity victory over the All-Fresh and scrubs yesterday afternoon, three perfect heaves being launched by the regulars.

Lyons was on the connecting end of the basketball plays, and although he missed one of them, the other two resulted in touchdowns. Lyons went over for one of the scores, and carried the other pass to the five yard line.

Tries First Pass.

Hughitt launched the first pass, while Benton tossed the others, one of which was for 25 yards, with Lyons adding fifteen more before he was caught. The stands applauded the open work, as the Varsity has rarely used the forward pass successfully this fall.

It was practically an entirely new line-up of youngsters which Coach Douglas marshalled forth to open the tussle. While yesterday's eleven did not prove to be as strong as the Tuesday aggregation, many of the youngsters showed considerable ability, and the Varsity was held to two scores.

A forward pass, Hughitt to Lyons, netted the first counter, and another should have been made, but Lyons dropped Benton's toss. After that the freshmen settled down till well along in the second quarter, when the Varsity again got under way.

Catlett in Run.

Catlett reeled off twenty-five yards, and Hughitt dodged through the line for ten more. Gault then wriggled across the last six for a score, but with Captain Paterson out of the line-up the Varsity failed to get the after points regularly.

The scrubs were brought on for the entertainment in the second half, and for a while held the Varsity at bay. Bentley opened the half with a forty yard return of Davidson's kick-off, and the Varsity then steadily carried the ball down the field.

Under the shadow of their goal the scrubs rallied, however, and took the ball away from the Varsity down on their four yard line.

Varsity Works Hard.

Davidson punted out safely, but the Varsity soon worked the ball back down to the goal line. As before the scrubs held, and for three downs the Varsity failed to gain the last few yards.

With the ball on the five yard line for the fourth down and a yard to go Traphagen accidentally raised the ball from the ground, and the referee gave it to the scrubs, the Varsity failing to score in the third quarter.

In the last quarter, however, the regulars scored twice, Lyons going over for a tally, and later carrying a forward pass to the five yard line, Bentley taking it across on the next play.

Stay Through Game.

Traphagen at center, Musser at left tackle and Lyons at right end were the only men to stay in for the regulars during the full session.

The Varsity lined up as follows, the substitutions being made at the beginning of the second half: Watson, Torbet, l. e.; Musser, l. t.; Lichtner, Raynsford, l. g.; Traphagen, c.; Scott, Melfale, r. g.; Pontius, Millard, r. t.; Lyons, r. e.; Hughitt, Gault, q.; Catlett, Roehm, l. h.; Benton, Quinn, r. h.; Gault, Bentley, r. h.

The All-Fresh started the game as follows: Graven, l. e.; Peterson, l. t.; Nieman, l. g.; C. C. Skinner, c.; Rober, r. g.; Rowan, r. t.; James, r. e.; Hubel, q.; Zewadski, l. h.; Dratz, r. h.; Calvin, r. h.

The scrubs lined up as follows at the start of the second half: Staats, l. e.; Crossman, l. t.; Rose, l. g.; Peterson, c.; Griswold, r. g.; Dorrance, r. t.; Wells, r. e.; Myers, q., Cohan, l. h.; Davidson, r. h.; Warner, r. h.

Dreaded Bluebooks Soon to Be Ready.

While students are gay and frolicsome, their doom is preparing at the Ann Arbor Press, where the first consignment of bluebooks is being turned out. Each year's supply totals about 200,000, printed at intervals throughout the year.

LITS LEAD ALL IN MEMBERSHIP RACE

Of the 2,278 members who had signed up in the Union enrollment book yesterday, 879 were lits, giving the literary department a lead of 291 over its nearest rival, the engineering department, in the race for the largest number of members. Among the individual classes the fresh lits lead easily with 375, while their sophomore rivals in the same department are second with 219; the fresh engineers running a close third with 228.

Following the engineering department with its 712 members, comes the law department, furnishing a poor third with 267, the Dents taking fourth place with 63, the Medics next with only 58. The homeops have 25 and the Pharmics 23. Seventy-three members of the faculty are on the list thus far, with 23 post-graduates, 13 specials and 28 garduates.

The number of members by classes and departments follows:

Lits—'14, 184; '15, 206; '16, 230; '17, 375; total, 979.

Engineers—'14, 144; '15, 161; '16, 179; '17, 228; total, 712.

Laws—'14, 32; '15, 61; '16, 114; total, 267.

Dents—'14, 25; '15, 25; '16, 32; total, 63.

Medics—'14, 10; '15, 10; '16, 19; '17, 19; total, 58.

Pharmics—'14, 9; '15, '11; '16, 9; '17, 3; total, 32.

Homeops—'14, 11; '15, 10; '16, 3; '17, 1; total, 25.

Faculty—73.

Post-Graduates, Graduates, Specials, 13.

Grand Total, 2292.

WENLEY PREPARING BOOK ON LIFE OF FORMER PROFESSOR

"The Life and work of George S. Morris," is the subject of a work that Professor R. M. Wenley is at present engaged in writing. Mr. Morris was a colleague of Professor Wenley's in the university, being Professor of Modern Languages from 1870 to 1879, and Professor of Philosophy from 1881 to 1899. The greater part of Professor Morris' philosophical library is in the Morris Seminary room of University Hall, important additions being made to it in 1912-1913, through the generosity of Mrs. Morris.

ORATORICAL ASSOCIATION PROSPECTS LOOK BRIGHT.

With as many tickets sold now as were all last year, the Oratorical association is having the most successful season. About 600 tickets have been sold, and the goal of 1,000 tickets sold will soon be reached.

The right to take part in all the affairs of the association is granted to the holders of the ticket. All students who take part in any public oratorical contest or debate must be members of the association.

Season tickets which sell for $1.00 can be obtained from student ticket sellers or at Wahr's bookstore.

WILL CARRY ON WIRELESS TESTS

Prof. Taylor, of University of South Dakota, Will Co-operate During Trials.

APPARATUS BEING MADE HERE.

Arrangements are being made for the university wireless station, under the direction of H. S. Shepard, operator, for the carrying on of a series of tests with the University of South Dakota, at Grand Forks, in which apparatus made in the local laboratories will be used.

The tests will commence in about three weeks when the machinery under construction at present will be ready for use. Similar tests were successfully carried on during summer school. Prof. Taylor, who will have charge of operations at the South Dakota institution, is an authority on wireless construction, having written several books on the subject.

The university wireless station is now operated as an experiment station with the right of carrying on commercial business, under a license secured from the United States government.

FRESHMEN MUST SIGN FOR PHYSICAL EXAMINATIONS.

Physical Director Stagg has announced that freshmen must report at the gymnasium and sign for their physical examination at once. Lockers must also be procured and as over 1,200 have been assigned already, first year students are advised to attend to this matter at once. Students are also cautioned not to forget appointments made for their examinations.

CLASS SQUADS IN INITIAL WORKOUT

Over a score of class football squads were taking light workouts on South Ferry field yesterday afternoon, beginning to get in shape for the interclass schedule which starts on October 20.

The schedule will be drawn up in a few days and published in time for the teams to prepare before their opening games. Director Rowe will have full charge of the games, and it is his plan to have each team given instructions in the fine points of the game by the members of his coaching class. Each team will be assigned to one of the men enrolled in the coaching class.

In former years the men getting out for the class teams had practically no conditioning, and as a result the hard work in the games has weakened them instead of building them up. It is the plan of Director Rowe to remedy this defect.

Former Campus Leader Now Married.

C. J. Agnews, '11, member of Michiamma and other campus organizations, married Miss Francis Gibbs of Rockford, Illinois, last September. Mr. Agnews is employed in a piano action factory in that city.

Forestry Club Holds First Meeting.

The Forestry club, the social organization of the Forestry department, held its first meeting last night at which seventy-five men were present.

Shoe Evangelist Will Save "Soles" In Pastures New

Tom Lovell, bard, philosopher, cobbler and Englishman, for six years one of the campus' unique institutions, no longer with lyrics will entertain his "byes." Railroad Jack, Tom's partner in fame and friendship, asserts this positively. The poet of State street is now manager of a shoe repair shop in Windsor, Canada, where he lived for a short time in 1907, until he saw Ann Arbor.

Financial stringency on Tom's part was responsible for his migration over the line where he saw better business. Also, according to F. L. Hall, owner of the quarters whence Tom held forth, the eccentric maker of verses and shoes believes he can think better outside of the atmosphere of the clamoring university and repair more shoes besides.

Study for the lecture platform under instructors at the Detroit Y. M. C. A. is now occupying part of Tom's time. A Detroit man in Ann Arbor several months ago assured the cobbler sage that as a lecturer, with a year's study, he would draw $50 for each engagement.

When Tom left Ann Arbor last June, it was vainly hoped that at the opening of the new university year he would return. But the hopes have proven vain.

GRAVEN SUFFERS LOSS OF MEMORY

All-Fresh End Sustains Injury in Clash With Varsity Team on Ferry Field.

NO SERIOUS RESULTS FEARED.

Carl Graven, left end on the All-Fresh, is now in the University Hospital suffering from the effects of a blow received in the game with the Varsity yesterday afternoon and which has left him with a partial loss of memory. Graven is a '17 lit and his home is in Jefferson, Iowa.

Dr. Frederick Waldron attended the young man last night and reported that he expects a complete recovery in the course of a few days.

It is not known when Graven received the injury which resulted in his apparent loss of memory. He continued the game, dressed at the field house and started for home with no one having guessed his condition.

A friend saw him wandering aimlessly on the streets and took him to his rooms at 226 South Thayer street. There Graven picked up letters which he had received several days ago and read them, avowing that he had never seen them before. Friends became alarmed and informed athletic officials, who sent Dr. Waldron to attend him. The physician ordered him taken to the hospital.

Union House Committee Appointed.

Selden Dickenson, president of the Michigan Union has named the following house committee: Edward Thurston, chairman, Prof. W. T. Fishleigh, Prof. William A. Frayer, Louis Haller, Karl Mohr, and Harold Abbott.

BARTON IS VICTIM OF OWN LAUGHING

Charles P. Barton, '14E, a member of last year's Varsity football team, while out on a surveying trip yesterday afternoon swallowed a small wire nail and was forced to go to the homeopathic hospital for treatment. His condition is not serious and he will probably be able to attend classes today.

The circumstances of the accident were peculiar. He had placed a few nails into his mouth, when someone in the party cracked a joke. Barton laughed and swallowed one of the nails. He was rushed to the hospital where doctors attended him.

To Represent Michigan at Inaugurals.

President Harry B. Hutchins appointed two former students yesterday to represent the University of Michigan at the presidential inaugurals at Wells College and Marietta College later in the month.

Dr. Arthur G. Beach, of the faculty of Marietta College, was designated to be present at the inauguration ceremony of George Wheeler Hinman as president of Marietta College, Ohio, on October 14. Prof. Louis M. Dennis, '85, of the Cornell University faculty, will represent the University of Michigan October 16 and 17 at the inauguration exercises at Wells College in Aurora, N. Y.

Result at second night last year	195

To Nominate Class Officers Friday.

Nominations of class officers for all except freshmen classes will take place tomorrow, instead of on Saturday, as decided by the student council in error Tuesday. Freshmen class nominations are scheduled for a week from Friday.

NEW MEN NEEDED AS CHEERLEADERS

As the number of tryouts for cheerleaders was disappointingly small at the Case game last Saturday, the student council committee which is in charge of the inauguration of the competitive system, is leaving no stone unturned in its effort to get more men out. Every senior is eligible, and all who have had any experience in leading cheers, or who have any thoughts at all of coming out, are urged to meet at the office of the athletic association Saturday, at 1:00 o'clock, wearing white trousers and sweaters.

The second ballot of the series of three, will be taken the next week at the M. A. C. Contest.

SEVENTY DISTANCE RUNNERS ARE NOW WORKING OUT DAILY

Squad of Distance Men Will Be Divided According to Speed Shown on Next Monday.

Captain Brown of the cross country team reports excellent progress with his squad of distance runners. Yesterday afternoon seventy men covered the two and one half mile jog.

The division into three squads will take place on Monday. About a dozen will constitute the fast squad with considerably more in the intermediate and slow divisions.

The sophomore class has contributed the greatest number of speed merchants to the cross country aggregation, a trio of members from this department displaying surprising speed and staying power. The first meet will in all probability be held the first Saturday in November, although this has not been definitely decided. It will be a local novice affair of about four miles.

PROFESSOR OF SORBONNE TELLS OF PARIS SCHOOL.

Professor Marchis, of the department of aviation of the University of Paris, on Wednesday afternoon delivered the first of a series of four French lectures. In this lecture Professor Marchis explained the administrative organization of the University of Paris, the student body of which numbers over seventeen thousand. He also told in detail the requirements for admission and graduation; the broad scientific research made by the university, and the system of instruction.

Three more lectures will be delivered this week, Thursday and Friday afternoon, at 4:15 o'clock, and one Friday evening at 7:30 o'clock.

Six Arrive For Pasteur Treatment.

Dr. J. G. Cummings, in charge of the Pasteur Institute, has has under his care six residents of Bay City, all of whom were bitten by one dog. It was proved later that the dog suffered with the rabies.

Chess Fans Choose Year's Officers.

Officers of the Chess and Checkers club for the ensuing year were elected yesterday as follows: President, Willis B. Goodenow, '14L, secretary, Wilbur K. Miller, '15; treasurer, Ernest C. Roth, '15.

FIRST CANVASS FOR MEMBERS SEES BIG GAIN

Union Campaigners Raise Grand Total to Point Slightly in Excess of Last Year's Maximum.

YESTERDAY'S EFFORTS PLACE CREDITABLE FIGURES AT 2484.

Great Majority of Sub-Chairmen Do Splendid Work in Effort to Reach 3000 Mark.

As a result of the first night of the Michigan Union house to house canvass for members, 189 new names were added to the membership rolls, making a total of 2484. This compares more than favorably with the record of 2439 at the end of last year, and exceeds the membership at this time in 1912 by 721.

Many of the committeemen had not handed in their reports at a late hour last night. These results, combined with the gains in tonight's canvass, are expected to give the membership a most decided boost.

Results in Detail.

The results handed in by the sub-chairmen last night are as follows: D. R. Ballentine, 35; Edward Halsilp, 32; Edwin Wilson, 27; John I. Lipincott, 22; Kenneth Baxter, 20; Harold Schradzki, 16. Paul Thomson, 15; Howard Seward, 11; Lester Rosenbaum, 10.

The committeemen who were especially successful in last night's campaign are as follows: C. T. Bushnell, 11; L. Alexander, 10; L. M. Bruch, 10; Karl Mohr, 8; James H. Angell, Jr., 7; E. Wells, 7; H. Little, 8; A. M. Bonles, 6. Several men were successful in signing up five members while a large number of the committeemen brought three or four men into the Union.

Conger's Men Active.

Ralph Conger, who has charge of the fraternity part of the canvass, announced last night that 27 of his 48 committeemen have reported. In each of the fraternities reported, either all or a majority of the men have become Union members. Professional fraternities have been especially slow, reports showing that only a minority in many chapters have signed up for the yellow buttons.

WILSON-SWITZER MATCH PROVES EASY FOR FORMER

William Shafroth, Member of Varsity Tenn Defeats Andrews in Straight Sets.

The All-Comers Championship Tennis Tournament is rapidly nearing the final fight for campus honors. The first two matches of the third round were played yesterday on the Varsity courts, and after the two remaining matches are pulled off this morning, the semi-finals will begin.

Captain Wilson was in mid-season form and defeated Switzer 6—2, 6—2 in the first match. Wilson was not compelled to exert himself, and won handily from his opponent.

William Shafroth, member of two Varsity tennis team, took two straight sets from Andrews 6—1, 8—6. In the final set, Andrews showed flashes of his former service and net play, and forced the Varsity man to the limit.

In the semi-finals this afternoon, Wilson will meet the winner of the Thorsch-Bond match, and Shafroth will face the victor of the Crawford-Oliver fracas.

Prof. Crane Inspects Institutions.

In his capacity as chairman of the investigating committee of the Michigan State Eugenics Commission, C. W. Crane, instructor of psychology, has departed for the northern part of the state, where he will spend two months in investigating the conditions of the county houses, houses of correction, etc.

Dr. Vaughan Presides at State Meet.

Dr. V. C. Vaughan, dean of the medical department, attended yesterday in Lansing a meeting of the State Board of Health, of which he is president.
