MAKE-SHIFT VARSITY LINE PROVES WEAK

With Only Four Regulars Working Against Them the Reserves Manage to Score Once Against Varsity.

CRAIG, PATERSON AND BOYLE ARE STILL ON HOSPITAL LIST

Team Leaves for Philadelphia From Ann Arbor Station at 7:30 O'clock Tonight.

The ozone in the vicinity of Ferry field assumed a crackling, bluish, tint yesterday afternoon during the daily tilt between the make-shift Varsity lineup and scrubs, and the voices of the coaches rumbled, boomed, and roared in an endeavor to instill fight into the combatants. With only three of the regulars in the line during the scrimmage, the reserves had things their own way until Thomson was sent in late in the fray, turning the tide of battle to some extent. Torbet, Cole and Quinn, and later, Thomson, were the regulars who took part, and the appearance of new faces in the Varsity line is an indication that Yost has not yet completed the choice of men for the front row.

With the Penn contest three days off, and no scrimmage for the regular squad since the South Dakota game, the showing of the Varsity squad such as it is, is anything but promising. Just what the showing would be with the lineup that faced South Dakota is another matter, as three or four regulars cannot put up the fight that eleven can.

Strength of Quakers is Not Known.

Penn's strength is an unknown quantity, as the reports that have percolated through to Ferry field from the far distant section of the Keystone state must be taken and weighed like grains of strychnine. They may have had an unsuccessful season so far and Capt. Mercer may not be up to his old time form but such rumors, for they amount to nothing else, cannot affect preparations for a contest that has ever and always been one to the death.

Michigan's success in last Saturday's game should put at ease the fears of the timorous as to the outcome of the coming bout with the Easterners, as it is doubtful if the Varsity will have to face another eleven like the one from the Vermillion camp this year. But the unexpected is what happens in many cases, and it is safe to assume that Saturday's game will be either Michigan's or Penny's until the last whistle.

Varsity Scores Twice on Reserves.

In the scrimmage yesterday afternoon, in which only four of the first string took part, the varsity scored twice on the scrubs and their own goal line was crossed once. Jimmy Craig is still feeling his ankle and failed to take part in the mixup as did Paterson and Boyle and the other cripples, but Thomson relieved Quinn, who started at full, before the scrimmage ended.

In the secret signal practice which followed the scrub contest, an entirely different lineup presented itself, and was composed of the players who were in at the finish of the South Dakota game, with the exception of Allmendinger who did not put in his appearance on the field. Musser played his position at right guard while Quinn took up his own place at left and relinquished the full back job to Thomson. The rest of the lineup for signal

Continued on page 4.)

HIGH SCHOOL STUDENTS ELECT ROOSEVELT IN STRAW BALLOT.

In the straw vote held by the Ann Arbor high school yesterday Roosevelt received 348 out of 672 votes cast, Wilson 265, Taft 51, Debs 5. Woman suffrage carried by a vote of 475 to 197. Out of the whole number of students voting, 190 voted straight tickets.

The students were given ballots which were duplicates of those used at the city polls, and were fully instructed in the correct way of marking either a straight or split ticket.

THE WEATHER MAN

Forecast for Ann Arbor—Unsettled Wednesday, with local rains; rising temperature.

University Observatory—Tuesday, 7:00 p. m., temperature 57.1; maximum temperature 24 hours preceding 57.8; minimum temperature 24 hours preceding, 38.1; precipitation, .03 inches; average wind velocity 8 miles per hour.

Prof. Meader Again Holds Recitations.

Prof. C. L. Meader of the Latin department, who was unable to meet his classes on Monday because of a severe cold, has recovered and is holding his usual recitations.

SAILOR BOYS MAY CHEER FOR TEAM

Negotiations With Secretary of War May Result in Battleship's Crew Being at Game.

SPACE IS RESERVED FOR THEM.

Providing permission can be obtained from the Secretary of the Navy the crew of the battleship Michigan will be on hand this Saturday to cheer the Yellow and Blue on to victory.

Last night a telegram was sent to the Secretary of the Navy as follows: "If consistent with public service the University of Michigan, particularly its 30,000 alumni, would greatly appreciate having the battleship Michigan at Philadelphia so that the crew could participate in the football game between Michigan and Pennsylvania next Saturday, Nov. 9. The attendance of the Michigan crew in 1909 excited country-wide interest."

(Signed) H. B. HUTCHINS,
President.
M. E. COOLEY,
Dean Dept. of Engineering.

This step was taken as the result of an urgent appeal to Dean M. E. Cooley by C. R. Hall, of the University of Michigan club, of Philadelphia. In his letter to Dean Cooley Mr. Hall says, "We have reserved a section of seats in which we would gladly give space to the crew of the Michigan."

The aid which the sailor boys gave to the Michigan cheering section two years ago, as well as the beautiful flag which they presented to our team, will be remembered.

Initial Meeting of Y.M.C.A. is Success.

According to the university Y. M. C. A. leaders, the first monthly meeting of the term was a success. The program included a sword dance and fencing match. Next month's entertainment will be in the hands of the Japanese students, and following that will be a program arranged by some of the Chinese members of the university.

LIBRARY SOON TO ACQUIRE COLLECTIONS OF CLASSICS.

The general library of the university is to receive in the near future two collections, each of about 750 volumes. The first of these is donated by the heirs of Prof. Elisha Jones, who taught Greek and Latin here from 1870 to 1888. This collection is known as the Carlyle library, from the fact that it contains over 200 volumes written by and relating to Thomas Carlyle. The balance consists of valuable classics.

The other books come from Dr. Samuel A. Jones, once dean of the homoeopathic department, who died in Ann Arbor March 9. This library is valued at $800, and negotiations for its purchase are already under way.

FRESH ATHLETE SERIOUSLY ILL WITH BLOOD POISONING

Alfred F. Lindner, '16, who won a place on the fresh relay team, is seriously ill with blood poisoning at the university hospital. The illness resulted from a slight wound incurred by cross country running, and has developed rapidly, becoming so serious that his parents have been summoned.

WOODROW WILSON WILL BE PRESIDENT OF UNITED STATES

LATEST RETURNS SHOW THAT ROOSEVELT IS LEADING TAFT IN RACE FOR SECOND PLACE.

(Detroit News Sertice.)

With the votes piling in from the doubtful states in favor of Wilson, the election of the New Jersey governor seems assured. The returns are as yet very incomplete, but there are only a few states where Roosevelt and Taft have had majorities. Roosevelt leads in Michigan, Illinois, and possibly Pennsylvania, while the only states conceded to Taft are Ohio, Vermont and Rhode Island. Ferris, the Democratic nominee for governor, leads Musselman by a small majority and woman suffrage, reported at first as defeated by a heavy negative vote, is thought now to be carrying in this state.

Taft's strength seems to lie in the east, while Roosevelt is running the stronger in the central and western states.

A late report states that Roosevelt and Taft have telegraphed congratulations to Governor Wilson.

ELECTION RETURNS FLASHED BY DAILY

Through Student Ingenuity Daily Is Able to Spread News of Wilson's Victory.

POWERFUL ARC LIGHT IS USED.

Win with Wilson!

Through the ingenuity of four senior engineers, The Michigan Daily was able to flash the result of the most spectacular campaign which has taken place in many years.

The Michigan Daily had secured a search-light from Detroit which was supposed to be extremely powerful, but when it was connected with an acetylene tank it failed. Plans for flashing the returns had nearly been given up when four senior engineers, L. E. Latimer, Don Daron, Stanley Mills and H. E. Keeler appeared at the offices and offered their services. They finally rigged up a powerful electric arc search-light which enabled The Michigan Daily to inform Ann Arbor and its vicinity of the election of Governor Wilson as president of the United States, by means of a vertical shaft of light, as previously promised. The flash could be seen for at least ten miles around the surrounding country, the search-light being as powerful as any in use on the great lakes at the present time.

DR. ANGELL TO BE AT UNION DINNER

Students Wishing to Attend Second Membership Function May Still Purchase Tickets.

"MIMES" WILL PRESENT SKIT.

President-Emeritus James B. Angell will be the principal speaker of the evening at the second Union membership dinner of the year tomorrow evening. George Burgess, '13L, will preside as toastmaster and "Howdy" Wilson, '13, will be the student speaker. The Mimes will also be on the program with an original skit.

As usual, only 200 tickets will be issued for the dinner. These may be obtained at the Union, or from members of the committee in charge. At the last membership dinner it was necessary to refuse admission to a large number, so all men expecting to attend tomorrow night's affair are urged to buy their tickets at once.

Fresh Medic Committees Appointed.

Fresh medic committees have been appointed by Pres. Edgar Beardslee as follows: social committee, W. T. Vaughan, chairman, C. W. Eberbach, F. H. Harrison, J. G. Wilmore, and G. V. Lynch; auditing committee, C. J. Addison, chairman, W. F. Watton, and H. F. Kenny; financial committee, L. B. Kingery, chairman, H. W. Shutter and the president, vice-president and treasurer.

VULCANS OPEN RANKS TO RECEIVE TEN NEW MEMBERS

Ten senior engineers were led last night through the fiery pits of the earth to the great god Vulcan's stronghold, and there made acquainted with the manifold secrets of the Vulcan society. After the initiation a banquet was held at the Union, at which time Dean M. E. Cooley, Profs. H. C. Anderson, C. J. Tilden, and S. J. Zowski, responded to toasts, and "Art" Grove spoke in behalf of the apprentices.

The following men were initiated: "Ted" Baier, "Proc" Brown, "Art" Grove, "Walt" Schuett, "Wy" Williamson, "Mort" Hunter, "Bart" Wood, "Jinks" Otte, "C" Smith, and "Larry" Holmboe.

FEAR FOR SAFETY OF PROF. J. R. ALLEN

Threats of Massacre of All Christians by Turks Make His Position Dangerous.

NO STUDENTS LEAVE FOR EAST.

Grave fears are being expressed for the life of Prof. John R. Allen, head of the mechanical engineering department, who is now in Constantinople, Turkey, aiding in the construction of Roberts College. No word has been received from him since the Balkan war began and from the fact that the newspaper reports state that every Turk in Constantinople has taken vows to kill every Christian in the capital, the situation has become serious.

"There is great danger that the rollicking soldiers will massacre the Christians in Constantinople," said Prof. J. P. Bird, secretary of the engineering department. "Prof. Allen is in danger even though Roberts College is situated five miles from the city on a fortified hill. The soldiers will do anything to kill the Christians and we sincerely hope that Roberts College will not be attacked."

"As no word has been received from Prof. Allen since the war began we are of course very anxious about him," declared W. H. Tinker last night. "The situation is mighty serious and all Christians in Constantinople are in danger of being massacred by the soldiers. Roberts College is protected by the authorities of the city but if the soldiers attacked it, it would be helpless."

One Armenian, Z. Kaskanian, arrived from Turkey last Sunday to take up work in the medical department. He left before the present war commenced but says that the massacres of the Armenians by the Turks are sure to come, and are now being carried on, on a small scale.

So far none from the university have signified their intention of going to the war in the capacity of surgeons, but it is expected that some will leave soon.

TEACHERS' ASSOCIATION TO HOLD MEETING IN ANN ARBOR

The Michigan State Teachers' association will hold its next meeting in Ann Arbor, if sufficient accomodations can be found for 7,000 members. At its recent meeting in Grand Rapids the advantages of Hill Memorial hall as a gathering place together with other advantages naturally coming from meeting in a university town were favorably regarded. If it were not for the problem of finding rooms for its members, the association would have agreed on this place at once.

SENIOR LITS TO MEET SOPH ENGINEERS IN SEMI-FINALS.

The senior lits will battle against the soph engineers in the second game of the semi-finals this afternoon at 4:05 o'clock on Ferry field. The winner of this conflict will play the senior laws Saturday morning for the campus championship. The sophs will be slightly outweighed but as they have overcome this handicap with the teams of their own department, it looks as if both teams would rely today almost entirely upon speed artists in the backfield.

UNION OFFERS CASH PRIZES FOR CARTOONS

Three Prizes will be Awarded Students Submitting Best Cartoons for Use at Annual Football Smoker.

PROMINENT SPEAKERS WILL BE SECURED FOR BIG EVENT.

Governor Osborn and Edmund C. Shields May be Among the Speakers.

Following the precedent set last year, prizes will be given by the Michigan Union for the three best cartoons submitted for use at the annual football smoker to be held Nov. 19. All students will be eligible to compete, and a great range of topics may be employed. Contributions must be handed in at the Union by 5:00 o'clock Friday, Nov. 15.

On account of the nature of the affair, it is expected that most of the cartoons will deal with subjects connected with football. The first prize is $5.00, the second $3.00 and the third $1.00. As usual "Lyrdy" will preside at the lantern, and 15 or 20 of the cartoons will be projected on the screen during the evening.

At a meeting of the chairmen of the committee in charge of the smoker held yesterday afternoon at the Union, the matter of speakers for the big event was considered. It is probable that Judge Sadler, '98L, of Chicago, will be present as one of the principal speakers, and it is also hoped to secure Stratton D. Brooks, '96, former superintendent of schools in Buffalo and now president of the University of Oklahoma.

Shields May be Here.

Edmund C. Shields, '96L, chairman of the Michigan state Democratic committee, is another man whom it is hoped will be able to attend. A telegram was received yesterday from Earl D. Babst, '94L, president of the Alumni association, stating that he would be unable to speak at the smoker, on account of a conflicting engagement. According to present indications, Governor Chase S. Osborn will be here for the affair.

The matter of a student speaker for the smoker has not yet been settled. It is probable that "Sully" Sullivan, premier yell-master of former years, will be on the program, and as usual a member of the faculty will speak.

At the meeting yesterday a novel plan for distributing the "smokes" for this year's rally was devised. A series of "lanes" will be built through the doors between the two gyms, and as the men pass into Waterman gym they will be given their pipes and tobacco. Cigarettes will be distributed at the main entrance to Barbour gym.

A meeting of all members of committees for the smoker has been called for Friday afternoon at 5:00 o'clock at the Union.

"DAILY ILLINI" REPRIMANDED.

Progressive Club Criticises Partisan Attitude of the Paper.

The Daily Illini, the student publication at the University of Illinois, has been severely criticised for taking a partisan attitude in the present political campaign. The paper actively supported Congressman William B. McKinley.

The criticism came chiefly from the Roosevelt-Johnson Progressive club of Champaign county, consisting of prominent business and professional men of the cities of Urbana and Champaign, and many citizens scattered throughout the county. Strong resolutions were adopted in which the action of the managers of the Daily Illini, the faculty board of control, and particularly the censor, Dean T. A. Clark, were severely condemned.

The resolution further gives the idea that the action has already resulted in considerable injury to the university in "The Illini's" departure from the long continued policy of non-partisanship that it has pursued.

WILL THE ATHLETIC ASSOCIATION CONFORM TO THE WISHES OF ITS MEMBERS?

TEAM LEAVES TONIGHT.

Taking past years as a criterion, William street and neighborhood will tonight witness an old-fashioned student snake-dance, and the Ann Arbor depot will be packed to about four times its capacity. Even adverse weather conditions have never as yet succeeded in putting a damper on the wild enthusiasm so typical of the team's departure for its crucial game.

In the absence of mass meetings this year, the send-off celebration tonight is destined to be a novel event for the new men who are still more familiar with Michigan spirit in splashes than in one big bunch. For the men, older in residence, who have watched these traditional events come and go with the regularity of the seasons, tonight's turn-out will be welcomed as one of the best get-to-gethers of the year.

But to the main point—whether freshman or senior, man or woman, you should make that "train for Penn" tonight.

REGARDING THE BAND.

It would be hard to overestimate the importance of having a band,—a university band,—to furnish music at the football and baseball games. It is a feature as essentially a part of university athletics as the organized cheering, the singing between halves, or the block "M."

Members of the band are called upon to sacrifice a great deal of time at rehearsals in order to make a creditable appearance at the games. Not only this, but each man is required to deposit two dollars with the treasurer of the band at the beginning of the year, out of which a fine of twenty-five cents is deducted every time he misses a rehearsal. It is not reasonable to suppose that men are going to undertake a thankless task of this sort merely for the pleasure of being admitted to games for which they have already paid the price of admission. The band must have an annual trip or it will go out of existence.

The band exists primarily for athletics, and it is the athletic association which should provide for this trip, and, with all due respect to the opinion of the board in control of athletics, the continued existence of the band seems to us of as much importance as the very desirable improvements which the plans of the board call for.

We wish it understood, however, that The Michigan Daily will oppose any attempt to coerce the athletic association by a refusal to play at the Cornell game. Director Barttime has accounted for the attitude of the executive committee in refusing to send the band to Pennsy this year. Whether we are convinced by the arguments or not, it is settled that there will be no trip for the band this fall. The situation will never occur again if it is in our power to prevent it. The campus is doing all in its power to have the band properly provided for. We will appreciate this one more sacrifice on the part of the band when we find them with us in arming on the team against the Ithecans.

GIVES RETURNS BY WIRELESS

University Wireless Station Furnishes Election Reports to Lake Steamers

The university wireless station played an important part in receiving and giving election returns last night. Numerous requests had been received from the Detroit and Buffalo steamers on Lake Erie and from several freighters on Lake Michigan for reports from the local station in regard to the presidential election and reports were sent out to the steamers throughout the night. The Michigan station often serves as a relay between wireless stations in the upper peninsula and Ohio stations in Akron and Cleveland. Attempts have been made in the past to communicate with Washington, D. C., and other eastern cities but as received messages have not yet been confirmed by letter, results cannot be vouched for.

Graduate Club Chooses New President.

R. K. McAlpine, '06, has been elected president of the graduate club to succeed H. E. Roberts, elected last April. Robert's accepted a position during the summer and could not return to college. Plans for the coming winter will be announced within a few days.

SENIOR LITS PLAN NOVEL SOCIAL PROGRAM FOR YEAR.

Class Will Hold Four Dinners and Three Luncheons in Addition to Annual Banquet.

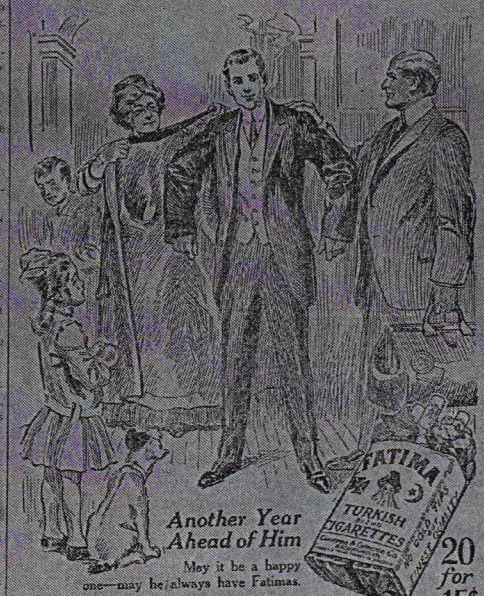

Fress Harold Abbott of the senior lit class has announced the appointment of the banquet committee for this year. Contrary to the past custom of placing the arrangement of class dinners in the hands of the social committee, the dinners this year will be taken care of by the same committee which arranges for the big banquet in the spring. There will be a series of four dinners, the first of which will be held on Wednesday, Nov. 13. Tickets will be $2.00 for the series and may be obtained from the committee consisting of W. Campbell Trible, chairman, Claudius Pendil, Henry Muller, Don Denison, and Isaac Lowenburg. The dinner scheduled for Feb. 18, 1913, will be given in conjunction with the senior engineers.

A new feature in class affairs this year will be a series of three Saturday afternoon luncheons for the women of the class. The first of these will be held on Saturday, Nov. 23. Tickets for this series may be obtained from Mercedes de Goenaga or Ruth Davis.
