Vol. XXIII, No. 95. ANN ARBOR, MICHIGAN, THURSDAY, FEBRUARY 20, 1913. PRICE FIVE CENTS

MUST SECURE TICKETS FOR TRACK MEETS

Yellow Coupon Number 13 Must Be Exchanged for Admission Cards at Association Office.

BUT FEW MEN HAVE SO FAR SECURED NECESSARY TICKETS.

Event Open to Each Student Will be Determined by Draw.

Every member of the athletic association who wants to attend one of the three indoor track meets open to the student body at large, namely, the preliminary, Varsity, or M. A. C. All fresh, must exchange his yellow coupon number 13 for an admittance card at the association office immediately. Absolutely no one will be admitted to the meets upon the presentation of the yellow booklet. Every member must hold a ticket, issued for that particular meet. These tickets can be obtained at the athletic office in exchange for the yellow coupons.

An announcement to this effect was made several days ago, but up to the present time only a few men have applied at the office for tickets for the meets. The association office will be open for this exchange today and tomorrow, only, from 8:00 a. m. to 12:00 noon and from 1:30 to 5:00 p. m.

To Decide Meets by Drawing.

A system of drawing has been devised whereby every student in the university can secure admission. The association office will be open at the hours named, and at this time coupon number 13 will be exchanged for an admission card to one of these three numeral meets, the event which each student attends to be determined by his draw. The drawing is open to the women of the university as well as the men.

The first meet, open to the student body at large will be the preliminary to be held this Saturday night. Whether a student intends to attend the preliminary or not, he should draw at the association office at once. All of the admission cards for the three events will be given out today and tomorrow.

This year the association has over 4,800 members, and it would be impracticable to attempt to accommodate this number at a single meet. For this reason, three meets have been set aside for the student body as a whole. Every member will be entitled to an admission card to one of these three meets, and it is for these events that tickets are now being distributed at the office. Approximately 1,600 students can be accommodated at each meet, and in the three events the entire student body will be admitted. In addition to these three meets, juniors, seniors, graduate students, and faculty will be admitted to the Cornell meet exclusively; and freshmen, sophomores, and faculty will be admitted to the fresh-soph meet exclusively.

JUNIOR LITS WILL GIVE "NO NAME" PARTY TONIGHT.

Junior lits will dance tonight at a party with no name. It will be held at Barbour gym from 7:30 to 11:30 o'clock. Admission cards may be obtained for 35 cents from members of the social committee or at the door. Tickets have met with a rapid sale, but there are still some to be disposed of. It is a strictly "stag" affair and women from other classes will be admitted. Prof. and Mrs. U. B. Phillips and Prof. and Mrs. C. H. Van Tyne will act as chaperones.

THE WEATHER MAN

Forecast for Ann Arbor—Unsettled weather, snow or rain in southern portion, warmer.

University Observatory—Wednesday, 7:00 p. m., temperature 49.0; maximum temperature 24 hours preceding, 58.8; minimum temperature 24 hours preceding, 30.5; average wind velocity, 16 miles per hour.

DRUIDS TENDER SMOKER TO VULCANS AND BARRISTERS.

The Druids entertained the Vulcans and Barristers at the much talked of "B-V-D" smoker held at the Union last night. The "Barber Shop Trio" consisting of "Heine" Spring, "Norm" Reed, and "Berry" Ratliff were on hand with music. "Nig" Kuhn, "Ed" Howell, and "Bill" Hart entertained the honorary scribes with several piano solos.

TORBET MAY NOT BE LOST TO TEAM

Gridiron Star May Reconsider His Decision to Leave College at Once.

ELIGIBILITY IS NOT AFFECTED.

Roy E. Torbet, '14, the Varsity football player who signified his intention of immediately quitting the university owing to discouragement as the result of the outcome of his first semester's scholastic work, may not be lost to the 1913 Michigan football eleven after all. Friends of the star end have about prevailed upon him to remain in college, and it is entirely likely that Torbet will wear the Maize and Blue again next fall.

When Torbet returned to Ann Arbor after having discussed the matter with his parents in Detroit, he was determined to leave Michigan. Yesterday, however, friends of the athlete remonstrated with him in regard to his proposed action. As a matter of fact Torbet's scholastic work was not of such a nature that it would prevent him from playing football next season should he do a little better than the average work next semester. This fact was pointed out to the athlete by his friends, and after an interview with faculty men, he has about decided to remain in college.

Torbet's loss would have been keenly felt had he really left school. Last season the gridiron exponent proved to be the best man on the team at launching forward passes, and Coach Yost intended to build many of the 1913 season's plays around him. The student body at large, as well as Torbet's intimate friends, are rejoicing that there is a chance of his remaining at Michigan.

SENIOR LITS TO HOLD FIRST EVENING PARTY OF YEAR.

Senior lits will hold their first evening party of the year at the Union tonight. Dancing will start at 9:00 o'clock and will continue until 1:00 o'clock. Mr. and Mrs. R. A. Campbell will chaperone the affair and "Ike" Fischer will furnish the music. Tickets may be obtained from members of the social committee for $1.00.

Place Union Dance Tickets on Sale.

This afternoon at 5:00 o'clock the tickets for the regular Saturday night Union dance will be placed on sale. The number will be limited to 100 as usual, and it is expected that they will be sold rapidly. The committee in charge of this week's dance will be announced tomorrow.

BALL PLAYERS TO START PRACTICE

Prospective Battery Men Will Report For First Workout of Season This Afternoon.

PITCHING STAFF LOOKS STRONG.

A bibulous gentleman sauntering up from down town yesterday claims to have seen a robin twittering on a high branch. The garnerers of cast off raiment are remarking on the sudden increase of business. But no such sure sign of the approach of the poet's delight and the Huron's money maker has yet appeared as the first call for baseball which is sent out today. True only the battery men are supposed to heed the clarion call and report at Waterman gym but it is the first real sign of the coming of the season of fussers and serenades.

This afternoon at 1:00 o'clock all would-be hurlers and receivers are instructed to appear at Waterman gym and start the annual practice that will only end next June. The catchers and pitchers who report will be set to work straightening out the kinks and curling the steamers, and no professional squad will have the edge on Michigan's bunch of diamond artists in the matter of an early start. Capt. Joe Bell will hand out a few instructions to last until the arrival of Branch Rickey who is expected the last of next week.

Incidentally there should be a great bunch of battery men this year and the weak spot of last year's team should be the strongest. Sisler and Quaintance are looked upon as the most probable deceivers and the return of "Pudge" Rogers is a welcome one. But there is known to be a wealth of good material in college and a large turnout is expected this afternoon. It is essntial that all candidates appear this afternoon as the men are expected to start at once.

MAY PUT BAN ON EARLY PLEDGING

All Local Sororities May Restrict the Pledging of First Year Women.

PLAN IS UNDER DISCUSSION.

Because the work of freshman women may in part be impaired by affiliation with sororities, action is under consideration by the Pan Hellenic, an organization of the sororities of the university to forbear taking in freshman women during the first semester of their first year here, and to cease pledging high school girls. The action has been under consideration for some time, but was formally brought out in a meeting of delegates from these various organizations held yesterday.

The proposal was initiated entirely by the sorority women without any outside interference or suggestion. Almost unanimous approval was given to the plan, there being only two or three groups who voiced any objections.

Consideration of this plan is up before the individual sororities this month and it will be a live question for debate by the university women until the next meeting which will be held in the middle of March.

The proposed move which has just become popular in local circles has been followed with a great deal of success in other universities and colleges in the country.

COMBINED CLUBS LEAVE TOMORROW

Musical Clubs Will Give Concerts in Port Huron and Saginaw.

WILL RETURN SUNDAY MORNING.

Leaving tomorrow noon at 12:15 o'clock, the University of Michigan Glee and Mandolin clubs will go to Port Huron and Saginaw to give their first out-of-town concerts of the year. The combined clubs will appear Friday evening at the Majestic theater, Port Huron, and on the following night at the Masonic Temple hall, in Saginaw.

Nearly 50 men will be carried on the trip. In case a western trip is definitely decided upon, this number will be materially cut down later, but on the occasion of the trip to Detroit and Toledo, scheduled for the first week in May, the same large number of songsters and string artists will be carried.

The advent of the Michigan musicians has been heralded for weeks by society in Port Huron and Saginaw. All the alumni in St. Clair county will rally tomorrow evening to give the men on the clubs a welcome in the form of an annual alumni dinner at the Elks' club in Port Huron. The meal will be followed by a program of toasts. After the concert, the Michigan men will be guests at a dance planned for them by the St. Clair county alumni.

Tickets Have Ready Sale.

The seat sale for the concerts in both Port Huron and Saginaw has been unusually vigorous. In the former town, the concert is to be given as a regular number on the "Men of Michigan" course, and the admission cards for the event have been practically sold out. A capacity attendance is also expected at the alumni dinner in that city.

Saturday morning the combined musical clubs will leave Port Huron on

(Continued on page 4.)

MEDICS OBSERVE DAY OF FOUNDING

Students and Faculty Commemorate 63rd Anniversary of Founding of Department.

VISITORS DELIVER ADDRESSES.

The medics went on a vacation yesterday and observed Founder's Day in commemoration of the 63rd anniversary of the founding of that department in the university. The program was opened informally by an address by Dr. Abraham Jacobi of New York City, before Dr. Vaughan's class in hygiene. He spoke of hygienic principles in every day life and their importance in the health of man. Sore throats and colds were pointed out as likely to develop into serious diseases, and he told the class both of the evils of tuberculosis and its cure.

Dr. Willett Herrington, '82M, of Bad Axe, delivered the Founder's Day address at 4:00 o'clock in the afternoon at Sarah Caswell Angell hall. He is at present one of the foremost practicing physicians in the state, and addressed the department on the subject of the "Country Doctor."

"What are doctors good for?" was the question which Dr. Jacobi answered at the evening program in Sarah Caswell Angell hall. Dr. Jacobi represents the type of physician of the larger cities and his knowledge of medicine is recognized throughout the

(Continued on page 4)

BASKETBALL STARTS MONDAY.

Soph Lits Meet Freshmen in Initial Contest of Season.

Class basketball squads are beginning to round into shape, and the practices are unearthing some real basket shooters. The results of the exams did not hit the aspirants to any great degree and the managers are all confident that their proteges will land the flag.

The first game, which is between the sophomore and freshman classes of the literary department, will be played Monday. The second year men are positive that they can out toss their opponents since they were strong contenders for the championship of their department last year. The beginners, however, have been working overtime in their practicing and manager Surgenor believes that he will have a "five" upon the floor Monday that will surprise the confident sophomores.

ARRANGE CONTEST TO PICK ORATOR

Michigan's Representative in Hamilton Contest to be Selected by Competition

BOARD RESCINDS FORMER ACTION

Michigan's representative in the Hamilton Oratorical contest may be selected by a preliminary contest, despite the action of the board in appointing a representative through a committee last week.

Percival Blanshard, '14, was appointed since, in the judgment of the board at that time there was not time to hold a contest. Blanchard, who is a member of the board, seconded the motion yesterday to rescind the former action, and expressed himself as thoroughly in sympathy with the idea of holding a contest.

This motion carried, and the board then appointed a committee having discretionary powers as to whether a contest would be held. If there are five or six men willing to compete, a contest will be arranged, but if there are only two or three, the committee will make a selection on some other basis.

The members who brought the matter before the board represented the Webster society and the junior law class. They were present at the first meeting and still approve the former action, but in fairness to their constituents, some of whom desire to compete, favored reopening the matter.

If a new contest is held it must be at an early date, as the orations must be in the hands of the Hamilton club by the first week in March in printed form. No oration may be used in this contest which is used in any other, and it must be on a subject of a political, social, or economical nature. The board decided to let anyone entered in the university contest have the privilege of withdrawing to enter the Hamilton contest, if he so desires.

L. D. David, '14L, who is entered in the university contest and lives in Chicago, is desirous of competing for the opportunity of representing Michigan in the Hamilton contest. His subject is "The Social Reformer," which is an eligible topic.

Any others who are desirous of entering this contest must see the committee at once.

John F. O'Hara to Address Club.

The Commerce club will hold a smoker at the Union next Tuesday night at 7:00 o'clock. The principal speaker will be John F. O'Hara, secretary and treasurer of the American Garment Company, who will speak on the subject: "Corporations; are they Abused?"

UNION MAKES CALL FOR 1914 OPERA BOOKS

All Compositions for Next Year's Union Opera Must be in the Hands of Committee Feb. 21.

REHEARSALS OF "CONTRARIE MARY" COMMENCE NEXT WEEK

Competition for Positions in Chorus Will Close Friday Night.

With the 1913 Michigan Union opera still some weeks away, a call has been issued for books for the 1914 opera, which must be handed in at the Union next Monday between the hours of 6:00 and 7:30 p. m. A number of compositions have already been handed in to the committee in charge of this year's show, and it is known that several other embryo playwrights are putting the finishing touches onto their productions, preparatory to submitting them for judgment.

Robert G. Beck, writer of "Contrarie Mary," is a senior law student, and will not enter the competition for the writing of next year's book. It is expected, however, that several men who have barely missed out in past selections will contribute entries for the 1914 show.

On account of the fact that Philip K. Fletcher, '13E, general chairman of the 1913 opera, has been called to Pontiac by the serious illness of his grandfather, the tryouts are being conducted this week by the four assistants to the general chairman. There was no dearth of musical material at the tryouts for orchestra positions, held at the Union last evening, but some concern is felt by those in charge over the fact that there have not been so many tryouts for the singing and dancing choruses as in past years.

More Men Are Needed For Chorus.

In the hope of getting more men to try out for chorus jobs, final competitions for these places will be held this and tomorrow evening at the Union. At 7:00 o'clock tonight, men of broiler size, whether they have tried out before or not, will be given an opportunity to go through the prescribed steps. Tryouts for the medium chorus will be held at 8:00 o'clock tonight, and another chance will be given those with aspirations for singing roles to exhibit their qualifications tomorrow evening at 7:00 o'clock at the Union.

It is announced that these will be absolutely the last tryouts at which new material may report, because Bert St. John, director of the production, will arrive in Ann Arbor Monday, and a definite choice for all the roles in the opera chorus and cast must be made the first of next week. Following the selection of men to fill the various roles, rehearsals will begin in earnest, and the grind will continue until the date of the first performance.

MICHIGAN GRADUATES PLAY LEADING ROLES AT BANQUET

John R. Webster and Thomas H. Mills, two graduates of the University of Michigan, played an important part in the banquet of 300 college men which was held at the Omaha University club a few days ago. Mr. Webster managed the big function and Mr. Mills, coach of the Omaha High school, gave a reading of Kipling's "Gunga Din." Mr. Webster is remembered by several older men on the campus as being responsible for the elaborate reception tendered the Michigan Musical clubs while in Omaha four years ago.

TRACK MANAGER LEAVES FOR INTERCOLLEGIATE MEETING.

Don Denison, '13, to Represent Michigan at Annual Eastern Athletic Conference.

Donald Denison, '13, manager of the 1913 Michigan track team has left for New York to attend the meeting of the Eastern Intercollegiate Athletic association to be held in that city on Saturday. Denison is Michigan's delegate to the meeting and will look after the Wolverine interests.

The meeting Saturday is in the nature of an annual gathering to prepare for the spring intercollegiate, and to elect officers of the association for the next year. Michigan has not held an office in the Eastern Intercollegiate since Herb Goetz, '11, was manager of the Michigan team. Goetz held the office of vice-president. With Michigan showing so well in the eastern classic each year, it is felt by a great many Michigan supporters that the Wolverines should be represented by an office in the association.

Prof. Brumm to Speak at Middleton.

Prof. John R. Brumm, of the rhetoric faculty, will leave Ann Arbor Friday for Middleton where he will deliver an extension lecture as one of the numbers on a Washington's birthday celebration program. He will talk on "New Ideas in Education."

COMPLETE PLANS FOR INITIAL MEET

Past Records of Contestants Give Promise of Some Close Contests.

OFFICIALS ARE ANNOUNCED.

All preparations for the preliminary meet to be held in Waterman gymnasium Saturday night have been completed. The first event will be called at 7:30 o'clock, instead of 8:00 o'clock as announced in The Michigan Daily yesterday.

Close contests are looked for in the thirty-five yard dash, and the heat is sure to be a fast one when Seward, Bond, and Monetta clash. Another fight for place will be uncovered in the four-forty yard run between Baier, Jansen, and the Bay City freshman, Smith, with Baier picked to win. In the half-mile Brown and Carver have a dispute to settle, and will be pushed to finish in the run by several of the class of '16, among whom Murphy is worthy of mention. Carver may be switched to the mile to fight for first honors with Smith. Cole will put the shot, several men of unknown caliber will high jump, and Cook, Van Kammen and Dasham will compete in the pole vault. Greene, a sophomore, will contend for hurdle supremacy with Armstrong, the freshman from Detroit Eastern. C. S. White an erstwhile two-twenty man is being tried by Farrell over the low sticks, and may upset all calculations by winning.

The officials as announced yesterday afternoon are:

Starter and Referee—S. J. Farrell.

Clerk of Course—Sid Millard.

Asst. Clerks—W. Crawford, D. Donald, H. P. Blake, E. Connely.

Track Judges—W. F. Verner, Geo. Patterson, Raymond Haimbaugh, Jas. Craig.

Field Judges—Homer Heath, Arthur Kohler, Louis Haller, Geo. C. Thompson, Warren Sargent.

Timers—Dr. Geo. A. May, Evans Holbrook, C. B. Hall.

Announcer—Clement Quinn.

Scorers—Karl Matthews, Gordon Eldredge, Loren Robinson.

PROF. T. J. DIEKHOFF SPEAKS ON THE GERMAN LANGUAGE

"Literary German, as it is written, is fast becoming the real mother-tongue, the spoken language of Germany," said Prof. T. J. C. Diekhoff, of the German faculty in a lecture on "The German Language," yesterday afternoon. He gave examples of some of the dialects spoken in different parts of Germany and showed the feelings entertained by the Germans for "the mother-tongue." The lecture was in German.

The next lecture on the series given by members of the German faculty, will be by Prof. J. W. Scholl on "The Suffrage Question in Germany."

Dr. Markus Will Give Public Lecture.

Dr. M. Markus, editor of the Detroit Abendpost, will give a free public lecture, under the auspices of the Deutscher Verein at the high school hall tonight at 8:00 o'clock, on "The German Folk-song."

A program has been arranged which will include recitations by Mrs. Markus of selections from Heine and some original poems. The Detroit Doppel Quartett will sing several folk-songs and the Ann Arbor Zither club will give several numbers.

MEDICS OBSERVE DAY OF FOUNDING.

(Continued from page 1)

country. He explained to the audience the significance of the doctor in the welfare of the country.

A reception, under the auspices of the Ann Arbor medical club, was held following the exercises for the members of the faculty, medical students, and invited guests.

While in the city, Dr. Jacobi has been the guest of Dr. V. C. Vaughan.

OCEAN STEAMSHIPS HEAR MESSAGE SENT TO O. S. U.

Wireless Messages Sent by Local Station Are Picked Up on Coast.

Letters have been received by the university wireless station saying that the message sent to O. S. U. last week was heard by a number of ocean vessels in the east and south and by several intermediate land stations. The steamship "Comanche" lying off the coast of Florida and the "City of Baltimore" in Chesapeake Bay sent copies of the mesage by mail to the local station, which were exact reproductions of the message sent to O. S. U.

Operators at the stations in Wilkesbarre, Pa., Schenectady and Brooklyn, New York, state that the message came clear and strong and in some cases it could be heard plainer than the messages being sent by ocean liners in the vicinity.

The transmitter at the local station burned out a month ago and interrupted the arrangements which had been made to hold an official test with the station at Santa Marta, Columbia. The damaged instrument has been repaired by a local electric company and it is expected that the test will soon be carried out.

SENIOR BOILERMAKERS MAY ORDER INVITATIONS TODAY.

All senior engineers, who have hopes of receiving their diplomas in June, are requested to order invitations at once. The invitation committee of the class will receive orders in the engineering society rooms today from 8:00 to 11:00 a. m., and tomorrow at the same place from 10:00 a. m. to 12:00 noon and from 1:00 to 5:00 p. m. Three invitations will be sold for one dollar. The money is not payable at this time, only orders being received by the committee.

Graduate Department Shows Increase.

An increase of more than 20 per cent is reported by Dean Guthe in the semester's enrollment in the graduate department. The registration yesterday was 269 against a total of 211 last year. Last semester's enrollment was 215.

HALF HOUR SERVICE TO YPSI MAY BE REQUIRED OF D. U. R.

If a lot of determined farmers living between here and Ypsilanti have their way, half hour interurban service between Ann Arbor and the Normal town, will again be on the docket after two month's respite. James Kelley and James Byce of the Michigan State Railway commission heard their complainat yesterday, Supt. Barton and Asst. Supt. Allen of the D. U. R. appearing for that company. Their defense is that this service can only be operated at a loss. The matter will be referred back to the commission as a whole.

MISS CROCKER WILL SPEAK BEFORE THE WOMEN'S LEAGUE

Miss Alice Crocker of Ann Arbor will address the Women's League at the regular weekly meeting Friday afternoon at 4:00 o'clock in Barbour gym on "Hupli House and its Work." Miss Crocker visited Hull House for three weeks before Christmas and will relate her personal experiences and impressions. Dancing will follow the talk.
