SCOFFERS ARE UNAVOIDABLE EVILS IN ALL SOCIETIES

Vol. XXIV, No. 21. ANN ARBOR, MICHIGAN, THURSDAY, OCTOBER 23, 1913. PRICE FIVE CENTS

CROWD BRAVES DRIZZLING RAIN AS TEAM GOES

Two Thousand Michigan Rooters Cheer Wildly as Football Train Leaves Ann Arbor For Nashville.

WOLVERINE FIGHTING SPIRIT SHOWN AT DEMONSTRATION.

Yost Picks Squad of 20 Men Following Final Signal Drill in Field House.

Two thousand Michigan rooters sent their ringing cheers after their football team last night when the Wolverine squad steamed out of the Ann Arbor depot, bound for Nashville, Tennessee, in the first foreign invasion of the year. Tonight at 8:38 o'clock the men will pile off their cars ready for the tilt with Vanderbilt on Saturday.

It was an exhibition of that old-time Michigan fighting spirit, the demonstration given by these two thousand students at the depot last night. It followed close on the gigantic mass meeting of Tuesday evening where the Michigan spirit was given its first chance to come forth from its summer sleep. To the uninitiated it would have been hard to believe that just five days before the Wolverines had gone down to defeat before a football rival.

Twenty men composed the squad which followed Coach Yost and Captain Patterson aboard the train with the tremendous cheers of their fellows echoing behind them. Each man in that squad came in for his share of the cheering. The coach, the captain, the team, and every individual player were made the object of the enthusiasm which the rooters gave to their men to store up for use on the Commodore gridiron on Saturday.

The twenty men whom Yost selected yesterday afternoon were Captain Patterson, Torbet, Pontius, Hughitt, Allmendinger, Musser, Galt, Quinn, Bastian, Bentley, Mead, Traphagen, Raynsford, Lichtner, James, Lyons, Tessin, McHale, Cochran, and Watson. To preside over this squad Head Coach Fielding Yost, Trainer Steve Farrell, Manager Morris Milligan and Assistant Athletic Director George Moe were numbered in the Michigan party.

The team will reach Toledo at 9:15 o'clock tonight, leaving there on a Pullman train at 12:50 o'clock for Cincinnati. The train is due to arrive in the Ohio river city early tomorrow morning and there the men will have a four hour lay over before boarding again at 11:15 o'clock for Nashville. The Michigan train will reach the university city at 8:38 this evening and the Vanderbilt officials and students have arranged for a gala reception. The return trip is scheduled to start at 8:39 o'clock Saturday night with the time of arrival in Ann Arbor not yet settled.

The practice stunts handed out by Yost yesterday afternoon for his Varsity consisted of a short practice drill in the second story of the field house. The coach refused to take his men out of doors into the cold, drizzling rain, preferring to forego the benefits of an open-air drill for the safer seclusion of the club house.

Players and coach were confident

'COP' IS PROTEGE OF GREAT SINGER

Edward James McNamara, a Paterson, N. J., policeman, is in the school of music as the result of the interest in him of Mme. Schumann-Heink. A son of Mme. Schumann-Heink heard the copper sing at Paterson, N. J., and when he told his mother she went to hear him. The result is that the officer is in school in Ann Arbor and if he develops as Mme. Schuman-Heink expects, he will go abroad later to secure a foreign education. He has a baritone voice.

THREE MICHIGAN COACHES TO GO SCOUTING THIS WEEK END

Old Time Stars Will Watch the Future Opponents of Michigan in Action Saturday.

Three Michigan coaches will go scouting this week-end. While the Wolverines are battling Vanderbilt, "Germany" Schulz will be watching the Pennsy team in action; "King" Cole will see how the Syracuse team looks in a game, while Walter F. Bennett, captain of the 1893 team, will look Cornell over before coming on to Ann Arbor to assist Yost in preparing the team for its next three games. All three tutors are expected to bring back many suggestions as to methods by which Michigan may prepare for the battles with her eastern rivals.

SENIOR ENGINEERS FILL OFFICES IN RE-ELECTION.

At a meeting of the senior engineers yesterday afternoon T. G. Abrams was elected vice-president, F. Vande Laare, secretary, and W. H. Schornburg treasurer. The election was held in each case to decide a tie which resulted at the regular election.

FRESHMEN SMOKE WITH COUNSELORS

The first get-together smoker of the year for freshmen and their senior advisors, held at the Union last evening, was a complete success. Over 250 men were present, among whom were several faculty members, interested in the newly organized advisory system.

"As a mixer," said Chairman Hoch of the committee in charge, "the meeting was successful beyond all expectations."

A short program featured the evening's entertainment. Dean Effinger, the first speaker, emphasized the fact that the advice given by the seniors would all be of a friendly nature, and in a spirit of co-operation. Both Professors Tilley and Davis, who are in charge of the new advisory system, spoke of the ideals held by the supporters of the movement. The other speakers were J. Bond, '14, and Chas. Webber, '14.

A feature of the program was a musical number by three freshmen, Connely, Buckley, and Lawrence Puchta. Waldo Fellows, '14, delighted the audience with several songs, and Ralph Conger and Bruce Miles represented the mandolin club. The program was brought to a close with the singing of several Michigan songs.

TWO INTERCLASS FOOTBALL GAMES LOST BY FORFEITURE

Soph and Fresh Lits Fail to Produce Complete Teams and Forfeit to Upperclasses.

Both interclass football games scheduled for yesterday afternoon were forfeited. The soph lits failed to have a complete team on the field and Director Rowe declared the game forfeited to the seniors. The freshmen of the same department were not in evidence and the juniors were given a 1 to 0 victory.

This afternoon the senior laws play the soph medics while the junior laws meet the fresh laws. Both games will be called at 4:05 o'clock.

DR. JAMES R. ANGELL IS UP FOLLOWING SLOW RECOVERY

President-Emeritus James R. Angell came down stairs yesterday morning for the first time since his illness. Dr. Angell's recovery has been slow but for one of his age it has been remarkable in the opinion of physicians.

Band Officials Conduct First Tryouts

Earl V. Moore, '12, and Ike Fisher constituted the tryout committee which heard Varsity band candidates in McMillan hall last night. No selections will be made until several days after all the tryouts have been given a chance.

FRESH NOMINATE YEAR'S OFFICERS

Five First Year Classes Choose Their Candidates for Leaders for This Year.

PHARMICS NAME MAULBETSCH.

Freshmen classes in several of the university departments met for the first time yesterday and nominated officers for the coming year. Elections of officers for the coming year. Elections in the majority of the cases will be held at the end of this week.

Nominations in the fresh lit class follow: president, Paul Hanson, Braxton Hicks; vice president, Betty Hall, Luella Knight, Margaret Croswell, Virginia Morse; secretary, Lillian Carnegie, Catherine Shay; Francis Wey, treasurer, Verne Burnett, Kenneth Barnard; football manager, Gray Mcgaxy, Don McKone; baseball manager, Rolland Kerr, Benjamin Rappert, Paul Schmidt; Leo Govlet, Harold O'Brien; track manager, Lewis Arents, Albert Stoll; oratorical delegate, Ephraem Schetzen, Earle Osborne, Meyer Schlisser, Harold Teegarden, Fred Kiann, Ralph Carson, George Hulbert; men's basketball manager, Theodore McKinney, Lawrence Puchta, Morris Levinsond; women's basketball manager, Olwin Williams, Jeanette Armstrong. The class election will come next Wednesday from 4:00 to 6:00 o'clock in room 205 Tappan hall. Petitions for any office will be received by the election board until Monday noon.

The fresh dents nominated as follows: president, H. Wood, S. J. Kane, F. C. Peters, J. Robinson; vice-president, L. J. Deger, L. G. Steck, H. E. Schedine; secretary, H. E. Osborne, A. J. Rickards; treasurer, H. B. Ihg, R. L. Hooper; track manager, J. L. McEwen, O. L. Leight; basketball manager, M. McKenna, O. A. Miller; baseball manager, R. Mullan, W. G. Rich; football manager, H. Dennis and C. L. Price.

The fresh engineering class nominated: president, C. L. McBride, S. D. Alden; C. V. Skinner, W. Thomas, N. W. Patterson; vice president, D. J. Griffen; treasurer, R. E. Scott, E. Hart, W. E. Hansen, W. Cook; secretary, D. C. Davidson, H. A. Garrison; baseball manager, E. Marth, C. Hill, L. Davis, T. Dougherty; track manager, T. Smith, H.A. Taylor; basketball manager, D. C. Morgan, F. R. Hinch. The election will be held Saturday morning from 9:00 to 12:15 o'clock in room 311, new engineering building.

The fresh pharmic class nominated: president, John Maulbetsch, Stapleton; vice-president, Kiratz, Darling; secretary, Pierce, Goodman; treasurer, Vedder, Finzel.

The fresh medic class nominated

(Continued on page 4.)

Directory Will Print Fresh Officers.

Officers of freshmen classes will be published in the students directory, inasmuch as elections are later than usual such action is made possible by a special concession on the part of the publishers.

HEALTH BULLETIN IS BEING ISSUED

University Health Service is Preparing Publication to Distribute on Campus.

EIGHT RULES TO BE ENFORCED.

Eight rules for the safeguarding of student health and the promotion of university sanitation have been prepared by the university health service and will be distributed to the students in pamphlet form as soon as possible. Penalties for their violation will accompany the rules.

Under the new regulations spitting on the sidewalks or in any of the buildings will render the offenders liable to expulsion. Students with a chronic cough are to be sent to the health service for examination. All students using the gymnasium must be examined and cases of infectious disease will be referred to the health service. No common drinking cup shall be used and a weekly examination of the water supply will be made. If it is found to be in a dangerous condition notices will be posted about the campus.

The rules will be administered and enforced by a committee of the university senate to be appointed by the president of the university.

In addition, the pamphlet will contain a description of the health service, giving particulars in regard to the hours when examinations may be secured, the nature of these examinations, advice as to choice of rooms and suggestions for proper treatment of more common diseases.

CONVOCATION WILL SHOW UNIVERSITY'S PREDOMINANCE

President Hutchins Outlines His Plans For Continuance of Student Assemblies.

"The idea of the Convocation is to emphasize the predominance of the university over the departments, to announce new programs to the student body and to permit the faculties to meet the students at the beginning of the college year," said President Hutchins yesterday.

Now that the Hill auditorium is available, a convocation will be held every year during the opening week of college. Announcements relating to new courses and to changes in past courses will be made public at this time.

President Hutchins will address the body this year, but plans for the future include department addresses by the deans.

Valuable Fossils in State Collection.

Through the efforts of Prof. E. C. Case, of the geology department, a gift of 16 boxes of fossils has been received from H. H. Hendshaw, of Alpena. The fossils were gathered from the Divinian Rocks near Alpena and among them is the skull of a Dinichthys fish which will make a valuable addition to the collection of skulls now in the museum.

Rubber Line Makes Class Game Look Like Frenzied Mathematics

"First down and nine to go!" blithely calls the "betoqued" referee. A sickening crash. The crunch of snapping vertebrae. The howls of the dying, the maimed and the mortally injured ascend heavenward. The ball has advanced four yards.

Enter referee. "Second down and three to go."

A repetition of the aforementioned holocaust takes place. The plunging fullback is thrown behind his line. "Third down and two to go."

Think not, gentle reader, that this is a running account of a football match staged by psychopathic patients. Labor not under the hallucination that you peruse the tale of a nut house Turkeyday combat. It is not the pulsating presentation of frapped football as propounded by George Fitch and a Hoe press. It is taken from life and not the funny periodical that sells for a dime. It is an excerpt from the average interclass football game.

Far be it from us to fling to the world the accusation that the higher officials of said contests are "influenced." But the linesman's chain! Shades of Archimides and Ike Newton! One wise generator has handed down to succeeding generations, the axiom, "A chain is no longer than its greatest length." But that was said before gutta percha was invented and its properties made known to the world at large.

For out on Ferry field there has been discovered a chain which grows and shrinks at the will of the linesmen. When one linesman's team has the ball, the lines shrink at least a yard and when they lose it—a tug and presto, the distance between the stakes has grown to 36 feet.

Burlesque football? Heavens no! 'Tis merely a new phase of the elasticity of an iron chain.

EDUCATIONAL HEADS SELECT ST. PAUL FOR NEXT MEETING.

President Joseph Swain of Swarthmore in Ann Arbor for N. E. A. Board Meet.

At the meeting of the trustees and executive committee of the National Education Association held Tuesday and Wednesday in Secretary Springer's offices in this city, St. Paul, Minnesota, was awarded the midsummer convention of the association. About 18,000 members of the association will meet in that city in July, 1914.

President Joseph Swain, of Swarthmore College, James M. Greenwood, advisory superintendent of city schools, Kansas City, James Y. Joyner, state superintendent of public instruction for North Carolina, George B. Cook, state superintendent of public instruction for Arkansas, and Stanley Brown, Joliet, Illinois, were the members in attendance at the executive committee meeting in Ann Arbor.

Dean Vaughan Will Speak in South.

Dr. V. C. Vaughan, dean of the medical department, will leave this morning for New Orleans where he will deliver a lecture before the Mississippi Valley Medical Association.

MICHIGAN FLASH GOES 2000 MILES

After traveling more than 2,000 miles through space, a wireless message sent out by the University of Michigan station has been received by a Government operator on the western coast near Seattle, Wash.

Prof. H. S. Sheppard, of the Michigan station, learned yesterday of the long journey made by this message when he received a letter from a friend at Seattle stating that he had talked with the operator who took the message. Mr. Sheppard has also learned that a message which was directed to the University of North Dakota was picked up by a Government station on the Hudson near West Point, N. Y. The fact that these messages were received with great clearness shows the strength of the Michigan wireless instrument.

TEACHERS WILL HOLD BIG DINNER IN WATERMAN GYM

State Teachers Association Will Be Feasted and Entertained at Informal Affair.

The largest dinner ever given in Ann Arbor will be held for the State Teachers Association in Waterman gymnasium on Friday, October 31. The banquet will be served from 12:00 to 2:00 o'clock, and will be given under the auspices of the Collegiate Alumni. Fully 1,000 are expected to attend.

No speeches will be given but an interesting musical program has been arranged. Several selections from "Contrarie Mary" will be given by the Glee club. The Glee club will also sing, and a quartette of Chinese students from the Cosmopolitan club will furnish some original songs. The mandolin club and a company of Spanish students will also provide music to make the dinner hour one of pleasure.

The event will be extremely informal and those who attend will serve themselves to the chicken menu. All members of the faculty, alumni, and teachers are to be admitted.

Many to Attend Sigma Chi Dedication.

The Sigma Chi fraternity is preparing to entertain 350 persons at a reception to be held Saturday afternoon at 4:00 o'clock, prior to the dedication of the new chapter house at 548 South State street. Several noted alumni will be present at the banquet and formal dedication in the evening.

New Publication Secures Location.

Permanent quarters of the "Cosmopolitan Student," the international publication which will be issued in Ann Arbor after January, have been procured by the board of directors of the Cosmopolitan club at 611 Liberty street. Two rooms have been leased, one to be used as the office, the other for the library.

JIMMIE CRAIG WILL DON HIS GRIDIRON TOGS

Michigan's Star Half-Back Turns Up at Athletic Office and Asks For Complete Outfit.

STRONG BACKFIELD HAS BEEN YOST MACHINE'S CRYING NEED

Veteran of Two Seasons Will Be Out For Practice Early Next Week.

"Jimmie" Craig will play football!

This announcement, fraught with significance, was made yesterday afternoon at the office of the Michigan athletic association, and by way of ocular proof of its authority, Craig himself appeared at the office and applied for a football outfit.

A realization of Michigan's need for his presence in the Wolverine backfield, brought home to him by appeals from coaches and students, prompted Craig to renounce his intention of remaining out of gridiron activities this season. His decision to play once made, he lost no time in putting it into effect, and yesterday he was present at the Ferry field clubhouse watching the Michigan team go through its final drill.

Craig will not accompany the Varsity to Nashville and during the remainder of the week it is expected that the star halfback of two seasons past will take light work on Ferry field. When the Michigan team returns from Nashville it is believed Craig will be ready to step into his old place at half, at least for signal drills.

Craig first decided to don the padded breeches once more when Bushnell was prevailed upon to return to the game. A little reluctant about making his decision public, he planned to work out in Waterman gymnasium until he got into condition. His plans did not meet with the approval of Trainer "Steve" Farrell, however, and it was suggested that Craig might better do his conditioning work out on Ferry field where he could handle a football at the same time.

And so Craig will be out there playing for Michigan for the rest of the year.

"LOUNGER" WILL BE HELD AT UNION FRIDAY NIGHT.

"Lounger" night at the Michigan Union is scheduled for Friday night as usual. The committee is making arrangements to entertain the members so far as possible. Bridge and other card games will be played by those who desire. The Union officials desire to make a custom out of these Friday night gatherings. Lunches will be served at the regular hamburger prices.

Waterman Gym to Have New Showers

An up-to-date set of shower baths will be installed in Waterman gym on the completion of the new power house. According to Dr. May, physical director, the water supply has been unreliable and deficient under the old system. This will be remedied by the new equipment.

GREEN 'MUMS' TO FEATURE EXHIBIT

Green chrysanthemums, recently discovered in the famous Austrian gardens and brought to this country through the efforts of a professor in this university, will be shown, together with 100 other varieties, at the annual display of "mums" to be held at Alumni Memorial hall throughout the month of November.

These remarkable flowers are the only ones of their kind in the United States and are a rare curiosity. According to statements of the botany faculty, the coloring is natural and not obtained by artificial methods or breeding of different varieties.
