## MICHIGAN MEN PREPARED FOR FINAL BATTLE

**Representative Teams of East and West Stage Final Contest Upon Ferry Field This Afternoon.**

**BOTH TEAMS POLISH PLAYS IN LIGHT SIGNAL PRACTICE**

**Thousands of Alumni and Visitors Are Pouring Into Town to View Struggle.**

The stevens of Pennsylvania and Michigan will clash on Ferry field this afternoon in the annual football game between these old rivals. Indications point to the most spectacular contest ever staged on the historic Wolverine gridiron. A crowd estimated at from 20,000 to 22,000 will be present.

Coach Yost put his men through their final practice yesterday afternoon on Ferry field. He confined the drill to the simplest kind of a signal practice, his aim being to avoid all possibilities of the kind of injuries which have put Traphagen out of the contest.

Coach Brooks will lead his men into Ann Arbor a short time before the game. The Quakers have been quartered at the Country club grounds near Detroit and have been going through light drills for the past few days.

Reports from Detroit yesterday indicated that Pennsy would be minus the services of her two stars, Marshall and Minds. Just how authentic these rumors are could not be determined last night, but it was thought more than likely that these two best bets for Penn would be seen in the big battle.

A big crowd of Pennsy rooters will reach Ann Arbor this morning, ready to give their support to the Red and Blue players as they invade Ferry field. Thousands of Michigan alumni will be on hand. Every train reaching Ann Arbor last night brought its quota of "grads" and visitors. Tickets were at a premium last night and it was feared by athletic association officials that there would be some scalping. Extra precautions have been taken against this and any infraction of the law will be rigorously

## ALUMNI ATHLETES LAUNCH NEW CLUB

At a meeting held at the Michigan Union last night, thirteen "M" men organized a club known as the "M" club, designed to arouse more interest among former wearers of the Varsity cabinet. Membership in the club is open to all "M" men.

Homer Heath, manager of the Union and former broad-jumper, was elected temporary chairman and Intramural Director Floyd Rowe, secretary. Among those present were: Adolf Schulz, George C. Thomson, Carroll B. Hall, Walter Bennett, Ralph A. Mellon, Frank Cole, F. C. Cole, Tom Hammond, Harry Hammond and Walter Graham.

Meetings will be held annually at the Michigan Union on the eve of the big football games. The club will secure the best of accommodations for all members attending the games, and will make special efforts to arouse interest in present day Michigan athletics.

**Souvenir Program Meets With Favor.**

The souvenir program of today's game, put on sale yesterday noon, has met with a large sale. The book has thirty-six pages and is neatly bound in a cover of five colors. It contains statistics of both teams, pictures of the players and coaches and an interesting story on the "Twelve Years of Yost."

## HUTCHINS AND YOST TALK AT BIG YELL FEST

**President and Coach Break Precedents to Add to Enthusiasm at Biggest Mass Meeting Ever Held.**

**BOTH PREDICT VICTORY IN GAME WITH PENNSY TODAY**

**New Songs and Yells Tried Out—Alumni Inspire Rooters With True Spirit.**

"A man would be dead if proceedings like these did not stir him," said President Harry B. Hutchins, in addressing the largest and most enthusiastic mass meeting audience that ever assembled to stir up pep in the history of the university, held in Hill auditorium last evening. "My heart is with you," he continued. "We expect you to win tomorrow, to do your full duty, and we believe that tomorrow night we will have another victory recorded to our credit."

For the first time since Fielding H. Yost has directed the destinies of the Varsity squad, he responded to a call for "Speech, Speech, Speech." He sent the rooters into wild enthusiasm when he spoke of his team.

"I have a fighting bunch of men full of determination. They carry the 'punch' that is necessary in football. They are quick, and determined, every one of them. If the team shows half the enthusiasm that you show here tonight, there will be no question of the outcome."

New York City's alumni association was represented by Dr. R. S. Copeland, '81L, who brought before the team and students the feeling that the eastern graduates cherish for their alma mater's football team. "If I could take a picture of this assembly tonight to every alumnus, there would be no croaking graduate who would ever say that there is no spirit here in Ann Arbor." He predicted a score of 30 to 0 in today's battle.

Frank Murphy, '12-'14L, represented the student body on the program.

## NEW TRADITION MADE OFFICIAL BY RESOLUTION

**Regents Make Convocation Day Annual Event by Vote at Regular November Session.**

**SORORITY SUGGESTS CHANGE IN EXISTING MATRON SYSTEM**

**Petition Received to Repair Stage in University Hall For All Dramatics.**

Convocation Day, the newest of Michigan's traditions, was made official and permanent when the Board of Regents, in its regular November session yesterday passed a resolution setting the date of the October meeting as the time on which the annual Convocation should take place.

On that day, according to the action taken, the Regents and faculties will give a dinner to all the new faculty members and their friends.

Many degrees were awarded in the various departments, in addition

## REGENTS VOTE DOWN RETURN TO CONFERENCE

**With Only One Dissenting Ballot Board Puts Quietus on Future Negotiations With The West.**

**RESOLUTION IS PASSED AS EXPRESSING PRESENT VIEWS**

**Action Means Extension of Michigan's Athletic Relations With Schools of East.**

The Michigan Board of Regents, at its session on Friday, voted by a nearly unanimous ballot against a return of Michigan to the Intercollegiate Conference. The resolution was introduced by Regent Lucius L. Hubbard, of Houghton. Regent W. H. Sawyer, of Hillsdale, was the lone member of the board to cast his ballot against the resolution.

By its action the Regents for Michigan figuratively bid farewell to the Conference, expressing their appreciation of what the Conference has done for athletics and pledging Michigan's support to any further moves toward raising of present standards. It is believed that the intent of the resolution is to break off all negotiations with the Conference board, and to stop all future agitation for years to come.

The passage of the resolution will mean, it is expected, that Michigan will cast her lot with the east for the next half dozen years at least. This would mean that the present relations with Pennsylvania, Cornell and Syracuse, will be kept up if possible and that an attempt will be made to get Michigan on the schedules of other eastern universities.

The following is the set of resolutions passed:

Resolved, This board deems inexpedient under present conditions a return of Michigan to the Western Conference and deems undesirable the continued agitation of the subject on the campus.

The board wishes to express its sense of appreciation to those members of the Conference that have in-

## WIRELESS FLASH TO SEND SCORES

Wireless flashes, giving the reports of today's game by quarters, will be given out by the university station. F. J. Watts, a fresh engineer, who has had experience on the coast as an operator, will send out the messages. The reports of the game will not be directed to any set of stations, but will be hurled into space for the benefit of those wireless stations which may care to receive early data on the Pennsy game.

The Michigan Daily will publish a big yellow Pennsy-Michigan sporting extra. Copies of this paper will be on sale everywhere immediately after the game. There will be a complete detailed report of the game, play by play, as well as feature sport stories, and football pictures. This is the only complete football souvenir of the year. Watch for the big yellow sporting extra!
