MICHIGAN DEFEATS AGGIES BY 3 TO 0; TOMMY HUGHITT MAY NOT PLAY AGAIN

Veteran Quarter Dislocates Elbow in Tackle Which Prevents Blake Miller From Scoring

WHISTLE CLOSES FIRST HALF ON VARSITY SIX YARD LINE

Wolverines Play Waiting Game Against Farmers Trained For "Big Game"

LANSING, MICH., Oct. 17.—Michigan defeated the Aggies 3 to 0, but "Tommy" Hughitt may not play football again for Michigan. The Varsity quarterback dislocated his elbow in the final quarter after tackling Blake Miller, who nearly got away to a clear field after Splawn had kicked the goal which gave the Maize and Blue the winning margin.

Yost's men, using scarcely more than a dozen plays, were forced to the limit by the Farmers all during the first half, and just before it closed the Aggies made a march to the Varsity goal, which was stopped on the six yard line as time was called. This was the nearest that either team came to crossing the opponent's goal-line.

In the third quarter, however, Michigan failed to make a first down on the Farmer six yard line by inches, and in the final period the Wolverines, with little time left, carried the ball to the fifteen yard line, and Splawn goaled.

Analysis of Play

Michigan used one delayed pass and three forward passes. Outside of these four plays, in the second half, the men of Yost kept their hands covered, playing the "watchful waiting" style of game. A forward pass, Hughitt to Lyons, gave the Varsity a first down on the Aggie 15 mark and after Hughitt had lugged the ball in front of the bars, Splawn did the work.

In the first half Deprato failed twice at field goals, but after that the Aggies never had a real scoring chance. The Macklin men played great ball, however. Captain Julian was the offensive star, although Maulbetsch pushed him close.

Cochran played the greatest game on the Michigan line, although suffering from tonsilitis. Rehor and McHale, the heavyweight guards also put up a great battle against Smith and the other veteran farmer forwards, the honors in this department being about even.

Macklin kept his eleven starters in the entire game, the superior condition of the Aggies, trained to the minute for their big game, telling. Yost sent in practically an entirely new team, Raynsford, Rehor and Maulbetsch being the only starters left at the final whistle.

Gains Made by Teams

Around the ends, the Aggies had it all their way, until Efton James went in. Julian and B. Miller tore off great gains around the flanks and the Aggies netted 115 yards to 18 for Michigan by this mode of attack. On line plunges Michigan made 91 and the Farmers 98, the duel being between Julian and Maulbetsch, principally.

At forward pasing, however, Michigan outplayed the Farmers. The Aggies tried ten and made one while Michigan tried three, and made one in the crisis of the final march. The Wolverines had the punch that spelled victory. Penalties were so numerous that they interfered with the work of both teams. Michigan lost 65 yards, and the aggies 85.

Score Shows Merits

Michigan played conservative football with the Syracuse coaches in the stand. M. A. C., however, played her strongest game and lost. But it was an honorable defeat, and the score represents, quite fairly, the relative merits of the two teams.

The play by quarters:

First Quarter

Captain Raynsford won the toss and chose the south goal. Julian fumbled after reaching the 30 yard line but the Aggies recovered and after an attempted forward pass had been blocked Deprato kicked to Hughitt on Michigan's 35 yard line. Splawn gained 8 yards on a fake punt and Michigan lost the ball on a fumble in the next play.

Deprato put the ball on Michigan's eight yard line and after time out for Hughitt, Splawn returned the ball to the center of the field. The line held against Julian and Michigan got the ball on her own 30 yard line. Splawn again punted and the Aggies lost 15 yards for holding. Roehm replaced Bushnell at right half. A line play by Julian and a punt by Deprato sent the ball to Michigan's 40 yard line where Splawn kicked. M. A. C. was penalized 15 yards for holding by Blacklock, and time was called for Staatz who was replaced by Dunne after the next play. M. A. C.'s ball in midfield, end first quarter, Michigan 0, M. A. C. 0.

Second Quarter

An exchange of punts gave the Aggies the ball on Michigan's 40 yard line. After a trick play through the line which netted the Aggies their yards Hughitt was replaced by Huebel. The Farmers were again penalized and were sent back to the Wolverines' 40 yard line. After Deprato had failed to kick a goal from placement at that position the ball was scrimmaged on Michigan's 20 yard line.

A reversed penalty gave Michigan the ball and Splawn punted from the 5 yard line. Two good runs by B. Miller and Julian and the one successful Aggie forward pass, netted 42 yards for the Farmers. Another penalty sent the ball to Michigan's 30 yard line where another attempt at a goal from the field failed. An intercepted forward pass gave the ball to Michigan on her 35 yard line and Splawn kicked. Two runs by H. Miller and a penalty sent the ball to Michigan's five yard line. Julian failed to gain through the line as the half ended. Michigan 0, M. A. C. 0.

Third Quarter

Hughitt started the second half at quarter. An exchange of five punts gave M. A. C. the ball on her own 25 yard line where Lyons intercepted an Aggie attempt at a forward pass. Maulbetsch made the yards for Michigan in two downs. On the M. A. C. five yard line the Aggies braced and their line held. Deprato punted to Roehm on M. A. C.'s 40 yard line.

Michigan's attempted forward pass went out of bounds on M. A. C.'s 30 yard line, where the Aggies took the ball. A five yard penalty gave the Farmers first down on their own 35 yard line. Deprato punted to Roehm on Michigan's 42 yard line. Michigan's ball in midfield, end third quarter. Michigan 0, M. A. C. 0.

Today and Tomorrow

TODAY

G. R. Swain speaks, Congregational church, 6:30 o'clock.

Dr. James H. Richards, "Y" Majestic meeting; moving pictures 6:10 o'clock; address, 6:30 o'clock.

Prof. J. W. Langley speaks to young people, Unitarian church, 7:00 o'clock.

Rabbi Elkan C. Voorsanger speaks to Jewish students, McMillan hall, 6:45 o'clock.

TO EXTEND REACH OF WIRELESS

Station to Have Range of 3,000 Miles After Repairs

After the repairs have been completed the university station will have a regular working range of 3,000 miles, and will be able to work with both the Atlantic and Pacific coasts. At present the station is in communication with all the states except Alabama and Kansas, in which there are neither private nor commercial stations with which the university wireless operators are able to talk.

A schedule of all private stations with which the university station is in communication will be worked up, and the operators here will probably be working with the commercial stations at all times. Only students who are licensed wireless operators will be employed this year. D. A. Nichols, '18E, who has been an operator for the Marconi company for the past three years in their Great Lakes stations, will act as chief operator.

BOSTON PREACHER LECTURES TONIGHT

Paul Blanshard, '14, Predicts That Dr. J. A. Richards Will Make Impression

Y. M. C. A. HOLDS THIRD MEETING

Dr. James A. Richards, pastor of Mt. Vernon church, Boston, of which Dr. Albert Parker Fitch was pastor before becoming president of Andover Theological Seminary (Harvard), will be the principal speaker at the third "Y" meeting of the year at the Majestic theater at 6:30 o'clock tonight. He will talk on "A Fine Fight."

Paul Blanshard, '14, Michigan's honor orator last year, who is studying in Andover Theological Seminary, in a letter to the university Y. M. C. A. officials, commented on Dr. Richards as follows:

"His sermon impressed me very much. He has plenty of vigor and I think he will be a success in Ann Arbor."

Moving pictures, beginning at 6:10 o'clock, will precede Dr. Richards' address. A chorus, composed of university students, will lead the singing. A stereoptican slide containing the words of "The Yellow and Blue," will be thrown on the screen for the benefit of the freshmen who are not yet acquainted with the song.

Dr. Richards will also address members of the First Congregational church Sunday morning at 10:30 o'clock.

Dean C. Worcester Donates Documents

Documents of a valuable nature relating to the Philippine Islands have been received by the university through the board of regents from Dean C. Worcester, '89, Sc.D. '14, member of the second Philippine commission and until recently Secretary of the Interior of the Philippine Islands.

Further provision has been made for the copying of a series of selected documents, numbering about 250,000, which were captured by the army during the insurrection in the Philippines. These have been written in Spanish, Spanish cipher, and the native dialects, and have been translated after four years' work.

Y.M.C.A. Officers Seek Committeemen

Officers of the University "Y" are making a big campaign to enlist committeemen to work out the plans projected for the year. Four hundred men are wanted and letters are being plaining the need for workers. Alsent to the entire membership exready more than 100 have responded, though only a portion of the list has been mailed.

PURCHASING AGENT C. L. LOOS RESIGNS

Regents Also Accept Withdrawal of Dr. C. A. Burrett; Give French Instructor Leave of Absence

GRANT NUMBER OF DEGREES TO STUDENTS IN SUMMER SESSION

Approve Appointments of Assistants; Receive Fellowships and Other Gifts

Charles L. Loos tendered his resignation to the board of regents and it was accepted at the monthly meeting which ended yesterday morning. It will take effect January 1.

The resignation of Dr. Claude A. Burrett, as professor of surgery and genito-urinary diseases and dermatology, and registrar of the homeopathic medical college, was received, and accepted with regret. Dr. Burrett has associated himself with the newly established homeopathic department at Ohio State university. Indefinite leave of absence was granted to Rene Talamon, instructor in French, who is at present serving in the French army.

Recognizing the importance of establishing a demonstration school for the benefit of the department of education at the university, the board of regents voted to have the matter brought before them for detailed consideration at the November meeting.

The university health service was authorized to give free medical examination to all entering students, especially to those not taking physical training. The regents also voted to give to students of the Michigan Normal college the right to receive treatment at the university hospitals.

Arrangements for a combined course between the engineering department and Albion college were approved by the regents. Details of these arrangements were not considered.

The carrying on of extension lectures at Saginaw on the credit plan was authorized.

Dr. Leroy Waterman, professor in the Meadville Theological seminary, Meadville, Pa., was elected professor of Semetics, his term of service to begin in the fall of 1916. C. C. Glover, teaching assistant in pharmacy, was appointed instructor in that department. P. H. DeKruif, was appointed instructor in bacteriology. Dr. Chas. B. Abell was appointed instructor in thernology. Permission was granted to the dental and English departments to increase the number of assistants to take care of the enlarged enrollment. Provision was also made for an additional assistantship in the laboratory for testing road material, as the number of requests from municipalities for such tests has increased beyond the capacity of the present teaching force.

The resignation of Miss Franc Pattison, assistant in the general library, was accepted.

The regents accepted an offer of Dr. W. E. Upjohn, of Kalamazoo, to provide a fellowship for one year for research work under Dean V. C. Vaughan, of the department of medicine and surgery. Roy Webster Pryer was appointed Upjohn fellow. J. R. Dean was appointed holder of the fellowship of the Flavoring Extract Manufacturing Co., for the year 1914-1915. Several other gifts were received.

Dr. E. L. Troxell was engaged to mount the fossil hippopotamus, which was donated to the university by Ex-Gov. Chase S. Osborne.

The electrification of the spur railroad running between the Michigan Central tracks and the university store-rooms was referred to the buildings and grounds committee, with instructions to obtain estimates of cost and report at the November meeting

HUTCHINS TO TALK TO ALL FRESHMEN

H. B. Carpenter, '14-'17L, Also Speaks; A. M. Reid Toastmaster at Union Dinner

PURPOSE TO ACQUAINT NEW MEN

President Harry B. Hutchins will be the principal speaker at the all-freshman dinner to be given at 6:00 o'clock Wednesday evening at the Michigan Union. H. Beach Carpenter, '14-'17L, managing editor of The Michigan Daily, will be the student speaker. Allen M. Reed, '13-'15L, will act as toastmaster. Musical numbers will be furnished by a freshman orchestra.

The affair is fostered by the Union and is the first dinner of the kind ever held. Freshmen from every department may attend. Tickets selling at 50 cents each may be obtained at the Union desk or from any member of the committee in charge, of which J. C. Leonard, '17L, is chairman.

Opportunity is afforded to those who attend, of becoming better acquainted. The problem of furnishing a chance for freshmen to become acquainted with one another at the beginning of the year has always been a serious one and this event bids fair to help largely in accomplishing this purpose. Nominations for offices in the various freshman classes will be made very soon and the dinner is expected to produce much more intelligent choices.

AUTOMOBILE DEPARTMENT TO PRESENT MAXWELL CO. FILMS

Research Students Work on Subject of Back Prsesure Caused By Mufflers

Arrangements with the Maxwell Motor Car Co. have been made by the automobile department, for the presentation in Ann Arbor of their moving picture films and lecture entitled "From Molten Steel to Automobile." The lecture will be given under the general auspices of the Engineering society in the latter part of October and will be free to all interested.

In the automobile research course, Messrs. Buell and DeGowin, senior mechanical engineers, are doing special work on automobile mufflers, in an attempt to formulate laws governing the loss in motor horse-power output as influenced by back pressure and general muffler design. They have been presented with standard mufflers by the Ford and Hudson motor car companies, as well as with several special designs.

Two Marvel carburetors were recently presented to the automobile department for laboratory testing work and demonstration.

FRESH TAKE THREE POINTS A MINUTE

Douglas' Machine Dazes Adrian Line Through Use of Open Game; Scores Touchdowns at Will

ADRIAN ABLE TO HOLD ONLY WHEN PLAYS HIT HER LINE

Dunne and Schultz Individual Stars at Quarter and Right Half Positions

(Special to The Michigan Daily)

ADRIAN, MICH., Oct. 17.—Michigan's All-Fresh eleven came within four points of rolling up a three point a minute score against Adrian this afternoon. In two 10 and two 12 minute quarters the youngsters scored 128 points against a zero score for their opponents.

Dunne at quarter and Schultz at right half were the individual stars for the protegees of Coach Douglas in their first game away from their home gridiron. Schultz played a strong offensive game at half scoring five of the 19 touchdowns made by the All-Fresh. Smith was second with four, and Dunne, who was removed for a part of the game was third in the total with three trips over the goal line to his credit.

All manner of football proved to be of the ground gaining variety for the freshmen, line bucks being the only play that Adrian could hold at all. Forward passes and end runs were the greatest ground covering plays. Romans, playing one end for a part of the game, and Robins at the other managed to score two counters apiece on the open work stuff.

Adrian seemed confused by the open play of Douglas' boys and showed only at its best when the attack was concentrated upon the line. At that point she proved herself able to hold her own, and with this discovery the line play was abandoned for open play where the fresh scored at will.

The line-ups:

Freshmen		Adrian
Inghams, Robins	LE	Laudenslauger, Yoke
Pobanz	LT	Hart, Richardson
Henrickson, Willard	LG	Ryan, Carpenter
Thompson	C	Soule
Whelan, Shultz	RG	Steinfeldt
Ewert	RT	McKnight, Richardson
Romans, Brazell	RE	Moore
Dunne, Friedman	Q	Cutlin, Symonds
Schultz, Foster	LH	Symonds, Hart
Raymond	RH	Lewis
Smith, Dunne	FB	Rogge

Score	1	2	3	4	Total
Mich. All-Fresh	41	36	21	30	128
Adrian	0	0	0	0	0

Touchdowns—Schultz 5, Dunne 3, Smith 4, Romans 2, Robbins 2, Foster, Brazell and Raymond. Goals from touchdown—Schultz 7 in 10, Willard 7 in 9.

Officials—Referee, Wesley; Umpire, Davis; Headlinesman, Sala.

Find Michigan Men in "Who's Who"

Michigan graduates form three per cent of the total number of names included in the new volume of the 1914 edition of "Who's Who in America" which has been recently published. These figures, which were obtained from Lieutenant Thomas M. Spaulding, '05, now at Washington, D. C., show an increase of twenty-five graduates and former students over the compilation made from the 1913 edition, when there were only 604 Michigan students as opposed to a total of 629 for this year.

"Yellow and Blue" thrown on the screen. Come and learn the words!
