VOL. XXVII. No. 19. ANN ARBOR, MICHIGAN, TUESDAY, OCTOBER 26, 1915. PRICE FIVE CENTS

GIVE OUT FIGURES OF DEAN COOLEY'S D.U.R. APPRAISAL

TOTAL VALUE OF ROAD PLACED AT $50,577,000 IN FINAL LANSING REPORT

RIGGS REPORTS URBAN VALUES

City Property Listed at $29,000,000 in a Report Submitted Later

Dean M. E. Cooley's appraisal of the Detroit United Railway property is completed, and figures submitted to the railway commission at Lansing yesterday place the value of the road in round numbers at $50,577,000. This is the cost of reproduction of the system, less depreciation. Included in this value are all the urban and interurban properties as they existed on January 1, 1915, and also the value of the franchises, in round numbers $7,753,000, for the entire system as figured by J. F. Kolbe, of the department of political economy.

A few moments after Dean Cooley had submitted his figures, Professor H. E. Riggs, of the engineering college, handed in his report of $29,000,000 as the valuation of the urban properties of the D. U. R. This is also the cost of the reproduction of the system, less depreciation, and includes the urban franchise value, which is in round numbers $6,150,000. The two valuations are separate and distinct, the former being ordered by the Michigan railway commission and the latter being a later order from the same source after the people of Detroit had recessed it in the interests of municipal ownership.

The publication of the figures for the urban properties of the system is causing no interest intense in the Detroiters, coming as they do a few days before the purchase plan, now before the people, is put to a vote. The value made public yesterday is in close accord with the appraisal of the system made last year by Professor Friday and Mr. Bemis, differing from it by less than five per cent.

The report handed to the railway commission yesterday brings to a close a labor extending over a period of fifteen months. Dean Cooley, with a staff of competent engineers and a host of undergraduates from the engineering college, has successfully brought to completion "the most elaborate investigation ever undertaken by us for the Michigan railway commission." Although the appraisal was ordered in July, 1914, the work was not actually started until September, or toward the completion of the Pere Marquette appraisal, it being desired to use as far as possible the same staff on the Detroit United appraisal.

The field work was finished May 1, 1915, and the computation work July 1, 1915. During July and August the company was given a chance to check the inventories and unit prices. It may be said in passing that this review by the company increased the final result but slightly—less than one-quarter of one per cent. The time since August has been consumed in determining the franchise values.

ANN ARBOR UNION COMMITTEE HOLDS LUNCH AT NOON TODAY

Buffet luncheon will be served at the Union at 12:15 today, when the Ann Arbor committee in charge of the Union campaign will have their first meeting in concentration week, which begins all over the country today. D. W. Springer, '04, '05E, is chairman of the committee, and the entire committee of 90 men is expected this noon. About $15,000 has been raised in town among the alumni since the campaign opened.

The Pep Is Here! Come On, East!

Mammoth Snake Dance Follows Up Mass Meeting, Signifying Moral Victory

Enthusiasm did not die with the closing notes of the "Yellow and Blue" at Hill auditorium last night. It was not the spontaneous spirit that is born in a moment's notice and as quickly disappears.

Instead it was of the sort that has made Michigan known in the past the kind that has created miracles in athletic circles to stand forever in collegiate history.

After the wonderful demonstration at Hill auditorium, a full thousand students followed the band through the downtown district and back to the campus in a snake dance that bore no toleration of the thought of defeat. Ann Arbor has seen many student parades through her streets, but she never saw one like that of last night. The undergraduate body many times has celebrated a football victory in such fashion, but last evening's jubilee was in commemoration of a moral victory.

And there in front of the campus, the "Yellow and Blue" rung with renewed vigor, registered a vow that Michigan is behind her eleven and that team and student body alike are united in a firm resolution to fight.

Let the blast come on!

TWO FACULTY MEMBERS RECEIVE HIGH HONORS

Doctors Kinyon and Myers Will be Initiated Into American College of Surgeons

Dr. C. B. Kinyon, '78H, professor of obstetrics and gynecology, and Dr. Dean W. Myers, '91H, professor of ophthalmology, otology, rhinology and laryngology, both of the Homeopathic Medical school, have left for Boston, where they will be initiated into the American College of Surgeons.

Dr. Kinyon has been connected with the Homeopathic Medical school for thirteen years, and Dr. Myers became one of the faculty in 1905. Dr. Kinyon enjoys the distinction of being one of the first graduates of the school, which was founded in 1875.

The honor of being a member of the American College of Surgeons is one of which very few surgeons throughout the country can boast. Michigan may well be proud of the members of its faculty who count themselves among the members of the organization. Among Michigan's representatives are Dr. C. B. G. de Nancrede, Dr. Reuben Peterson, Dr. C. G. Darling and Dr. R. B. Canfield.

Drs. Kinyon and Myers are expected to return to Ann Arbor in a week or ten days.

New Gymnasium for Indiana

Bloomington, Ind., Oct. 25.—Indiana's new $175,000 gymnasium has been officially started by a huge bonfire built on the spot where the new building will soon stand. The wood for the fire was gathered by having some 1,000 students clear the site of the orchard which now covers it. The new structure when completed will have greater facilities for training than any other college gym in America. There will be an immense swimming pool as well as an indoor athletic field for football and baseball.

Girl Aggies Compete for Prizes

Champaign, Ill., Oct. 25.—The University of Illinois Agricultural college is offering two silver cups as prizes in an essay contest in that school. Already forty students have signed up in the competition and as soon as the prizes are displayed there will probably be again as many.

UNION MEN OPEN FINAL EFFORT OF CAMPAIGN TODAY

CONCENTRATION WEEK TO WIND UP 30-DAY CANVASS OF ALUMNI

CONFIDENT OF FINAL SUCCESS

Expect Offers of Student Aid in Getting Out 20,000 Letters to Alumni Throughout Country

Concentration Week in the Michigan Union's national campaign for a new clubhouse will be officially opened at noon today when the 268 committees engaged in the work will hold local meetings from which reports will be wired to the Ann Arbor office.

Plans for the closing week of the campaign have been in the making for the past month, and nearly one of the more than 2,800 men engaged in the country-wide canvass have promised to give their whole time to the final effort to reach the million dollar mark.

Beginning today, daily committee meetings will be in order in every city where Union headquarters have been established, local reports being sent in to the central office, and the national total being received and read each day.

With a total of $348,824, exclusive of student subscriptions, already raised, the central committee realizes that it will require a tremendous amount of work to bring the grand total up to the million mark in the next five days, but everyone connected with the national building campaign is confident of the ultimate success of the project.

Reports from the Rochester, N. Y., committee give an idea of what the local committeemen are doing all over the country. A telegram received at the Union office yesterday announced the signing of seven additional life memberships since the last report and the chairman of the Rochester committee added that with the aid of the Concentration Week enthusiasm, he expected to report a total of 150 life memberships, totaling $7,500.

It is this spirit of the final week that is being counted upon to bring up the grand total to the huge sum as the aim of the 3,000 campaigners, and every effort is being made this week to round up those alumni of the university who have not yet given something to the building fund.

The central office is sending out 20,000 letters to Michigan alumni today, in an effort to increase the interest in the gigantic task that the Union workers have undertaken. It is expected that student aid will be forthcoming in the task of getting these letters out this morning, as the time of students engaged in this work will be as valuable as actual contributions to the fund.

President Harry B. Hutchins is to speak at banquets in Kansas City and St. Louis this week in the interests of the Union campaign, in an effort to stir up the enthusiasm of the committees in those cities for the final week.

Few of Crew Escape

Berlin (via London), Oct. 25.—Only a small part of the crew of the German cruiser Prince Adalbert, which was sunk by a British submarine in the Baltic on Oct. 23, have escaped, according to an official announcement here today. The report says that the vessel was sunk by two torpedoes fired while it was cruising near Midau, near the Russian port of Riga. Its complement was 597 men.

The statement adds that heavy fighting by the troops of Field Marshal von Hindenburg with the Russians continues near Riga.

ALLIES GAIN IN FRESH OFFENSE IN WEST ZONE

PARIS REPORTS RENEWAL OF ATTACKS ON TEUTONS IN CHAMPAGNE REGION

GERMAN PLANS DISORGANIZED

Kaiser's Troops Regain Only Portion of Trenches Taken by Anglo-French

Paris, Oct. 25.—The expected renewal of the Anglo-French offensive in the west has begun. The official statement from Paris issued early this afternoon reports the capture of an important series of works known as "La Courtine" in the Champagne district. The gains are along a front of 2,900 feet and are about 150 feet in depth. The series of trenches were taken after a desperate hand-to-hand encounter.

Tonight's official communique, however, admits that the Germans have succeeded in regaining a portion of the trenches in the Champagne lost to the French earlier in the day, but states that the Teutons have only succeeded in gaining a foothold in the center of the lost positions.

The report says that the German trenches were strongly fortified, but that terrific artillery fire from the French batteries paved the way for a successful infantry attack.

Disorganize German Plans

London, Oct. 25.—High officials here believe that the offensive of the allies in the west, which was begun a month ago, to be renewed again yesterday by an important French victory in the Champagne, has effectively disorganized the German plans in France and Belgium.

Owing to the strict censorship, details cannot be published, but it is said that the confusion of the Germans when surprised by the allies' attacks was appalling. The Teutons, it is said, were forced to rely upon a miscellaneous collection of troops in attempting to repel the assaults.

Another Aid Raid on Venice

Rome (via Paris), Oct. 25.—Austrian aeroplanes again attacked Venice today.

A squadron of three aeroplanes sailed over the city at 2:40 o'clock this morning, dropping a number of bombs. The damage is reported to be insignificant.

Bulgars Take Mountain Ridge

Berlin (via London), Oct. 25.—An official statement made here today tells of the capture by the Bulgarian troops of a mountain ridge about 20 miles from the Serbian frontier. This ridge marks the course of the principal railroad to Constantinople. The report also claims further advances all along the Serbian frontier.

Berlin also reports a determined forward movement of Bulgarian troops near the Roumanian frontier.

French Invade Bulgaria

London, Oct. 25.—The French troops have invaded Bulgaria, according to an announcement made here today, and Rabrovo, one mile inside the Bulgarian frontier, has been captured by troops of the republic under General Sarrail.

The French troops are trying to outflank the Bulgarian army which crossed into Serbia at Egri Palanka.

Many Canadians Killed

Ottawa, Ont., Oct. 25.—The Canadian forces fighting with the allies have lost 3,616 men killed since they were sent to the front, according to a statement given out by the authorities here today. The total casualties in dead, wounded and missing were 15,192.

MUSICAL CLUBS HOLD SMOKER AT UNION TOMORROW EVENING

Glee and mandolin club men hold their first combined smoker at the Michigan Union at 7:30 o'clock tomorrow night, instead of Thursday night as planned. The musical club men made the change to allow the combined committees of the "Dandertainment" to hold a pep smoker on Thursday.

Frank Wheeler, '16E, president of the musical clubs, desires that all men having vaudeville talent be present at the Union at this time and stage whatever acts they have. Promising material will be coached and the best will be taken to the Pacific coast with the clubs in the spring. The list of mandolin club men chosen for the club will be published in Wednesday morning's Daily.

WORTH FIGHTS CHARGES IN MAJESTIC RIOT CASE

915 Engineer Claims He Had Bought Ticket and Was Going in Legitimately

USE OF HUSH MONEY HINTED AT

C. B. Worth, '15E, will be placed on trial before Justice Doty this afternoon on a charge of disorderly conduct, arising from an alleged attempt to rush the doors of the Majestic theater in company with several students about two weeks ago.

Worth claims that he had a ticket and was engaged in a strictly legitimate attempt to see the show. He is considerably incensed over the matter and threatens to bring suit for false arrest and imprisonment.

The statement is said to come from a creditable source that those responsible for his arrest have offered him $25 "hush money" to keep quiet and make no trouble.

Worth was a member of the Varsity band while in the university. He is now at the head of the newly-organized chemistry department of the Dodge automobile factory in Detroit.

WOMEN ALSO ENTHUSE

YOST CALLS MEETING GREATEST HE HAS EVER BEEN AT MICHIGAN

BY HENLEY HILL

Over in Lansing last night they say, M. A. C. rooters had the time of their lives as the result of Saturday's game.

But M. A. C. rooters didn't have half the cause for genuine exultation in victory that Michigan men have today over last night's "come-back" meeting in Hill auditorium.

The Hill was not the "pepper box." Four thousand Michigan men in shirt-sleeves stood up, part of the time on their seats, and yelled, according to old alumni, like Michigan men never yelled before. And 500 Michigan women, catching the "Michigan spirit," earned a place as Michigan rooters with an enthusiasm that rivalled that of the men.

"Ed" Shields, '91, '93L, "Jim" Strasburg, '92, and Frank Murphy, '12-'14L, the pick of Michigan's alumni orators, did most of the talking, and they got the crowd into a pitch of enthusiasm that drove off the last particle of gloom.

Not a word of reproach or alibi was uttered. Instead, the famous Michigan "come-backs" in previous years were cited to prove that early defeat is but the impetus which a Michigan team needs to start the struggle that nearly always has resulted in victory.

"Jim" Strasburg was the man who aquared the M. A. C. game. "They are having a big celebration up in Lansing tonight," he said, "but I would ten

(Continued on Page Six)

WHO BOOSTS THE UNION?

J. B. Curtis

How much interest have the 5,050 students on the campus in the Michigan Union's national campaign for a new clubhouse?

Two little things which came before the eyes of the Union administration officers seem to answer the question,—but in a discouraging way.

CHAPTER I

This is concentration week for the campaign among Michigan's 30,000 alumni to raise $1,000,000 for a magnificent new clubhouse. This morning there are 20,000 envelopes at the Union which are to be mailed in connection with this campaign. Though the Union possesses about 2,500 members in the active student body none of them have agreed to help in the task without some remuneration.

CHAPTER II

Last Thursday afternoon at 5:00 o'clock, 100 tickets to the Saturday night dance went on sale at the Union counter. Before midnight 96 of the tickets had been sold, and the remaining four were sold in the morning.

CONCLUSION

Now what do these little incidents point out? Just this: that the Michigan student is willing to take advantage of the present facilities of the Union, but he is not ready to cooperate with the thousands of public-spirited alumni who are working to place at his disposal a palatial new clubhouse.

THE BREED THAT WINS

Last night saw the first step in Michigan's "come-back." The movement has started auspiciously. It is not the first time that such a thing has been done. In 1909 after a defeat by Notre Dame, Michigan came back and defeated the two remaining teams on her schedule. In 1913 M. A. C. left the gridiron, for the first time, with the winners' score of a Michigan game. But following that defeat Michigan, in rapid succession, defeated Vanderbilt, Syracuse, Cornell and Pennsylvania. What has been done once can be done again, for the spirit of Michigan teams has not changed.

YOST still has the safe craft that put his name on the football roll of honor. He has taught his men that craft. The only thing needed now is the spirit of EDDIE SHIELDS.

STATE PHARMACY BOARD PLANS TO HOLD EXAMINATIONS SOON

Michigan Board of Pharmacy will meet to examine candidates for registration in The Evening Press hall, Grand Rapids, on Tuesday, Wednesday and Thursday, November 14, 17 and 18.

Applications must be filed at least one week before the day of examination, and affidavits must be furnished showing that candidates have had the practical experience required.

The fee for registration as a pharmacist is $5.00, and as a druggist, $3.00. The fees for examination are $3.00 and $2.00. Application and affidavit blanks may be obtained by writing to the secretary, Charles S. Koon, Muskegon.

The next examination will be given at the Hotel Tuller, Detroit, on January 13, 14, 20, 1916.

M. A. C. Ushers to Report for Pay

All ushers at the M. A. C. game will report as soon as possible to the Athletic association office for their money. The first to report will be given the preference at the Syracuse game. Bring coupon books and stubs.

DR. C. C. KELOCHE TO ADDRESS AMERICAN CHEMICAL SOCIETY

Dr. C. C. Meloche will read a paper on "The Derivatives of Perceric Oxide" before the regular monthly meeting of the Michigan branch of the American Chemical society, which will be held in room 151 of the chemistry building at 4:15 o'clock this afternoon.

Dr. Meloche received his Ph.D. from the University of Wisconsin in 1914. Last year he was instructor in chemistry at Penn State, and was recently appointed instructor in analytic chemistry and qualitative analysis in the department of chemistry, succeeding Dr. J. S. Lasl, who has been transferred to the department of chemical engineering.

HAROLD TITUS, '11, AUTHOR OF FOOTBALL STORY IN WEEKLY

Harold Titus, '11, has a story of Michigan football in the current number of the All-Story Weekly. Phil Bartelme, Coach Yost and other characters are brought in and the atmosphere of the whole story is redolent of Michigan. Campus scenes, trips to Detroit and a Ferry field crowd are portrayed, and the 60-yard march of the hero down the field is pleasantly reminiscent of "Shully's" performance at Harvard last fall.

H. GAULT LEAVES FOR CHICAGO TO ASSIST IN UNION CAMPAIGN

Harry G. Gault, '15-'17L, president of the Union, left last night for Chicago to assist in concentration week campaign to be conducted in that city.

Francis T. Mack, '18, engineering vice-president, has been appointed acting president during Gault's absence. Gault will probably return Friday morning.

TWELVE MEN ENTER RANKS OF HONORARY JUNIOR LAW SOCIETY

Woolsack, honorary junior law society, has elected the following men to membership: D. F. Smith, W. L. Owen, S. D. Frankel, N. D. Kelly, H. J. Conrine, R. E. Gleason, G. C. Glasson, H. F. Korn, C. K. Barnard, Hampton Wall, and B. G. Cameron.

Elections to Woolsack are made on a basis of scholarship.

The initiation banquet will be given at the Union on Wednesday, November 1.

J. H. Nichols, '18, Reported Recovering

John H. Nichols, '18, who was injured in the flag rush on October 16, is in the University hospital recovering from a badly injured leg which he received at that time. It is expected that he will be discharged from the hospital within several days.

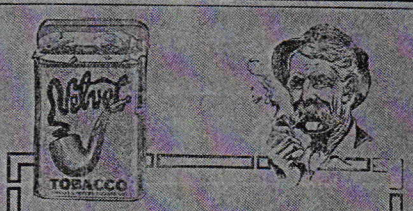

Women's Organizations

The Judiciary Council will meet at Foster's for luncheon today at 12:00 o'clock.

Mortar Board will hold an important meeting tonight at 7:30 o'clock at the Gamma Phi Beta house.

There will be a meeting of the Girls' Glee club from 4:00 to 6:00 o'clock this afternoon in Sarah Caswell Angell hall.

GRADUATES SECURE POSITIONS THROUGH APPOINTMENT BUREAU

The following graduates have secured teaching positions recently through the appointment committee: Saran E. Hopper, '15, English, Baraga, Mich.; Elizabeth Mason, '15, substitute, Detroit high schools; John Watkins, '14, English, Adrian, Mich.; Marie Boos, '15, mathematics and English, Eaton Rapids; Julia Halleck, A. M. '14, commercial branches, Kenosha, Wis.; Sadie Robinson, '15, German, Detroit Eastern high school; Mildred Connelly, '10, English, Detroit Northwestern high school; Ellen Nagl, '15, English and mathematics, Mason, Mich.

Positions secured without the assistance of the committee are: Kan Miller, '16, mathematics, Stonington, Mich.; Evangeline Arschatz, '14, Saginaw, Normal school; Alice Duncan, '11, botany, Buena Vista, Colo.; Ernest Stilwell, '15, mathematics and agriculture, Jeppeville, Ill.

All students wishing to secure appointments for next year are requested to attend the enrollment meeting which will be held at 4:00 o'clock Monday, November 8, at which time registration records will be made.

Open Wireless Station to Visitors

D. A. Nichols, '18E, has been appointed operator of the university wireless station. He will be on duty from 7:00 to 10:00 o'clock Tuesday and Friday evenings. The station is open to visitors at these hours.
