QUESTION OF NEW OFFICE CREATION UP TO REGENTS

FINAL ACTION TO BE TAKEN AFTER NEXT PRESIDENT'S APPOINTMENT

SENATE RECOMMENDS ADEQUATE SALARY

Suggest "Assistant to the President in Relation to Student Activities" as New Title

"Assistant to the President in Relation to Student Activities" is the name recommended by the University Senate for the new University office which has thus far been called the Dean of Men, and which is now before the Board of Regents for final action.

Wait for New President

Besides suggesting this name for the proposed new officer in its report to the Regents, the University Senate also recommends that final action on the creation of this new office be deferred until after the appointment of the president to succeed President Harry B. Hutchins. Another resolution which has been adopted by the University Senate and included in the report recommends that an adequate salary be attached to the office so as to secure the service of a man distinctly qualified for the position.

Now Up to Regents

The question of the creation of a new University office, as proposed in the report of the chairman of the Senate committee on student affairs, was first presented to the Senate council and at a special meeting of that body a resolution was passed in favor of such an office. The proposition was in turn presented to the University Senate who, at a meeting held May 5, referred it to a committee of all the deans of the University schools and colleges for examination and report. At a session of the University Senate Monday night, the report of the dean's investigation was read and immediately adopted with a unanimous vote. The Senate then passed a resolution that the recommendations be transmitted to the Regents.

Now that the campus has officially given its approval for the creation of the new office, it is expected that the resolution will meet with success when it comes before the Regents of the University. As no information regarding the appointcent of the next president has yet been given to the public, a statement as to when the Board will discuss the proposed resolution cannot be gained.

PRESIDENT WILSON SENDS CONGRATULATIONS TO LT. READ

Paris, May 28.—President Wilson today sent a message of congratulation to Lt. Commander Albert C. Read of the NC-4. The message reads:

"Please accept my heartfelt congratulations on the success of your flight and accept for yourself expression of my deep admiration. We are all heartily proud of you. You have won and deserve the distinction of adding still further to the laurels of our country."

Washington, May 28.—Lt. Commander Albert C. Read expects to start the naval seaplane NC-4 from Lisbon, Portugal, tomorrow on the last lap of the overseas flight from Rockway Beach, Long Island to Plymouth, England. The big plane which yesterday completed the voyage across the Atlantic should make the 775 miles in approximately nine hours.

"FRIEND OF BELGIUM," TITLE CONFERRED ON H. HOOVER

London, May 28.—Some time ago the king of the Belgians conferred on Herbert C. Hoover, the founder and first president of the Commission for Relief in Belgium, the title of "Friend of Belgium." To commemorate the conferring of this unique title the Belgian Order of St. John of Jerusalem has opened a subscription for the purpose of offering Mr. Hoover an address, and also a work of art symbolizing the life which this American managed to maintain in the oppressed country during the German occupation. The Belgian Army joined in the movement and each unit has sent a subscription. The contribution from the army alone is more than $3,500.

COUNCIL SETTLES FIUME QUESTION

(By Associated Press)

Paris, May 28.—The question of Fiume and the southern territorial boundaries of Austria has been settled by the Allied council, according to the best information here this evening.

An agreement also has been reached, it was stated, on the general Adriatic questions, except regarding economic arrangements. Thus all territorial questions will be presented to the Austrians Friday in the proposed terms.

The matter of reparations will come up for consideration later.

Hazing Censured In Resolutions

"The Student council being unalterably opposed to any such demonstration as occurred on Cap night of last week, because it realizes that it not only disgraces the name of Michigan but also gives the impression to the outside world that Michigan still sanctions the relics of barbarism, hereby resolves that such occurrences shall not be tolerated in the future, and that students or groups of students found to be participating in any such event, will be immediately dismissed from the University."

Discussing the above resolution, council members said, "It is a tradition of Cap night that the freshmen, having at this time of the year passed their period of probation, are on this night to be royally welcomed into the ranks of Michigan men. Cap night is meant to be a dignified and serious occasion. It should be the most indicative of Michigan spirit of any of the student gatherings of the college year, for it is watched by so many people interested in our University. Anything that tends to mar that dignity and solemnity drags Michigan down from the plane of a great University.

At the request of the council the freshmen class presidents have agreed to hold class meetings to pass resolutions to the effect that such demonstrations will not occur next year. The sophomore class presidents have consented to do likewise.

LOVELL TALKS ON WORK AT FRONT

"Military engineering differs from that of peace times in that cost is not taken into consideration," said Prof. Alfred H. Lovell, of the electrical engineering department, in his lecture on "Engineering Operations at the Front" Wednesday night under the auspices of the American Institute of Electrical Engineers.

Professor Lovell, who was a colonel in the American expeditionary forces, had actual experience in the operations he dscribed. Slides, showing actual engineering operations at the front, had been obtained from the chief of engineers at Washington to illustrate the lecture.

"The duties of the engineers may be divided into 10 sections: bridge building, highway construction, railways, general construction, camouflage, forestry, demolition, general combat conditions, and actual fighting," Professor Lovell said. "The difficulties that confront the engineers are innumerable. Most of the construction at the front must be carried on with the greatest possible speed, with whatever materials happen to be at hand, and under continuous fire. Besides this, the engineers are often called upon to aid in the actual fighting when the regular infantry is insufficient.

"At the time when the armistice was signed, the United States expeditionary forces had built immense docks, factories, cantonments, munitions, munition depots, airdomes, hospitals, storage depots, and railroads. Plans had been made to have these operations doubled by the end of June of this year. But the signing of the armistice stopped all this work."

After the lecture, Mr. Floyd L. Snyder, transmission and protection engineer of the Michigan Telephone company, gave a short talk on telephone service and transmission.

After Mr. Snyder's talk, a brief business meeting was held to elect officers for next year, as this was the last meeting of this semester. Lester M. Ilgenfritz, '20E, was elected chairman; Gordon R. Anderson, '20E, vice-chairman; Ross Gunn, '20E, secretary; Geo. Clark, '20E, treasurer.

Democratic National Party Laud National League At Convention

Chicago, May 28.—Describing the Republican party as an organization "which complains and moves backward," and the peace treaty and the League of Nations covenant, as "the greatest document of human liberty ever prepared," Chairman Homer S. Cummings of the Democratic National committee, today sounded the keynote of an aggressive presidential campaign.

Party leaders declared they welcomed the opportunity to make the peace treaty and the League of Nations covenant the issue in the forthcoming fight, and expressed confidence of victory.

Until President Wilson definitely announces his attitude toward a third term, party chieftains say there will be no serious discussion of candidates.

Political issues and plans for increasing the efficiency of party organization occupied the attention of the committee at the session today.

S. A. T. C. TO SHARE IN NEW TRAVEL BONUS

INCREASED MILEAGE ALLOWANCE FOR MEN DISCHARGED SINCE NOV. 11, 1918

Men discharged "to Ann Arbor" from the S. A. T. C. will be enabled to qualify for additional compensation according to the provisions of a new act of congress.

Men discharged from the army since Nov. 11, 1918, are to receive an additional bonus in the form of an increased mileage allowance. Five cents a mile is to be given for the distance between the place of discharge and the actual home or esidence, or the place of enlistment, at the option of the soldier. Men who have already received the three and one-half cent mileage are entitled to one and one-half cents additional.

If the actual residence claimed by the soldier is not the same as stated on his original service record, the Zone Finance officer will make settlement for the additional amount. Those discharged since Feb. 28 who have received five cents a mile and whose bona fide homes at time of discharge involved greater distance than they received payment for may also submit claims. Because of the time required to verify claims, prompt payment cannot be expected.

Claims for the additional travel allowance have been authorized to be paid by the comptroller of the treasury when the home or residence can be determined from an affidavit by the soldier verified by the information in his original service record. To secure the travel allowance a true copy of the discharge, certified as such by a recruiting officer, must accompany the affidavit. Original discharges will be accepted but are likely to be lost. Applications should be addressed as follows:

Zone Finance Officer
Lemon Bldg.
Travel Allowance Washington, D. C.

COSMOPOLITANS TO BANQUET TONIGHT

President Harry B. Hutchins will be the guest of honor at the annual banquet of the Cosmopolitan club which will be held at 7:30 o'clock tonight in the Nickles Arcade cafeteria.

The principal speaker will be Mr. Norman Mick of the advertising department of the Burroughs Adding Machine company. Toasts will be "Bury the Hatchet" by Sotokichi Katsuizumi, grad., "The Eternal Feminine" by Margaret Rothschaefer, '21, new president of the women's chapter, "The New Tune" by A. M. Elkind, '20, new president of the men's chapter, and "Ask Dad" by Prof. J. A. C. Hildner.

President Hutchins will make a few informal remarks on the subject, "Memories," and Mrs. George B. Rhead of the School of Music will play piano solos during the evening.

The women's chapter will be the guests of the men and informal dancing will follow the banquet. Members of the Cosmopolitan club may secure their tickets at the door in case it is impossible to procure them earlier. Attention is called to the fact that the banquet will begin at 7:30 o'clock instead of 7 o'clock as was previously announced.

British Prepare New Grade Airships

London, May 28.—Two new British airships of the same type but larger than the R-33 and R-34 are expected to be ready for their trials this summer.

ANNOUNCEMENT OF LIT EXAMINATIONS POSTED

ENGINEERING COLLEGE WILL PUBLISH SCHEDULE SOON

The final examinations for this semester in the literary college will begin Monday, June 9, and will continue throughout the following two weeks. The schedule as appears below applies only to the students in the literary college, the officials of the engineering college having decided to publish a schedule of their own.

The schedule for the literary college is as follows: Monday classes: at 8, first Thursday, 9-12; at 9, first Tuesday, 9-12; at 10, first Wednesday, 9-12; at 11, first Monday, 9-12; at 1, second Tuesday, 2-5; at 2, first Tuesday, 2-5; at 3, second Thursday, 9-12. Tuesday classes: at 8, first Friday, 9-12; at 9, second Monday, 9-12; at 10, first Monday, 2-5; at 11, first Saturday, 9-12; at 1, second Wednesday, 25; at 2, first Saturday, 2-5; at 3, second Wednesday, 9-12. Irregular classes: second Tuesday, 2-5; second Thursday, 2-5.

Instead of in accordance with the foregoing table, the following courses will be examined at the time given: French 2 (all sections), second Monday, 2-5; Spanish 2 (all sections), second Monday, 2-5; Economics 1, 15, and 37, first Thursday, 2-5; Psychology 7, first Wednesday, 2-5; Mathematics 52, first Friday, 2-5.

By the time of the exercises is meant the time of the first exercise of the week in a given course, the first lecture hour in the case of lecture courses with quiz sections. Irregular classes which cannot be examined as scheduled without causing conflict, must be examined at one of the two above stated periods. All examinations must be held as announced in this schedule, and no date may be changed without special vote of the faculty.

GLEE CLUB READY FOR BIG CONCERT

Posters announcing the 60th Anniversary concert of the Varsity Glee and Mandolin club to be given Friday, June 6, at 8 o'clock have appeared on the campus, and all preliminary arrangements for the "birthday party" of the club have been completed.

An advertising design drawn by Stanley Simpson, '22A, has been accepted by the management of the club to be the poster device for the concert. Window cards are being placed in Ypsilanti as well as Ann Arbor, and it is expected that the advertising campaign will bring a larger attendance than the club has had for some time. Last year's spring concert had an audience of more than 4,000, but the 60th Anniversary concert of this season is to be by far the best produced by the club, according to the directors, and it is expected to draw proportionately.

Evening dress will be worn by the club this year regardless of the fact that this is to be a spring concert. More than 80 members of the club will appear.

Tickets will go on sale Friday morning at campus stores, downtown music and department stores, and on the campus. The admission is to be 35 cents, including war tax. A special Glee and Mandolin club dance will be held after the concert until 2 o'clock at the Union. Diamond's orchestra will play. Tickets may be purchased by any student.

COUNCIL ELECTS NEW OFFICERS

Officers for the year 1919-20 were elected at the meeting last night of the Student council. Carl E. Johnson, '20, was voted president, William W. Hinshaw, '20, vice-president, and David Nash, '20, recording secretary. Samuel J. Slavens, '20L, was elected corresponding secretary, Lerand E. Gaines, '21E, treasurer, and P. McLouth, '21E, is to hold the position of auditor.

White Discusses Press Censorship

"Newspapers which suppress news on the ground of public benefit lack faith in Democracy," said Lee A. White, editorial secretary of the Detroit News, in outlining subjects for journalistic research before a class in journalism Wednesday afternoon.

The above statement was made in regard to "Ostrich Journalism" practiced by newspapers which fail to publish news of public significance and give as an excuse that it would be harmful to the locality. "Ostrich Journalism" does not refer to suppression of crime news that is not of public importance.

"Press Censorship During the War," Mr. White said, offers one of the broadest fields for research; that a man could spend his whole life on it. He declared that despite George Creel's statement that all censorship on the part of newspapers during the war was voluntary, a club was held over the head of every editor by Postmaster General Burleson.

Among other problems mentioned by Mr. White as good subjects for research were: Faking, Consolidation, Ethics of Journalism, Sensationalism and the 'Newsie,' the pictorial daily press, how a paper secures a million circulation, the foreign language press in America, and "Yellow Journalism."

Late Wire Briefs

(By Associated Press)

London, May 28.—The German counterproposals to the Allied peace terms published in Berlin today, an exchange telegraph dispatch from Copenhagen says.

The reply asserts the willingness of Germany to reduce her armaments to a greater extent than demanded by the Allied forces.

Germany refuses to accept the punishment terms fixed by the treaty and it is declared that the Allies cannot both accuse and sentence Germans guilty of responsibility for punishable crimes.

Washington, May 28.—The house resolution proposing submission of a woman suffrage constitutional amendment to the states, was reported favorable to the senate late today and Chairman Watson of the woman suffrage committee gave notice that he would call up the resolution for debate next Monday. A final vote is expected soon after.

Washington, May 28.—Plans for the Republican leaders of the house for investigation of war expenditures of the war department took definite form today when Representative Graham, of Illinois, prepared a resolution providing for appointment by the speaker of a special committee of 15 members to conduct such an inquiry.

London, May 28.—Siberian troops of the Kolchak government were storming Orenburg, one of the last Bolshevik strongholds in southeastern Russia, and an important railway junction, on May 21, according to a telegram received here from Omsk today.

METHODISTS ARRANGE LECTURE COURSE FOR COMING FALL

Arrangements are already being made for lectures and talks to be delivered here next fall and winter under the auspices of the Wesleyan guild of the Methodist church.

Rev. Charles A. Tindley, pastor of the Calvary M. E. church of Philadelphia, Pa., wil open the series of lectures on Oct. 5, speaking on "The Future of the Negro." Reverend Tindley is one of the most noted of colored preachers in Methodism.

Gladys McIntyre, of the famous Salvation Army McIntyre sisters, will speak in Ann Arbor on Nov. 2, telling of her experiences with the Salvation Army in France.

BLOCKADE PLANS READY IF GERMANS REFUSE TO SIGN

MILITARY AND ECONOMIC FORCES WILL AID ALLIED NATIONS

TEUTON REFUSAL MEANS ENFORCING WAR PLANS

German Fleet May Be Transferred Into Hands of Neutral Council

(By Associated Press)

London, May 28.—The Allied blockade council at Paris has completed all arrangements for again putting the blockade of Germany into force in case the German delegates refuse to sign the peace treaty, while complete plans have been worked out for the fullest co-operation between the military and economic forces which will b employed in case of necessity.

72 Hours Notice

Immediately following a refusal of the Germans to sign the treaty, Germany wil be given 72 hours notice of the termination of the armistice. On the expiration of this period the British, French, and Americans will advance into Germany.

Tight Blockade

Simultaneously the blockade will be enforced as tightly as possible. All the arrangements perfected during the war, to protect as far as possible the interests of neutral nations while preventing entrance of food or raw materials in Germany, will again be brought into play and Germany will find herself cut off from the world.

Fleet Transferred

London, May 28.— It is proposed that the German fleet be transferred to an international trust, managed by the Americans and controlled by the League of Nations. The trust would be given the mercantile fleets of all the other maritime nations and every nation would be represented in the central administration in a manner corresponding to tonnage. Germany announces her readiness to hand over 50 per cent of her mercantile fleet.

"Y" SECRETARY HAS POSITIONS FOR MEN

Many jobs for students to work during odd hours may be secured by applying to the Employment secretary of the Y. M. C. A. at Lane hall. Due to an insufficient number of student applicants many who have asked for workers have been turned down.

In addition to the odd time work there are several steady jobs. Students taking these will be quite liable to secure work next year if they wish to. There is a position as a night clerk in a hotel, a porter in a fraternity and a few board jobs for summer school.

For summer employment there are several positions for students to act as salesmen. Several men may secure work during the wheat harvesting season in Ford county, Kansas, by writing to Ford County Farm bureau, John V. Hepley, County Agent, or to Commercial Club, R. H. Burnet, secretary, Dodge City, Kansas. These jobs will pay 50 and 60 cents an hour with board and lodging for experienced help.

The Goodyear Tire and Rubber company, of Akron, Ohio, can use several men during the summer vacation. Students desiring one of these positions should write to the employment department Goodyear Tire and Rubber Company, Akron, Ohio, giving age, height, weight, physical condition and class of work wanted. They should also plainly mark their letters, "application for employment during summer vacation."

About a dozen are wanted to work for their board over the week end of May 30. There will be board and also cash remuneration for this work. Students interested in these positions should call at Lane hall and talk to the Employment secretary about them between 8 and 9 a. m., 1 and 2 p. m., and 4 and 5 p. m. each day.

Wilson a "Citizen" of Lausanne

Lausanne, May 28.—President Wilson has sent an acceptance of the honorary citizenship of the City of Lausanne offered him recently by the municipality.
