NON-PROFESSIONALS IN DANGER OF LOSING SETS IF ACT IS PASSED

Amateur wireless operators are in danger of losing all future possibilities of operation entirely if the Poindexter bill goes through, is the opinion of P. G. Schlotterbeck, '22E, president of the Ann Arbor Radio association.

The Poindexter bill, as it is at present construed, would place entire authority in the hands of a commission controlled by the navy department from which there would be no appeal, according to the official magazine of the American Radio Relay league.

To Empower National Commission

If passed at the session of Congress the bill would practically mean the extermination of amateur sets without actually prohibiting them. It provides that the "National Radio Commission" shall have full power to regulate radio communication in the United States and to refuse a license to a station if such station "is not necessary for the general good of the public service." As pointed out by the league magazine, this applies to amateur stations without question.

P. G. Schlotterbeck stated that it was a matter of common knowledge in wireless circles that without the assistance of amateurs, Ily also stated that over $5,000,000 was invested annually in apparatus for non-professional stations.

Local Men Will Write Congress

At its Saturday night meeting the Ann Arbor Radio association decided to write the Congressional representative of this district concerning the impending bill, both as a unit and individuals. Schlotterbeck also urges that any University men interested do likewise.

ALL EX-SERVICE MEN MAY APPLY FOR VICTORY MEDALS

All men who served during the recent war in the United States army, navy, or marine corps, at home or abroad, are entitled to a "Victory Medal," according to William F. Watt, secretary for the Washtenaw county community board.

Ex-navy and army men may obtain application blanks at the office of the Washtenaw county board community house. Ex-marines will deal directly with the nearest recruiting office, which is located at 419 Fort street, West, Detroit. Marines will not be required to make out application forms for the medal, but must send in discharge certificates.

MURAD

THE TURKISH CIGARETTE

Mrs. Fox was bragging one day about the large number of her cubs.

"How many cubs do you bring into the world at one time?" she asked the LIONESS.

"Only ONE," replied the Lioness—"but it's a LION."

MURADS COST 20 CENTS for a BOX of 10—BUT THEY'RE MURADS!

MURADS would be lower priced if we left out all or part of the 100% Turkish tobaccos of the purest and best varieties grown—or if we substituted inferior grades of Turkish tobacco.

But they wouldn't be MURADS—they'd only be Foxes!

"Judge for Yourself—!"
