DEAN LLOYD IS ACTING PRESIDENT

POSTAL RATE BILL PASSES SENATORS; GOES TO COOLIDGE

SENATE ADOPTS INCREASE BILL AFTER SHORT DEBATE BY 60-12

FEAR NEW VETO

Measure Carries Corrupt Practices Rider Limiting Drive Expenditures

Washington, D. C., Feb. 26. (By A. P.)—The postal pay and rate increase bill received final congressional approval today and now goes to the president. The conference report, practically substituting the House bill for that passed by the Senate was accepted by the Senate after short debate. The vote was 60-12, eight Democrats and four Republicans voting against the conference report.

The measure provides for an increase of about $200 annually in postal employees salaries effective as of January 1, this year, and increases postal rates, effective April 15, next, to raise about $68,000,000 of the $88,000,000 required for the pay advances.

The bill also carries as a "rider" a corrupt practices act strictly limiting campaign expenditures of congressional candidates as recommended by the Senate campaign fund committee.

The salary increases are the same as carried in the measure passed at the last session and vetoed by President Coolidge. With the rate advances added, however, administration leaders are hopeful the bill will receive presidential approval.

Opposition to the conference report today was based entirely on the rate provisions, Senator Harrison, Democrat, Mississippi, declaring the Senate conferees had yielded to the higher rates in the House bill after a conference with President Coolidge. Senator McKellar, Democrat, Tennessee, one of the conferees, also told the Senate the president had "asserted his prerogative" in insisting on some of the rate increases, mentioning particularly the two cents service charge on parcel packages.

The bill is one of the first pieces of general legislation outside of the appropriation measures to be sent to the White House this session. It was advanced at the time by the Senate, by a close margin vote to sustain the veto of a pay increase measure.

While no time limit is placed on the rate increases, the bill provides for a joint congressional committee to conduct hearings this summer with a view to recommending further revisions of the schedule at the next session.

Dutch Treat Party To Be Held Today

The Women's League party which will be held from 4 to 6 o'clock today in Barbour gymnasium will feature a Dutch cing dance, and all decorations will be carried out in blue and white. Posters and pictures of charming Dutch boys and girls are being made by the committee on decorations, under the direction of Alice Allen, '25.

Patronesses for the party include: Miss Jean Hamilton, Mrs. A. S. Hobart, Miss Grace Richards, Dr. Margaret Bell, Miss Ethel McCormick, and Miss Janet Cummings. This party is the fourth in the series of Woman's league social activities.

Topeka, Kas., Feb. 26.—The Johnson bill, admitting the Ku Klux Klan to Kansas without a state charter, was passed by the state senate, 22 to 14.

Prof. Ethel Sturtlevant, visiting professor in the college of architecture, has resumed his teaching for the second semester. He is giving courses for advanced and graduate students.

Our Weather Man

Foggedinter continued cold and probable snow flurries.

Copeland Will Be Guest Here

Announcement was made yesterday by Horatio J. Abbott of Ann Arbor, chairman of the Democratic state central committee, of the program for the banquet and pow-wow which is to be held at the Union, Thursday, March 5, the night before the Democratic state convention here. Dr. Royal S. Copeland, United States senator from New York and former mayor of Ann Arbor, will be a guest and will give the principal address. He is expected to talk on national issues.

Prof. Preston W. Slosson of the European history department, will discuss the League of Nations. Alvah Cummins, of Lansing, a former gubernatorial candidate will speak on state issues.

Dr. Paul Voelker, president of Olivet college, will give the invocation. George J. Burke, of Ann Arbor, will act as toastmaster of the affair and will be introduced by Mrs. William H. Anderson of Grand Rapids, vice-chairman of the Democratic state central committee.

Music at the gathering will be furnished by the University men's glee club under the direction of Theodore Harrison of the University School of Music.

Kraus Advises Radio Station For University

Strongly advocating a radio broadcasting station to be maintained by the University for the purpose of offering to the vast radio audience programs of educational and general interest, Dean E. H. Kraus, head of the summer session, declared yesterday that "an argument for a broadcasting station in an institution such as this hardly seems necessary."

"The need of a University station," stated Dean Kraus, "is so evident, now that the radio has been developed to its present position in our lives, that an attempt to point out its usefulness benefits can accomplish practically no more than to recall to the mind of the public what is already well known."

"The radio," continued Dean Kraus, "has developed to such a point that it is now an essential element in our homes. Furthermore, it is a most important factor in education. The radio audience, which has recently been estimated at twenty million daily, could hardly fail to profit considerably by such broadcasting as the University would do."

YOST NAMED SPEAKER FOR LAPEER BANQUET

Lapeer, Mich., Feb. 26.—Fielding H. Yost, coach of the University of Michigan athletic teams, will be the principal speaker at a Father and Son banquet in Lapeer March 11. His characteristic acceptance follows:

"My program is rather full, but since I have not been in Lapeer and it is the home of one of the finest football captains I have had, Hugh White, I am going to say I will be with you March 11."

DEAN BATES EXPECTED TO RETURN TOMORROW

Dean Henry M. Bates of the Law school is expected to return tomorrow from Chicago where he is attending the annual meetings of the Commission on Uniform state laws. The body is made up of prominent lawyers from every state in the Union.

Dean Bates left Ann Arbor on Wednesday to attend the convene in Chicago.

SENIOR LITERARY CLASS WILL PAY DUES MONDAY

Dues of the senior literary class will be payable from 9 to 12 o'clock and from 2 to 5 next Monday, at the booth in the lobby of University hall, according to an announcement yesterday by the committee in charge.

These dues must be paid before seniors may participate in the activities of the class. They will amount to $5.00.

JUNIOR GIRLS PLAN DISTINCTIVE SETS

Play Begins in University Dormitory Second Act Shows Village In Spain

NEW LIGHTING EFFECTS

"Castles in Spain," the Junior Girls' play of the class of 1926 which will be presented at the Whitney theatre, March 17 to 21, will have decidedly worth while scenic effects, according to Amy Loomis, '25, the director of this year's production. While the sets will not be extremely elaborate this year, at least no more so than in the past, they will be of a modern design and something more artistically and technically correct than the average musical show.

The first act scene will be the interior of a dormitory on this campus, and has been designed in the early Italian period. It will have an arcade effect and the series of arches will divide the stage into two levels, an effect which is said to be quite new and unusually distinctive in this type of production.

The second act set is located in the rugged mountain region of Northern Spain and depicts a small village. The designs for this set which were made by Miss Loomis and G. S. Davis, who is building and painting the sets, were taken from old sketches of Spanish life, found in the collection of the Detroit Public library. The background is suggested by the landscapes of Zuloaga, the famous Spanish painter.

Special lighting equipment will be used to give added effects throughout the entire play, and it is the belief of those who have seen the designs and are active in the work that "Castles in Spain" will pictorial quite superior to any of its predecessors.

TAU BETA PI WILL HOLD RECEPTION FOR FACULTY

Tau Beta Pi, national honorary engineering fraternity, will hold its annual faculty reception at the Phi Sigma Kappa house tonight. Arrangements have been made by the organization, under the direction of H. A. Sheridan, '25E, for the entertainment of more than 50 members of the engineering faculty and their wives.

The reception this year will consist of formal dancing from 9 until 12 o'clock. About 10 o'clock, a formal introduction will take place, when a talk will be made on behalf of Tau Beta Pi by one of the members of the active chapter, answered by one of the members of the faculty.

Music for the occasion is being furnished by the orchestra under the direction of Gene K. Buck, '26D. Novel programs in the form of the Tau Beta Pi key have been ordered by the committee.

Cavern, Feb. 26.— Admiral Guido von Usedom, 71, noted during the Boxer uprising in China, and defender of the Dardanelles during the war, is dead.

Tokio, (By A. P.)—The Japanese naval cruiser Furutaka, first of several war craft proposed under the Washington treaty was launched today.

FRATERNITY BODY MEETS TO DIVIDE INTO FIVE GROUPS

FRATERNITIES DRAW BY LOT TO SECURE PLACES IN GROUPING

PLAN BANQUET

Select Nominees For Positions On Judiciary Committee; Vote Annual Tax

Drawing by lot for places in the various groups and selecting nominees for positions on the judiciary committee as faculty members and resident alumni, took place at the special meeting of the Interfraternity council held yesterday at the Union. At the same time, action was taken in regard to a banquet being planned by the Council, two changes were made in the new constitution, and various other subjects of interest to the Council were discussed.

Fraternities drawing for places in the groups were divided in two sections—those that have been members of the Council for five years or more in the first, and the remaining fraternities in the other. This was done to eliminate the possibility of any group being composed entirely of fraternities not qualified according to the constitution to hold office. Fraternities that were not regularly represented at the meeting had their drawing done by proxy.

It was decided that the fraternities now holding office in the Council—Sigma Phi, president, Alpha Delta Phi, Secretary, and Chi Psi, treasurer—should be given places in groups one, two, and three respectively.

It was voted that each fraternity pay 15 annually as dues hereafter and such other special assessments as may be decided by the Council. Failure to pay any dues or assessments within 30 days after they fall due will be penalized by revoking the voting power of the offender. The judiciary committee will consider other possible means of collecting in case this penalty does not prove effective.

The Council decided to have a banquet in order to bring the members closer together and to discuss plans with the faculty and alumni members.

The first group, from which the president of the Council will be chosen, consists of the following: Sigma Phi, Acacia, Theta Delta Chi, Alpha Sigma Phi, Phi Sigma Kappa, Delta Chi, Hermitage, Beta Phi Delta, Alpha Chi Rho, and Pi Kappa Alpha. Places in the second group are: Alpha Delta Phi, Sigma Nu, Phi Mu Alpha, Kappa Sigma, Theta Chi, Delta Sigma Phi, Kappa Nu, Tau Epsilon Phi, Delta Phi, and Delta Tau Epsilon. In the third group will be: Chi Psi, Phi Gamma Delta, Delta Tau Delta, Sigma Chi, Sigma Alpha Epsilon, Phi Sigma Delta, Chi Phi, Phi Mu Delta, Sigma Alpha Mu, and Phi Kappa. The fourth group will be made up of: Zeta Psi, Psi Upsilon, Delta Upsilon, Delta Kappa Epsilon, Zeta Beta Tau, Alpha Tau Omega, Tau Delta Phi, Delta Alpha Epsilon, Alpha Kappa Lambda, and Pi Lambda Phi. The fifth group of the Council is to consist of: Beta Theta Pi, Sigma Alpha Epsilon, Lambda Chi Alpha, Phi Delta Theta, Phi Epsilon Pi, Phi Beta Delta, Phi Kappa Psi, Phi Kappa Sigma, Phi Kappa Tau, and Tau Kappa Epsilon.

Appointed

Dean Alfred Henry Lloyd, who was chosen acting-President of the University by action of the Board of Regents last night. Dean Lloyd has been dean of the graduate school since 1915.

HOLD EXTEMPORE FINALS TONIGHT

Team for Mid-Western Debate Selected; Complete Preliminaries for League Contest

SEVEN TO COMPETE

With the selection of members from the debating class to compose the team which will represent Michigan in the Mid-West debate, the completion of the preliminaries for the Northern oratorical league contest, and the finals of the extempore contest, which will be held at 8 o'clock tonight in University hall, three fields of oratorical activity are represented.

Seven candidates will compete in the extempore finals, the winner of which will receive the bronze Oratorical association seal mounted upon a plaque. Contestants will speak on some phase of the Child Labor amendment, individual topics being assigned at 5 o'clock admitting three hours preparation for the contest.

Class preliminaries for the University oratorical contest, winner of which will compete March 13 to represent Michigan in the Northern oratorical league, will be completed today when two seniors will be selected to enter the trials. Representatives chosen from the junior class are M. C. Lippman, and Geneva Wheeler. Philip N. Krasne was selected from the sophomore contestants.

Michigan's representative in the Northern oratorical league, held in Ann Arbor last year, was awarded third place. Michigan, Northwestern, Wisconsin, Iowa, Illinois, and Minnesota were entered in the contest. The date and place of this year's contest has not been definitely decided.

London—"Leopard skins," with all the tinge of the jungle, but which come from the textile district of Lancashire, are in such demand for afternoon gowns, dress trimmings and coat linings that the mills are unable to keep pace.

Osaka—Japan has ratified the Russo-Japanese treaty.

MARION LEROY BURTON

The Board of Regents, in their regular meeting last night adopted the following resolutions:

"MARION LEROY BURTON was born at Brooklyn, Iowa, August 30th, 1874. His parents were people of modest means and his early life was necessarily filled with work and endeavor while he was laying the preliminary foundation for the splendid education he afterwards acquired.

"He took his Degree of Arts from Carleton College, Minnesota, in 1900. In 1906 he took his Ph.D. at Yale. Afterwards he received many honorary degrees as tributes to his character and outstanding ability from several colleges and universities.

"After some preliminary work in high school and college teaching covering a brief period of his life he became President of Smith College in 1909. For three years he was President of the University of Minnesota and in the middle of July, 1920, he came to the University of Michigan as its executive head,—a position which he filled with conspicuous and unusual outstanding ability, reflecting tremendous credit upon himself and the institution which he represented.

"He departed this life on the eighteenth day of February, A. D. 1925, to the profound sorrow and infinite regret of practically the entire commonwealth.

"Dare, indeed, is the man who can combine in such unusual degree his many superlative attributes of head and heart. He was an outstanding educator and he knew the many modern problems involved in higher education today. He was an executive of tireless energy, with an acquired mastery of detail that was at times almost uncanny. As an administrator he was at once forceful but at all times diplomatic. His high and lofty ideals, while sometimes seeming almost Utopian, were always given a splendid practical application whenever the occasion arose. He loved his work and his surroundings—especially was he fond of the student body—that ever-changing group of young men and women who constantly appeared in his mind. He shared their sports, their hopes, their ambitions and, as much as he could, their daily life it was for their betterment, mentally, physically and spiritually, that he was dedicating his wonderful life.

"We, as a Board, have suffered the loss of a wise leader, a splendid counsellor and a real friend. His loss to the University cannot be over-stated. Fortunately for all of us during his brief tenure of office he has left endearing monuments and memories which shall always be cherished and ever be an inspiration to those who are left to carry on.

"The Community and the State have lost a man whose outstanding dominating influence was always for good.

"The Nation has lost one of its outstanding citizens.

"THEREFORE BE IT RESOLVED that this Resolution, as unanimously adopted, by the Board of Regents of the University of Michigan, be made a part of our permanent records as a slight appreciation and tribute to a splendid outstanding man, and

"BE IT FURTHER RESOLVED that a copy of this resolution be transmitted with appropriate expressions of our sympathy to the members of his family."

GRADUATE SCHOOL HEAD PICKED BY REGENTS TO FILL POSITION; COMMITTEE OF THREE DISSOLVED

DEGREE AWARDS ANNOUNCED BY BOARD; APPROVE COMBINED COURSE WITH ALBION

Following is a list of the degrees granted to candidates in the various schools and colleges by the Board of Regents at their February meeting last night.

College of Literature, Science, and the Arts:

Bachelor of Arts: William J. Abrash, Lorraine A. Barnaby, Grace W. Bossaeer, Paul C. Box, Earle H. Biddle, Elma E. Boughton, Stuart E. Boyd, Chenk S. Cheung, Thomas G. Crabbe, Harry L. Davis, Fayette S. Dunn, Frank H. Edwards, Norman J. Rick, Lloyd E. Eisele.

Abbie C. Enders, Robert R. Enders, Herbert W. Fierer, Eugenie M. Girtwine, William D. Hart, Gus C. Hill, Dorothy E. Knopp, Walter Kunow, Johannes A. Laansma, Osborne D. Lewis, Shou E. Li, Walter E. Lustfeld, Margaret E. McPhee.

Phillip E. Marion, Joseph E. Richards, Claire L. Dille, L. W. Daltron, Robert S. Palmer, Marie Farpkl, Frank E. Ross, Philip M. Benders, Robert D. Sewell, Henry T. Rick, Lyman W. Slack, Eva Smith, Edith J. Smith, Chester E. Stellhorn, George Stepanovich, Howard L. Stevens, Marion C. Tufts, Bernice K. Vincent, Thomas B. Wheately, and Ella E. Winter.

Bachelor of Science: Joseph T. Em, Jane P. Pepper. Bachelor of Science (in Forestry): Page H. Rose.

Candidates for the Certificate in Business Administration: general business: William D. Hart, Henry T. Sick, Marion N. Tufts, Thomas B. Wheately.

College of Engineering and Architecture:

Bachelor of Science in Architecture (Architectural Engineering) George Macen Jones. Bachelor of Science in Engineering (Aeronautical Engineering): John D. Akerman, Millard J. Bamber, Wei Chi Yee. Bachelor of Science in Engineering (naval Architecture and Marine Engineering): Eugene L. Eckfeld, Edwin F. Ritchie.

Bachelor of Science in Engineering (Chemical Engineering): John P. Bernard, Ray O. Bowman, Dale A. Brown, Clyde C. DeWitt, Francis W. Leong, John Obleon, Joseph S. Richardson, John E. Swettner, John Vaccariello.

Bachelor of Science in Engineering (Electrical Engineering): Clarence E. Baxter, Stanton A. Bennett, Harlow M. Case, Leo J. Dornbos, Robert G. Hauser, George S. Holmes, Carl W. Kalchthaler, Roger B. Kellogg, Martin C. Kooreomjian, Joseph Kron, Marshall E. Smith, Clarence A. Vielmetti.

Bachelor of Science in Engineering (Mechanical Engineering): Carl M. Berry, William A. Blessed, William M. Braybrooks, Edward C. Bunke, Clay D. Ellison, Thomas E. Gerrie, Paul G. Jacks, Smith E. Johnson, John I. Marquard, Arthur H. Marshall, Jr., Sidney B. Morgan, Roy A. Plaul, William L. Prout, Harvey E. Reed, Hasin Mei Tseng, Joseph F. Votrobeck, William Chi Wang, John P. Zidow.

Bachelor of Science in Engineering (Civil Engineering—Harold G. Butler, Celestino Castro, Ronald Freeman, Harry Heck, John W. Kuschinsk, Kai Shou Liang, Rafael Luna, Peter Mortensons, Jr., Clement Moody, Cheney R. Scheuss, Edward J. Talaska.

Graduate School:

Master of Science (in Public Health)—Edwin Henry Boerth, B. S., Fargo College. Master of Science—Raymond Hull Hines, B. S., Case School of Applied Science; Arnold Elwyn Pratt, A. B., Public Simon Tesson, B. S. E., Burton Dean Thoma, B. S.; Clarence Earl Weaver, A. B., Albion College. Master of Arts—Reginold Blair, B. S.; Kathryn Pauline Overman Donaldson, A. B.; Florence Lyon, A. B., Indiana University; Paul Vernon Kreider, A. B.; Oberlin College; Hilda Lillian Rayson, A. B.; Walter Leon Scott, A. B., Greenville College; Claude Sifritt, A. B., Ohio Wesleyan University; Nellie Mary Stratton, A. B., Oberlin College; Anna Degnol Van Lunen, A. B., Calvin College.

School of Education:

Teacher's Certificate — Lorraine Barnaby, Prudence E. Beasley, Grace W. Beaubean, Paul Bee, Duncan E. Black, Elma E. Boughton, Harry E. Davis, Germaine G. Giolo, Sadyebeth Heath, Dorothy E. Knapp, Margaret H. Lober, Harriet B. Lowing, Walter Alfred H. Lloyd, dean of the graduate school, was appointed acting-President of the University for the remainder of the academic year by the Board of Regents at their February meeting last night.

This appointment automatically dissolves the committee of three, consisting of President Emeritus Harry B. Hutchins, Dr. F. E. Robbins, assistant to the President, and Shirley W. Smith, secretary of the University, which was appointed at the last meeting of the Regents to advise with the deans and other University administrative officers during the illness of President Marion L. Burton.

The Regents also requested that the Senate council appoint a committee of three to work with a committee of three Regents, to be appointed by President Emeritus Hutchins, and to report to the Board names and recommendations for President of the University.

It was also decided at the meeting that the Regents will assume the expenses of President Burton's illness and that Mrs. Burton be asked to use the President's house until July 1. Dr. Burton's salary for the balance of the school year will be paid to her.

The usual number of mid-year degrees were granted by the Regents, the names of the recipients being printed in another column on this page.

A resolution was received from the Civil Service commission of Detroit thanking the University for furnishing it expert engineering advice. A gift of 84 volumes of photographs of coptic manuscripts was accepted from J. Pierpont Morgan.

William A. Peters, Jr., was appointed non-resident lecturer in chemical engineering. Captain Forest E. Collins was granted a two months leave of absence, and the resignation of Burr F. Anderson as an assistant in roentgenology was accepted.

A combined course between the engineering college and Albion college was approved by the Regents. An appropriation of $300 was made for the Marine Biological laboratory at Wood's Hole, and funds were accepted for a zoological expedition to Florida. Permission was given to the Scabbard and Blade society to place a memorial on the campus.

Due to the increased enrollment in the law school, room B of the Law building will be used only for law classes after this semester.

COLD WAVE STAYS TODAY

Yesterday's cold drop will continue today, the weather bureau announced late last night. After two weeks of unusually moderate weather, a cold wave with snow flurries stepped in early yesterday morning leaving a train of frozen auto radiators, bursted steam pipes and slippery streets.

Northern parts of the country registered marks as low as 32 below zero during the afternoon. Northwesterly winds will continue today, it was predicted.

E. Lustfeld, Margaret E. McPhee, Norman R. F. Maier, Howard L. Parker, Harry Rissman, William C. Ryder, Philip H. Sanders, Walter L. Stroll, Eva Smith, Loring Spindler, Merle E. Taylor, Rosamond G. Travis, Bernice K. Vincent, Donald S. Wheelock, Clarence A. Whitney, Dah Yi Winter.

Birmingham, Eng., Feb. 26.—Former Prime Minister David Lloyd George who was taken ill with sore throat here Saturday, has recovered and left for London.
