Limited Sale of Ball Tickets To Continue Today in League

There are only a limited number of tickets left for the annual Assembly Ball which will be presented Friday, March 7, at the Intramural Building, and will feature the music of Tommy Tucker and his orchestra.

According to Betty Spillman, general chairman of the dance, tickets will be available to independent women from 3 to 5 p.m. today and tomorrow at a booth in the League, or they may be purchased from house presidents by coeds living in dormitories. Assembly membership cards, which must be presented at the time of purchase, may be procured at the Assembly Office, Room D, on the third floor of the League.

Stubs may be bought along with tickets, which will entitle the holder to purchase a boutonniere for her date from members of Senior Society, who will be in charge of the concession.

The affair, which will be semi-formal, will be entitled "High Tide," and decorations will carry out the underwater theme. Highlighting the evening's entertainment, will be the coronation of "King Neptune" who will be chosen during the intermission from ticket stubs.

Independent women are urged to purchase their tickets as soon as possible, since the sales will be open to the entire campus, beginning Monday.

Volunteers to work at Perry Nursery school are needed by the League Personnel committee. Those women interested should sign up in the League Undergraduate office.

With several spring formals in the offing, coeds can liven up old gowns by adding easily-made peplums. That perky look may be had by lining the peplum material with crinolin.

Residence Rules for Women Outlined by Judiciary Council

By BETTY HAHNEMAN

One necessity for each new woman on campus, as well as for all other coeds, is a thorough knowledge of residence rules for women.

These rules are available to each student in the form of a pamphlet published by the Women's Judiciary Council, and every coed is responsible for knowing and adhering to the campus regulations.

In addition to stating the closing hours which must be maintained by every organized coed residence, the pamphlet contains information concerning signout rules, special permissions, lateness, and penalties for violations of the various rules.

Late permissions for week nights are obtained from the Office of the Dean of Women, and must be received before 4:30 p.m. of the day for which the permission is desired. House directors are authorized to grant late permissions on week-end nights, but they may grant week-night late permission only in case of emergencies arising after the closing of the Dean's Office.

Any lateness must be made up at the rate of five-make-up minutes per minute of lateness, on the Friday or Saturday night following the lateness. For example, a coed who is two minutes late is required to sign in at, or before, 12:20 p.m. on the Friday or Saturday following the lateness.

A lateness of less than 15 minutes beyond any late permission whether an individual permission or a late permission granted for all those attending a certain campus event, must be made up at the rate of 15 make-up minutes per minute lateness.

All latenesses of 20 minutes or more, or of 15 or more minutes after a later permission, is considered a violation of house rules and the offender will be brought before the Judiciary Council for a consideration of her case. This group has the power to inflict social probation for a stated number of days, depending on the extent and circumstances of the violation.

When a coed is late, when she makes up time, or when she is on social probation, she must circle the time of signing in on the signout sheet.

All house rules apply not only to undergraduate women, but also to graduate coeds living in undergraduate houses. Copies of the house rule booklet may be obtained in the Undergraduate Office of the League.

International Ball Date Set for April

The International Students Committee has set April 25 as the date for this year's International Ball.

Following the policy of the past few years, proceeds of the Ball will go to the Emergency Fund for Foreign Students.

The Fund supplies aid to foreign students who for some reason need temporary financial aid.

A colorful event, the Ball is attended by many foreign students in their native costumes and features a floorshow with foreign entertainment.
