West Quad 'Hams' Transmit to World

By EVA SIMON

Every Thursday night about 20 radio "hams" meet on the top floor of Williams House to send and receive messages from amateur stations all over the world.

The West Quad Radio Club has been in contact with Australia, Hawaii, several South American countries, Mexico, Canada and many American stations.

LAST YEAR the club established weekly programs with Queen's University in Kingston, during which radio enthusiasts from both sides of the border exchanged information on everything from technical problems to social news.

Equipment used by the club includes a HC 610 transmitter and other army surplus receiving equipment. Last semester, a rotary beam antenna built by the members was set up on the West Quad tower.

The Radio Club is the only amateur radio station permitted by the University to erect antennas in the residence halls.

THE ONLY qualifications for membership are residence in the West Quad and an interest in radio.

Code classes will be conducted for new members interested in getting licenses.

One advantage of amateur radio is the opportunities it gives operators to speak to other countries directly, without censorship, according to Robert Wimmer, president.

CLUB MEMBERS often hear interesting conversations between other "ham" operators. For instance, a Canadian is making amateur radio profitable yb exchanging English lessons for Spanish lessons from an operator in Cuba.

DAILY OFFICIAL BULLETIN

Publication in The Daily Official Bulletin is constructive notice to all members of the University. Notices for the Bulletin should be sent in typewritten form to the Office of the Assistant to the President, Room 3552 Administration Building, by 3:00 p.m. on the day preceding publication (11:00 a.m. Saturdays).

TUESDAY, OCTOBER 18, 1949
VOL. LX, No. 29

Notices

February 1950 M.S.E. and B.S.E. graduates in Chemical and Mechanical Engineering:

A Representative of E. I. duPont de Nemours & Company, Wilmington, Delaware, will interview students in the above divisions on Oct. 19 and 20. Interviews will be scheduled for Chemical Engineers in the Chemical Eng. Dept., for Oct. 19. Interviews for Mechanical Engineers will be arranged at 225 W. Engineering for Oct. 20. See Bulletin Boards for further information.

The Teacher's Oath will be administered to all February candidates for the Teacher's Certificate on Mon. and Tues., Oct. 17 and 18, in Room 1437 U.E.S. This is a requirement for the teacher's certificate.

Women students who attend the 9:30 performance of the Danny Kaye show, Oct. 18 have one-half hour late permission after close of the show.

Regents' Meeting: Wed., Nov. 2. Communications for consideration at this meeting must be in the President's hands not later than Oct. 24.

Bureau of Appointments:

A representative of the Ceco Steel Products Company will be at the Bureau of Appointments Thursday and Friday, Oct. 20 and 21 to interview February graduates for their Sales Training Program. They are interested in Mechanical, Architectural, and Civil Engineers, as well as Business Administration students with at least one year of Engineering training. For appointments call 3-1511, Ext. 371.

The Civil Service Commission of the City of New York announces examinations for the following positions: Civil Engineering Draftsman, Junior Electrical Engineer, Junior and Senior Civil Engineer, Assistant Civil Engineer (Sanitary), Mechanical Engineering Draftsman, Chemical Engineer, Assistant Electrical Engineer, and Director of Bureau of Public Health Education. Additional information may be obtained at the Bureau of Appointments, 3528 Admin. Bldg.

The Civil Service Commission of the City of Detroit announces an examination for Social Case Worker and Medical Social Case Worker. Additional information may
