Summit Comes Next

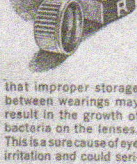

• Do you live in a Summit building? Your landlord, like others in Ann Arbor is trying hard to please you. Why?

• Because of pressure from the Tenants Union. Help keep up the pressure in your company until negotiations are achieved.

A Tenants Union representative will be glad to visit you. Call us.
1528 SAB 763-3102

are your contact lenses more work than they're worth?

If you're tired of using two or more separate solutions to take care of your contact lenses, we have the solution. It's Lensine the all-purpose lens solution for complete contact lens care—preparing, cleaning, and soaking. ■ Just a drop or two of Lensine before you insert your contacts coats and lubricates the lens surface making it smoother and non-irritating. Cleaning your contacts with Lensine retards the buildup of foreign deposits on the lenses. ■ Lensine is sterile, self-sanitizing, and antiseptic making it ideal for storage of your lenses between wearings and between wearing periods. And you get a removable storage case on the bottom of every bottle, a Lensine exclusive for proper lens hygiene. ■ It has been demonstrated

that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and could seriously endanger vision. Bacteria cannot grow in Lensine. ■ Caring for contact lenses can be as convenient as wearing them with Lensine, from the Murine Company, Inc.
