FACULTY WISH PEACE.

Telegrams Sent Approving McKinley's Course.

Owing to the growing war sentiment in the national house of representatives several prominent members of the literary faculty conceived the idea of expressing the sentiment existing among them by a telegram sent to Congressman Spaulding and President McKinley. The following is the telegram sent:

To Hon. George Spalding,
House of Representatives,
Washington, D. C.

Dear Sir:—We, the undersigned, members of the various faculties of the University of Michigan, feel that the country is now passing through hours that are weighted with the most solemn issues to the American people. We beg leave respectfully to represent with all earnestness that we most cordially approve of the course that the president is pursuing, in regard to these questions, with a view if possible of finding a peaceful solution of the difficulties that weigh down upon us and of saving the country and the world the awful horrors of a war, if it can be done consistently with the national honor. We beg leave, also, to express the hope that you, as a representative of the people, will second to the utmost the efforts of the president in this direction.

The telegram was signed by President Hutchins and ninety-two other members of the various faculties. The committee were not able to see all the members of the different faculties, so they would probably have been able to secure more. There were only six professors who refused to sign the telegram.

Comedy Club Elect Officers.

At a meeting of the Comedy Club yesterday the following officers were elected for the ensuing year: President, P. D. Wagar; vice-president, Miss Florence Hall; secretary, Lafayette Young, Jr.; manager, Roy C. Woodworth. There was little contest over the offices, the elections being practically unanimous.

The club contemplates giving another production of "All the Comforts of Home" at the Athens Theatre during commencement week. The performance will be for the benefit of the graduates, the visitors and the alumni who may be here during that week. The management is already considering plans for the production, and an attempt will be made to make the performance the best ever given by an amateur company in Ann Arbor.

Athletic association election, Saturday, April 9, at 1:30 p. m., in Room C, U. H.

Lits Want Representation.

At a mass meeting of the literary department yesterday afternoon in Room 9, called for the purpose of finding the sentiment of the department in regard to the oratorical election tonight, the following resolution was passed:

"Whereas, the Oratorical Association of the University of Michigan, for its prosperity, upon the co-operation of both the literary and law departments; and

"Whereas, no system exists whereby just representation and rotation in the various offices of the Oratorical Board is secured to the law and literary departments,

"Be it resolved: That it is the sense of the literary department that a constitutional amendment should be passed embodying a rotation system whereby just representation of the officers of the association be assigned to each department."

In accordance with the above resolution, it is supposed that the literary department will offer some rotation scheme at the meeting tonight. Several laws have expressed their approval of the idea, and an attempt will be made to prevent any such proceedings as took place at the elections the past two years. The Lits do not mean to demand any offices, but merely intend to insist upon some fair system of representation. No definite ticket has been nominated by the Lits, but they have chosen two representatives, Mr. Rheinfrank and Mr. Hurrey, who will be put forward if any definite agreement can be reached. As the matter stands, the Lits claim, by the implied rotation, the right to president and secretary. The sentiment seems to prevail that some compromise will be reached.

Subscriptions for Bicycle Path.

The Bicycle Club is making an effort to put the path to Whitmore Lake in first-class condition, and has appointed a committee to solicit subscriptions. It is estimated that the path can be made better than ever for $100. Subscriptions may be left with any member of the committee, Messrs. H. G. Prettyman and Miss M. S. Brown, or left with Miss Goodrich, in the President's office.

A list of the subscribers will be printed in the Daily from day to day. The following is the list up to date:

H. J. Brown	$1 00

Prof. A. B. Hart, of Hartford, the noted historical student and writer, will give an address Friday evening in the lecture room of Tappan Hall, on some subject of interest to the students of history.

'Varsity Makes it Three Straight.

With colder weather than that of Friday or Saturday, and the usual snow storm as an accompaniment, the 'Varsity made it three straight from Bay City yesterday. The score was 2 to 1. Scott, of the 'Varsity team of '96, went into the box and did excellent work. In the five innings played only two hits were made off his delivery. McGee caught and did well. Wolf made the only fielding error and it was excusable. Both Matteson and Davies in the outfield played in good form, accepting every chance.

Clarke and Sullivan, both Fresh Medics, did Bay City's battery work.

In both the first and second innings Bay City went out in order. In the third, after two were put out, Clarke reached first on McGee's missing the third strike. Lowney's two-bagger to left put him on third. McKevitt hit sharply to Wolf, and while Lowney was being run down between second and third Clarke scored. In the fourth Royce singled and Pangburn got his base on balls. Conklin reached first on a fielder's choice, Royce being put out at third. A wild pitch advanced Pangburn and Conklin to third and second respectively. Then Housholder went to first on called balls. With only one out a score seemed certain, but a neat double play in which Scott, McGee and Condon took part, held the visitors safe.

Michigan scored in the first on two hits and a stolen base. In the third a hit, an error and two bases on balls scored another.

High School Beats Jackson High.

Ann Arbor High won from Jackson High Saturday 12 to 5 in a close and hard fought game. The grounds were sloppy and a sea of mud, and fumbling was common. During the first half Ann Arbor had everything its own way and made two touchdowns, Sims kicking goal each time. In the second half things changed and Jackson carried the ball down the field for a touchdown, failing goal however. Although the ball was in Ann Arbor's territory all that half one touchdown was all Jackson could make. Wheeler and Whyte did good work for Ann Arbor and Jones and Taylor for Jackson. This places Ann Arbor in the lead for the state high school championship.

One of the most interesting features of the approaching Y. M. C. A. fair will be the evening in practical electricity to be given under the direction of Prof. H. S. Carhart, of the University. The science of electricity is something that most people know very little about. In the hands of the expert it is the veritable magician's wand tipping all that he touches with gold, and marvellous in the giant labors it willingly performs at the beck of the master, Prof. Carhart's entertainment will be a novel one.—*Times.*

On Monday evening, Nov. 7, the University School of Dancing will open an advanced class. Admission for a single evening will be 50 cents a couple or tickets for the term will be issued for $4.

The Oratorical Association of the University has arranged dates with Henry D. Estabrook and George R. Peck, of Chicago. The association entertains a few celebrities every year. Those previously entertained include Chauncey M. Depew, Mills, Rhea, Booker T. Washington and Joe Jefferson.
