'Varsity's Practice Will Be Secret.

The coaches spent all their time yesterday afternoon in trying to get the men to play fast ball, and to a certain degree succeeded in their efforts. In the practice the backs got started quicker than they have before, this season and the play was fast. Villa and Henninger were out and assisted in the coaching and Jimmie Hogg, halfback and captain of last year's eleven was also out and expressed himself as being very gratified to see the quality of football the men were putting up.

Caley was not out as his shoulder is still troubling him. Steckle did not line up on account of his ear which was torn in last Saturday's game. Snow is steadily improving in his punting and made three punts of 45 yards each in the practice. Neither side succeeded in scoring a touchdown, although the 'Varsity scored a safety. For the rest of the week the 'Varsity will have secret practice and there will be no admittance to the field except to players. The team will leave for Evanston next Friday morning at 8:13 o'clock.

The players lined up for practice as follows:

VARSITY.		SCRUBS.
Cunningham, Brown	c.	Oversmith
France	r. g.	Allen
Dye	l. g.	Kramer
White	r. t.	Howell
Avery	l. t.	Larson
Snow	r. e.	Richardson
Bennett	l. e.	Hicks
Ferbert	q.	Mohr
McLean	r. h.	Gansbow
Widman	l. h.	Baldwin
McDonald	f.	Malone

Praises Chicago's Work.

Walter Camp, who attended the game at Franklin Field last Saturday to see how the westerners compared with Pennsylvania, made the following statement in his criticism of the game. "Chicago excelled and was the stronger behind the line. Herchberger's work was fine and he has no equal as a kicker on the gridiron today, either in the east or west." Harry Williams, a star halfback of the famous Yale team of 1890, said after the game: "Chicago has every reason to be proud of its team, for it outplayed Pennsylvania at every point during the first half. Chicago's touchdown was earned by straight, hard football. The circling of Pennsylvania's ends by Chicago's halfbacks was the best I have ever seen done against the Quakers. Pennsylvania's touchdown during the first half was almost a fluke, as there were but twelve seconds left to play. Herschberger's kicking was the best I have ever seen on Franklin field."

Homeop Election

Class '01 Homeops held their annual election last evening resulting as follows: Pres., O. R. Bradley, Toronto, Can.; Vice-Pres., Miss Scott, Mass.; Sec.-Treas., Rowley, Mich.; Athletic Mngr., A. R. Moore, Vt.; Program committee, E. C. Dunning, Mich. The class will hold regular monthly meetings the first occuring Friday, Nov. 19th.

Sol. Coolidge, '98 E., was in town from Detroit Saturday.

An Extra of the Daily.

Ever on the watch to supply the student body with fresh and accurate news, the DAILY has conceived the idea of publishing a 6 o'clock extra edition Saturday, Nov. 5, giving a detailed telegraphic account of the Michigan-Northwestern game at Evanston. This is the first time in the history of the DAILY and, to our knowledge, the first time in the history of college journalism, that an edition of this kind has made its appearance.

The circumstances surrounding the game next Saturday make it especially desirable that the news reach here promptly. The larger number of the student body will be unable to attend the contest in person, yet as a means of comparing Michigan's strength with Chicago's, the game is of great importance and the DAILY means to give the students the *first* complete account and this, one hour after the last whistle has sounded.

The score by halves will be received and posted at once on the DAILY bulletin board at Regents Field if a game is in progress there; if not, in some other conspicuous place which will be announced later. The DAILY will be in telegraphic communication with its representative on Sheppard Field and will print TWO COLUMNS of telegrams direct from the scene of battle. The paper will not be delivered, but will be sold at 3 cents per copy. A limited number will be issued and to insure getting one leave name and amount at Myers, Millers, or Stoffel's newstand.

Department Debating Finals.

The Debating Board met last night to make arrangements for the final debates. They expected to receive the question for debate with Pennsylvania, but were disappointed. The question will however be announced soon. The department finals will be held next week, the Alpha Nu-Adelphi debate taking place Monday eve, and that between the Webster and Jeffersonian societies, on Tuesday eve. Both will be held in Room 24.

The Webster debaters are Geo. Kingsley, F. D. Eaman, and Chas. Simons, and those of the Jeffersonian are S. Sanger, Cloud, and Cole. The Alpha Nu will be represented by E. Rheinfrank, A. R. Wistrand, and G. A. Ohlinger, and the Adelphi by L. Young, W. B. Harrison, and C. D. Hurrey. The judges for these contests will be announced later, as will also the date for the final debate.

Upon the direction of the American Association for the Advancement of Science, Prof. Patterson and Dr. Guthe of the University, during the past year made a redetermination of the ampere, the result of which is of the greatest importance, being reported to the association by Prof. H. S. Carhart, secretary of the committee. The *Electrical World* of Oct. 22 devotes considerable space to a review of the matter and its importance.

"Bob" Larned, '98, of Lansing, attended the alumni game.

Trophy Room Finished.

The trophy room in the Gym. has been fixed up, pictures have been hung, etc., and everyone is cordially invited to step in and examine it. The trophies as yet are few in number, but they will come in gradually and in time the University can boast of a trophy room such as any eastern college would be proud of.

The room has been furnished with a new set of chairs, tables and mahogany cases, and presents an attractive appearance. Great credit is due Football Manager H. B. Potter, who has worked hard and consistently in raising the necessary funds, obtaining trophies, pictures, etc. He has been aided in his work by various members of the Athletic Board.

The U. of M. Whist Club.

The old members of the U. of M. Whist Club are making strenuous efforts to add to the club rolls the names of as many students as possible interested in whist. About 30 old members have returned to college and already 12 new men have been elected to membership. It was decided at the regular meeting Thursday night to extend a general invitation to all students in the University, interested in whist, to attend the next regular meeting in the rooms of the Masonic Club on State street next Thursday evening. All who accept the invitation will be given an opportunity to play with the club that evening and applications for membership will be received from all who desire to present them. It is not necessary that applicants be experts in the play of whist though it is desirable that they possess some knowledge of the game. One of the prime purposes of the club is to study and acquire proficiency in whist as a scientific and delightful means of recreation, which fact presupposes a capacity for development.

The rooms of the Masonic club have been secured for the year, during which meetings will be held every Thursday evening. Competition for places in the annual tournament begins from the first meeting, it being arranged that only teams of highest scores will be eligible. At Thursday night's meeting the top scores were made N. and S. by Flansburg and Ellsworth, E. and W. Smith and Thorsguard were tied with Lowe and D. T. Jones.

TEAMS STANDING.

1	Ellsworth and Flansburg	+ 9
2	Miller and Murrell	+ 8
3	Lowe and Jones	+ 6
4	Smith and Thorsguard	+ 6
5	Montgomery and Fisher	+ 6
6	Cramton and Watkins	+ 6
7	Robison and Babcock	+ 2
8	Mandelbaum and Verdier	0
9	Marshall and Phillipson	— 2
10	Storms and Sinover	— 8
11	Danforth and Danforth	— 9
12	Anderson and Leas	—11
13	Coon and Felker	—11

A bulletin board has been placed in the hallway leading to the basement of the Gym, on which notices to football men, class teams, etc., will be placed and will supply a long felt want.
