VOL. IX, No. 149. ANN ARBOR, MICH., TUESDAY, APRIL 25, 1899. THREE CENTS

G. H. WILD CO.

Will announce that we have now received our Spring and Summer Woolens. Our stock for the incoming season is the largest we have ever shown, is exclusive and confined, in both foreign and domestic goods, and is composed of the best fabrics in every line that can be obtained. We carry the largest line of Woolens in the city. We invite you to call and inspect the same.

G. H. WILD CO.,

108 E. Washington St,

ANN ARBOR.

Warranted Cutlery.

We have just received a fine line of High Grade Razors and Knives, fully warranted, and we sell them right too. See our window.

WILDER'S PHARMACY

Open Day and Night.

During the rest of the college year we will serve lunches at all hours, day or night. Full line of Pipes, Cigars, and Tobacco.

EXCELLENT WORK.

'Varsity Baseball Team Had a Most Successful Trip.

The 'Varsity team returned from its annual spring trip Saturday evening after one of the most successful trips ever recorded in Michigan's athletic history. Four college games were played on the trip, Michigan winning three of them losing the fourth by a narrrow margin. Two games were played with the Milwaukee Western League team which the professionals won easily they being far above the class of Western college teams. Michigan has the satisfaction however of making as good a showing against the Brewers as did either Wisconsin or Chicago in their games with the Milwaukee team.

The team left Ann Arbor Friday, April 14, going direct to Champaign. The following men were taken: Catchers, Lunn and Mohr; pitchers, W. C. Miller, Lehr, Yale; Snow first base; Taylor, 2nd base; Wolf, s. s.; Flesher, 3rd base; Davies, McGinnis and Sullivan fielders. Director Baird, Coach Clark, Student Manager Emmons accompanied the team.

At Champaign a heavy shower occurred just before the game was called and the field was made a sea of mud, rendering the game impossible. The team spent Sunday in Chicago and met the Milwaukee League team Monday and Tuesday. The professionals were entirely too strong for the 'Varsity winning the first game 15–0, and the second 18–1. The Michigan team was unable to hit the Milwaukee pitchers while their opponents found little trouble with the 'Varsity twirlers. Lehr and Yale were in the box for Michigan Monday while W. A. Miller and "Ikey" Clarke were on the slab for the 'Varsity the second game.

The practice at Milwaukee did much for the team and they were in much better trim when they met the fast Beloit nine at Beloit Wednesday. Guy Miller who had been laid up with a lame shoulder joined the team there pitched the game and although Beloit hit him freely he kept the hits well scattered and aided by almost perfect fielding Michigan had little trouble winning by a score of 4 to 1. The tabulated score:

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
Michigan	1	0	0	0	3	0	0	0	*	4	8	2
Beloit	0	0	0	1	0	0	0	0	0	1	10	3

Batteries: Michigan—Guy Miller and Lunn. Beloit—Adkins and McMaster. Two-base hits—McGinnis, Wolf, K. Brown. Three-base hit—Snow. Double play—Wolf, Taylor and Snow. Stolen base—McGinnis. Struck out—By Miller 6; by Adkins 4.

The team then went to Madison, Wis., where they met the strong University of Wisconsin team Thursday and Friday. The first game was very close, Michigan losing 6 to 4 through her inability to hit Jackson to advantage. Lehr started the game but on account of a lame arm was replaced in the third inning by Yale, who pitched a steady game from then on. In the ninth the bases were full with no outs, but the next three Michigan batsmen could only pop up easy flies. The score:

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
Wisconsin	0	0	3	0	1	0	2	0	*	6	9	8
Michigan	1	1	0	0	0	0	2	0	—	4	6	6

Batteries—Wisconsin, Jackson and Hensel; Michigan, Lehr, Yale and Lunn. Two-base hits—Taylor, Yale. Three-base hits—Wolf, Baer. Double play—Flesher and Wolf. Bases on balls—By Lehr, 1; by Yale, 4; by Jackson, 3. Stolen bases—Hensel, Ball, Jackson. Struck out—by Lehr, 1; by Yale, 3; by Jackson, 3. Umpire—Tyndal.

Guy Miller was on the slab for Michigan the next day and had Wisconsin at his mercy while the Michigan batters hit the ball at will. The Michigan men were full of ginger and ran bases and fielded like professionals. The Wisconsin men showed complete reversal of form. The score:

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
Michigan	0	2	5	3	0	7	0	4	*	21	19	1
Wisconsin	0	0	0	0	0	1	0	0	—	1	4	7

Batterier—Michigan, G. Miller and Lunn; Wisconsin, Fairman, Baer and Hensel. Three base hits—McGinnis, Snow, Lunn (3). Double plays—McGinnis and Snow. Bases on balls—By Miller 3, by Fairman 2, by Baer 5. Stolen bases—Lunn, Sullivan, Taylor 3, Miller 2, Wolf 3, W. Miller 1, Davies 2, McGinnis 3. Struck out—By Miller 8, by Fairman 1. Umpire—Tindall.

At Notre Dame Saturday the team went up against a tough proposition and it was only only by the sharpest kind of playing that Michigan pulled the game out of the fire after Notre Dame had secured a lead of three runs. Guy Miller was again in the box and kept the Notre Dame people guessing all the while. Michigan's two errors were made by Sullivan, who had taken Wolf's place at short, the latter having split his thumb the previous day. His unaccustomed position accounted for the errors. The score:

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
Michigan	0	0	0	1	1	0	0	3	0	5	7	2
Notre Dame	0	3	0	0	0	0	0	0	0	3	4	7

Batteries—Michigan, Miller and Lunn; Notre Dame, Gibson and O'Neil. Two-base hit—McDonald. Three base hit—Fleming. Double play—Farley, O'Neil, Donahue. Bases on balls—By Miller ,1; by Gibson, 2. Stolen bases—Wolf, Snow, Donahue. Struck out—By Miller, 12; by Gibson, 6. Umpire Jones.

A small crowd of students met the team on its arrival in Ann Arbor Saturday night. The team had light practice yesterday, Coach Clark paying special attention to the batting. The team expects a hard game Saturday, when they meet Illinois on the home grounds.

NOTES ON THE TRIP.

For the first time in years the trip was a financial success, a small sum being cleared over expenses. This was due to the careful management of Director Baird, who will endeavor to make the entire season a financial as well as athletic success.

The team was lamentably weak at the stick during the entire trip, this being due probably to the lack of preliminary practice. Sullivan was the steadiest hitter on the team, making from one to three hits each game. Lunn had his batting clothes on in the second Wisconsin game, making three three-base hits and one single.

Much credit is due Guy Miller for his remarkable work in the box. After pitching a hard game Friday he pitched against Notre Dame Saturday and held them down to four hits. Yale showed up well in the two games he pitched and evidently has the making of a pitcher in him.

The team was treated with the utmost courtesy everywhere and met with no jeering at any of the grounds. At Madison the men were royally entertained, being accorded the full privileges of the gymnasium and were treated to a tally-ho ride about the city.

Track Work.

During the vacation many of the candidates for the track team remained in town in order to continue their training. These men have not been disappointed, for the weather during last week was all that could be desired. Outdoor work commenced in earnest under the most auspicious circumstances. About 75 men went to the track daily and some of these, the distance runners and walkers, went twice a day. It is expected that during this week and the next the number of candidates will be increased to over 200. Few of the men have been timed as yet, but commencing this week they will be frequently timed so that they will learn to guage their running. Director Fitzpatrick is out at the field daily from 2:30 to 3:30 o'clock. Hereafter because of the large number of candidates it will be necessary to have certain hours for coaching each event. Those coming out for practice will save time by reporting at once to Mr. Fitzpatrick, who will assign them hours.

The first out-of-town meet will take place in Milwaukee, against the University of Wisconsin. The baseball team report that the Wisconsin track team have been training daily, and are now in good shape. They have already held home meets. The meet at Milwaukee will take take place on the 20th of May, thus giving our team from now on but three weeks to train. This fact will probably open the eyes of some of the prospective track men who did not remain over during vacation. Trainer Fitzpatrick is arranging for a meet to be held on the 7th of May, and has scheduled the 'Varsity meet for the 13th of May. Training table will start on the 1st of May.

The bicycle men have been doing road work during vacation, and are expected hereafter to report to Trainer Fitzpatrick and learn the daily work they will be expected to do. The team is very deficient in good weight men. There are plently of good men in school, but they have not yet appeared for practice. This announcement will no doubt bring them out.

Band Meeting.

There will be an important meeting of the Band at 7:45. It is important that there be a full attendance. E. P. DEPONT, Mag'r.

Prof. M. E. Cooley spoke at a banquet of the Detroit Engineering society last Friday evening.

The subscription price of the DAILY is $2.50 for the college year, with a regular delivery before noon each day. Notices, communications, and other matter intended for publication must be handed in at the DAILY office before 8 p. m., or mailed to the editor before 3 p. m. of the day previous to that on which they are expected to appear.

Subscriptions may be left at the DAILY office, Meyer's, or Stoffel's newsstand, or with Business Manager. Subscribers will confer a favor by reporting promptly at this office any failure of carriers to deliver paper.

All changes in advertising matter must be in the office by 4 p. m. on the day previous to that on which they are to appear.

IN CHARGE OF TODAY'S ISSUE
C. D. COOL.

On May 1 and 2 Admiral Schley, Capt. Bob Evans and Gens. Merritt and Shafter will be in Detroit to take part in the exercises to be given there. An effort should be made by one of the University organizations to bring one or all of these men here to speak. It may not be possible to secure all of them, but there is every probability that one of them could be induced to come. There is no more sought audience than one at a university, and the Michigan platform stands pre-eminent among these. In spite of the shortness of the time, quick, energetic action should succeed in bringing these men to the University.

The baseball team deserves great credit for its work on the spring trip. Out of four college games played three were won, and a very creditable showing made in the fourth. The team succeeded in winning the last game on the trip, against Notre Dame, which has of late years usually been lost. The team has now given evidence of what it can do and there is every reason why good support should be given at the home games in the way of attendance. The 'Varsity is playing winning ball, and has a good schedule of home games, so that every lover of baseball ought to buy a season ticket and attend the games.

Attorney-General Oren has given his opinion on the quo warranto proceedings to test the eligibility of Mrs. Merrie Abbott to be prosecuting attorney of Ogemaw county. He decided that she was ineligible. Mrs. Abbott will probably contest the decision in the courts.

About 20 of the junior and senior engineering students will leave for Carp Lake, Leelanaw county, May 20, to go into camp for practical work. This has been the annual custom since 1874. The Carp Lake district is favored for the engineering difficulties which it presents. The expenses of Prof. Davis and four assistants are borne by the state, while the students have to pay railroad fare, etc.

Wireless Telegraphy.

Considerable work on the problem of wireless telegraphy has been done here at the University, Dr. Trowbridge having exhibited an appliance before the emperor of Germany two years ago. The device of attaching to the two stations an elevated metallic pole, has now greatly simplified the problem, and it was stated that the distance through which the apparatus can be used is only limited by the necessity to elevate the metallic poles to such a distance as will overcome the curvature of the earth's surface.

Among all the states, the invention is of special interest to Michigan, surrounded as she is by water. It will not be necessary to lay cables across the Straits of Mackinac. Grand Haven can communicate directly with Milwaukee across the lake instead of by land wires by way of Chicago.

Prof. Carhart and his assistant have been experimenting every day during the vacation and have obtained some very satisfactory results. At first messages were sent from the physical laboratory to the chemical building and later to the gymnasium.

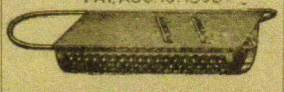

It is reported that in about a month Miss Mildred Weed, ex '98 of Detroit and Mr. E. P. Goodrich, 97 E., of Ypsilanti, will be married at the home of the bride's parents.

The bill to raise the University tax from one-sixth to one-fourth of a mill has passed the Senate.
